SUNY Oswego Creative & Scholarly Works

Donated to Penfield Library

March 2018 – March 2019

## **About Display to Archives**

The Display to Archives program is Penfield Library's ongoing effort to collect, recognize, exhibit, and promote access to the creative and scholarly work of SUNY Oswego's faculty and professional staff.

Faculty and professional staff donate copies of their recently published professional work, or the programs or reviews related to their recitals, exhibitions, theatre productions, or other creative activities. After donated materials are exhibited in the Penfield Library lobby, they are added to the College Archives, where they are available for student and researcher use.

This bibliography presents the creative and scholarly achievements of the SUNY Oswego faculty and professional staff who donated materials to the Display to Archives program since the previous bibliography.
