MINUTES

The 16th meeting of the 25th Legislative Session was called to order at 6:05 p.m.

The roll was taken with the following senators absent: Ken Kolton, Paul Westfall, Paul Frazier (with proxy), Susan Aldrich, Kathleen Rowse, Stephanie Boyd (with proxy), Trenice West (with proxy), Ron Williams and Ted Bunce.

The minutes were approved with no changes.

The agenda was approved with no changes.

EXECUTIVE REPORT

Dan Murphy: Dr. Thompson of the Health Center came and gave a breakdown of the \$3,000 that SA donated to the AIDS Taskforce. Some of the money went to honorariums, posters, tee shirts, and speakers. They are not asking for any more money since the majority of the money went to speakers and the speakers were not well attended. GALA will be presenting something on the patch quilt December 1. A recent graduate of Oswego died of an AIDS related death. On November 16 there will be a teleconference. Tuesday at 9 a.m. are the meetings for the AIDS Taskforce at the Health Center.

The search for a Public Safety Chief, and the interviews, are over. We now must offer someone the job.

Black solidarity day was a great success.

There was a large turnout for the Forks-In-The-Road-Forum. Various speakers were present and it went very well.

There was a pro-choice rally and forum today.

Finance will speak later.

I was supposed to meet with Mike and Dr. LeFloor but they were not around to talk about the plus/minus situation.

there was a rumor going around that someone started a petition because they were dissatisfied with the way SA allotted money for trips. Ruth Taylor was the woman. She did not want here SA money to be spent on certain trips. She wanted a choice as to where her money was being spent. She cited three fundings that she felt were immoral. We encourage Ruth to come to SA or Dan and to talk to us.

Athletics is now funded for \$220,000 by SA. Because of NCAA rules the money must now go to the bursars office IFRA. Michelle, Dan, and Emilio sit on the IFRA committee. We no longer will have control over how the money is being spent. A possible solution is to have a mandatory athletic fee. We could lower the SA fee and implement an athletic fee. As of January 1 we must give over power of the money.

Dr. Button: How many students sit on the board? Five.

Chris Hallen: It is our decision to decide on athletic fee?

Yes.

Cindy Wyffels: How many students are athletes? 300-500.

Emilio Dorcely: Mike Flarherty of Auxilliary Services came and spoke, about what Auxilliary Services offers. They offer two scholarships. One is for students who serve the community (deadline, March 3) and the other is for an employee of Auxilliary Services who does a good job. There are a couple of each type given oput and they are worth about \$400-\$500. They are thinking about purchasing used Centro buses from Binghamtom instead of the yellow buses because they can hold more people. he also spoke about project 2000. Questions as to where an extra yellow bus would be added and the mark up on text books were also answered.

There is a bill next week for the SA newsletter. We will have two editors who will be paid to type the articles and do the postings. Emilio explained how he arrived at the figures for the newsletter. Senators will write one or two paragraphs. Emilio wanted this to be separate from The Oswegonian but it is the same size as it.

Annexation Forum Thursday, November 16 at 7 p.m. in the Hewitt Union Ballroom.

Monday and Wednesday, November 13 and 15 are Exchange Days. Lunch on Monday and dinner on Wednesday. Read the article in The Oswegonian.

Please report attacks and harassment to Public Safety.

FINANCE REPORT

Michelle Pettit: The Personal Safety Taskforce has decided to breakdown into smaller sub groups so if you are interested in joining part of the committee you now can. It meets at 8 a.m. in 711 Culkin.

Howie's doing well half of the SA tickets are sold.

The IAB has come before us. Many things need to be changed. We have no control over how the money is spent once it goes to the IFB. I am afraid people will not know what is going on. Between now and November 21 I will know more. Perhaps an athletic fee should be considered. I fear a lack of continuity. There will be no auditing control.

COMMITTEE REPORTS

Finance: Nothing set in stone about the trips. We have a formula but no examples. In two weeks something will be written down.

Rules: Meeting 5 p.m. Union.

Environmental: No meeting.

Elections: Nothing.

Student Services: No meeting. Meet at 5:30 next week after this.

Annexation: Talk it up!!!

College/Community Relations: Sheet is going around for car pooling. Meet at the main entrance of Hewitt Union at 11:30 a.m. and 6:15 p.m. You will get a certificate. Sign up to sit with the alderman of your choice for dinner on Wednesday. Members meet after this.

The roll was taken with the following senators absent: Tim Grosse (with proxy), Jenn O'Connor (with proxy), Michael Tadros, Kathleen Rowse (with proxy), Cindy Wyffels.

EXECUTIVE REPORT

Dan Murphy: Dan thanked the mayor and the aldermen for lunch and the tour. There was excellent media coverage! We now have a better understanding of each other. The mayor spoke about his days at Oswego and how he ran for President of the Student Association and how he lost.

Governor Cuomo requested that all state agencies cut 2% of their budgets. \$175,000 must be cut now. Cuts may take place in the library. We do not have any final figures yet. Lobbying must take place in 1990. We must fight for our funds.

Residence Life and Housing has agreed to pay half of the Sunset Inn Bill. The Student Association will have to pay \$2,300 if the bill is passed because some additional cuts were made.

Recommendations for Director of Public Safety have been made and it is now up to President Weber to make a decision. Next week we will announce who has been chosen.

Brian Dean, the Assistant Justice of the Court, announced that two members of the court may be leaving. There were a few new clubs that will come to campus. More information on how clubs can become an organization.

Paul Austin said that the retreat last week went very well. The channels of communication have been opened. There will be an increase in cooperation. A 1990 GEO will be given away at one of the basketball games. Various shots must be made. Pizzas and gift certificates will also be given out. Everyone come and get involved!!!

Miss-A-Meal will go to United Way. We have a goal of \$4,000. We need to involve the Greeks and the off-campus students. It will be held on December 7, 1989. Sign ups begin on Monday at lunch.

Emilio Dorcely: There is a blood drive taking place right now. There is a bill submitted by the Red Cross. Tricia Bell came and spoke about a dorm war, where the dorm with the most blood donors would receive a monetary award. A fee for each dorm would be required. Sign ups are in Hewitt Union, from 10-3. There is a shortage in Central New York.

During the Holiday Season, people are more prone to accidents. Please support them.

Dr. Button talked about reducing prejudice or biased remarks. Students can sign a document that says they are against any of these remarks. They will wear an armband. This event will take place after Thanksgiving break and before the Holiday break.

We will need two editors two times a year to work on the SA Newsletter.

There will be an annexation forum on Thursday at 7 p.m.!!! It will be held in the Ballroom and students will be able to find answers to their questions. Students could have a positive affect.

Rules: Passes.

Sponsors: Zel Elvi, Abner Jean Pierre.

Finance: Passed in the Finance Committee with the half contribution from Residence Life and Housing.

Zel Elvi: Yields to Aram: We have reduced the bill and made cuts. Anyone can use the Sunset Inn. I would like to see a formal ammendment made for the total.

Abner Jean Pierre: The bill speaks for itself. It is the responsibility of the College to promote non-drinking activities.

Dan Murphy: I encourage a senator to make the friendly ammendment that Aram spoke of. There has been a problem at the forks in the road. There really aren't any good forms of entertainment on this campus. The commitment must also come from Residence Life and Housing. If the Chancellor of SUNY can recommend this as one of the top 10 places to go, than we should support it. This is a fixed asset. All of the equipment is portable. There is a great dedication from Aram. He has put a lot of wear and tear on his equipment.

Stephanie Boyd: There is no other type of place like this one. SA is responsible to provide a place like this.

Scott White: Friendly ammendment to change the totals to \$42,256.95 and all the lines be changed accordingly. This place offers many alternatives with a friendly atmosphere. I don't want to let this die.

Paul Westfall: Motion to Question.

Bill #36 passes.

Bill #37

Kevin Wallace: The goal of the newsletter is right on target 100%.

Laurie Horoschak: My constituents felt that people do not pick up the perspective.

Ed Cohen: Friendly ammendment to loose \$204.00 from the bulk mail. Change from \$220.00 to \$200.00 for 4 pages insert in The Oswegonian it would cost a total of \$500.00. Also change to one semester, and from 8000 to 6000. If it is good, than we can do it again next semester.

Ken Koltun: Call to question.

Vote to pass Bill #37: 22Y, 2N, 0A.

ANNOUNCEMENTS AND PUBLIC COMMENTS

Emilio Dorcely: I hope everyone will get involved with the letter. Thanks for those who are active. The judge will be the senators to see how well it went. Think about your issue.

Dean Wassenaar: I hope the Senate will support the Blood Drive. Giving blood is an essential way to give to mankind. These questions will help to shed some light on annexation.

Brenda Joseph: PPB is happy that Howie and Ronney Ronn went so well. December 2 is Shanghai.

Tom Lonquist: Lawrence of Arabia is the movie tonight and it is free for SA members.

Angela Natoli: Has the on-campus attack situation been solved? Has the person been apprehended? There is a real concern about campus security and people are really afraid.

EXECUTIVE REPORT

Dan Murphy: Next week there will be a state of the SA address and it will be a long meeting.

Dr. Scharfenberger and Dan submitted Resolution #9. Jim Smith is the sponsor. There are many biased related incidents on campus. Monday through Wednesday students will be asked to sign an agreement stating that they are against biased related incidents. Tables will be set up in the Union. It is necessary to tell your friends that these incidents do not belong on this campus. This also includes the faculty and staff. Consider your personal commitment. Workshops will be held later in the week. President Weber will be giving an address this Saturday. In the Lead Center tomorrow student leaders can sign up early.

Hugh Oyer passed away over the break. He was from the Telecommunications Department. He will be missed by many. A moment of silence was observed in his memory.

Miss-A-Meal will also be asking clubs and organizations to donate money as well as the Greeks and off-campus students. Dan will be in various residence halls to sign you up! We have a goal of \$4,000.

We have a new Director of Public Safety, Tom Ryan. He has worked in the college community as well as in the city. He can help with college/community relations. We originally offered the position to a female. Congratulations to Tom. Tom Ryan: Public safety is a campus-wide issue. I will be asking students and staff to advise me on the various biased related incidents.

Emilio Dorcely: In the packet is a list of options for the calendar year.

Black History Month is coming up. We would like to invite, the minister, Louis Farrakhan, to speak at Oswego. We do not have a date. It will cost \$7,000. The Black Student Union will make a contribution. A tape of the minister was played.

Paul Austin: A 1990 GEO Storm will be given away at one of the home basketball games. Five hundred people came to the last game. They are playing really good ball. Mention this to your constituents.

Jim Smith: Everyone should be in favor of this. On a college campus everyone should be comfortable here. As student leaders we must take initiative.

MINUTES

The 19th Meeting of the 25th Legislative Session was called to order at 6:16 p.m. The roll was taken with the following senators absent: Mark Jackson, Ken Daus, Matthew Cullivan (with proxy), Kevin Wallace, Angela Natoli, Kathleen Rowse, Stephanie Boyd, John Doherty, and Dean Wassenaar.

The minutes were approved with no changes.

The agenda was approved with no changes.

EXECUTIVE REPORT

Rick Colenda: He talked about the Resident Life and Housing budget for next year. The 1990-91 budget was dealt with in the summer and the hearing has gone through the President's group. The budget was taken to hall council last night but the college administration has not seen it. The budget is being looked at line by line. The preliminary budget has been constructed. They have been looking at the following things for the past two weeks: 5% inflationary estimate, 7% increase for regular services, increase in temporary services, \$8.3 million is the bottom line which would lead to a \$60 room rent increase per semester, \$100,00 added for special projects \$27 000 added to charge for operation, increase in DA positions to \$2.75, \$200 increase in room rent still keeps Oswego the lower of all schools. They have a contract with the Union that promises a wage raise every year. Money is needed to keep the building as well as to provide programs for students. We will be getting feedback from various groups as well as a decision on January 5.

Mike Giardena: The plus/minus system was discussed. If it is passed everyone must use it. Emilio suggested to have all senators have one written up and for people to vote on it.

Dan Murphy Talked about SA and how he saw a void in leadership and filled it. PPB deserves credit and recognition for a great job although they had problems last year. What has SA done 2 radio stations are on this campus, budget campaign, the parking fee was postponed, improved media organization (WOCR, WTOP) upgraded The Oswegonian. These investments needed to be made. We have had problems with the forks in the road but we have worked with the mayor and the common council. I am proud of the executive branch and think Emilio has done an excellent job. We have increased minority relations. We still have a lot of work to finish. This work includes: AIDS information, Blue Light System, to fix the rumor of the murder/rape. He is pleased with SA's progress to make a better future for all of us. Monday, Governor Cuomo will visit the campus and take a tour. He will be speaking for an hour and a half in the Hewitt Union Ballroom, beginning at 11:30 a.m. There will be a question and answer session.

What needs to be done tonight about Farrakhan: financial issue- Dan thinks we should adhere to BSU's decision on who to bring to represent Black History Month and respect those that may be affected by the things that he says.

Senators are expected to: think before you speak, respects other's opinions, do not feel pressured to vote either way. He urged senators to follow parliamentary procedures and against tabling the bill because this will defeat the bill and we should take the responsibility to make a decision tonight. He discouraged an executive session because he felt this is not the time and place for cession. When someone yields to someone else, respect them whether they are students or not. He urged to give Emilio credit for everything he has done for this event. He has new financial ideas tonight. Dan hopes good comes out of this and that he is behind the senators either way.

Emilio Dorcely: A vote was taken for the calendar option
Vote for option A: 20Y, 0N, 2A.
Bills #41, #43, #44 are on Special Orders. Paul Westfall sponsors Bill #43 and #44 and Trenice West sponsors Bill #41.

Tonight we will talk about Farrakhan and security for him. He wants a friendly ammendment that many organizations are contributing money and that 70% of the speakers fee pays \$4,900 and SA pays \$1,260 total. He hopes people make the decision for the right reason. He does not want it to be tabled either. He has put a lot of work into this bill.

FINANCE REPORT

Michelle Pettit: The Oswegonian badly needs new equipment (Bill #45).

The fund balance was talked about. We have a balance of \$175,000

and approximately \$5,000 flexibility for the remainder of the year. I am comfortable about tabling Bill #40.

The rumor of the rape/murder was confirmed false.

Greg from Winterfest was introduced. Winterfest will be held February 8-11. Greg will come to the first meeting next semester for the budget.

COMMITTEE REPORTS

Finance: Will speak on bills as they come up and would like to take the Parent's Weekend Bill off the table.

Elections: Ken Koltun needs help!

Rules: Speak as they come up.

SPECIAL ORDERS

Bill #41

Sponsors: Zel Elvi, Mike Tadros, Abner Jean-Pierre, Walliang Rosene.

Finance: Passes on what Emilio said earlier.

Rules: Passes.

Zel Elvi yields to Jamal: I urge you to read the article on Farrakhan to determine whether or not he is anti-semitic or not. He pointed out that Farrakhan was here in 1977 and at other colleges. Be open to new ideas and ways of thinking. Develop your own ideals.

Zel: Five people showed up to the movie, where was everyone? Farrakhan is coming to educate us and not to cause fights. He brings people together.

Mike Tadros: yields to John Raspberry: I am glad to see everyone here. There should be two sides heard tonight. A rabbi is coming here. Both sides should be heard to cure ignorance. He stressed to us to learn about other's culture and to bring Louis Farrakhan here.

Mike: I agree with Zel in that more senators should have shown up for the movie on Sunday to learn. I have talked with anti-semitics and semetics. I speak in favor of this bill. We will defeat the purpose of freedom by not allowing him here.

Abner Jean-Pierre: yields to Rasul Dawson: He was disappointed in the number of senators and whites there. Why is everyone here tonight and not on Sunday? More can be understood about Farrakhan's talk of white devils if they were at the movie. He will raise controversy if he comes.

Walliang Rosene: Yields to Ron: We need to cater to all different groups here at times. This will be an experience for all for Black History Month. He has been labeled and most is due to ignorance. Many people have learned from listening to Farrakhan. We choose what we want to listen to.

Chris Hallen: Friendly ammendment to change the breakdown of funds. Speaker fee would be the same SA speaker would pay \$4,900 BSU the same the new SA total would be \$6,160. This is accepted. He thinks Farrakhan will be a positive experience for Oswego. He had questions and researched and does not agree with everything Farrakhan says. Bias is a problem here and this could help.

Ken Koltun: Yields to Sean Koppelman: He has not heard the man speak only goes by what he has read from the SA packet. He does not support the Farrakhan visit. He feels BSU should seek private funding.

Ken Koltun: I researched Farrakhan and listened to part of the tape. I oppose the bill.

Jim Smith: I used to select lectures for PPB and I look for people who will speak about things that we have not already heard about. He would enlighten many by coming. When many can't offer us anything, Farrakhan can.

Ed Cohen: yields to Jessica Gold: I have attended SU and I have heard Farrakhan. Security should be stressed and Oswego's security should be used as opposed to Farrakhan's men.

Rabbi Rapport: Five minutes segments of Farrahkan speaking.

Ed Cohen: Says Farrahkan preaches hate and says he's anti Jewish and maybe even anti white. He says Farrahkan considers Jews as a "gutter religion".

Dave Shultz: Emilio and Dave have done a lot of work on this. They put together a packet from different newspapers. Most of the authors are Jewish. These are unbiased publications. He tried to be fair and couldn't find a lot of positive articles on Farrahkan in the library. Dave read some of the articles. Everyone has the right to speak. He things a contribution to this man is wrong. Farrahkan divides people and doesn't bring them together.

Ron Williams: He has talked to many residents and said many senators presented Farrahkan in a negative manner. Senators should be objective, they are primarily white and represented in Oswego, and if we say no this is racist.

Mark Jackson: Yields to Rich Morales: This is a serious issue. Many reasons have come up to not let Farrahkan come. Many are afraid and that's why they don't want him to come. He doesn't believe Farrahkan is a racist. If Farrahkan comes, I hope racism will be alleviated. I don't want people to be afraid.

Mark: Louis Farrahkan is a separatist and a better lecturer could have been found. This is separating all of us.

Trenice West: Yields to Kandice: My senator let the constituents express their own opinions. This is how a senator should address the subject. Farrahkan coming would promote the subject of racism and get people to think. Not everyone wants Farrahkan here, because people are scared, but we should be afraid of what might happen if he doesn't come.

Trenice: The reason for anti-bias week was to promote harmony. Farrahkan will come to educate and we are intelligent enough to make our own decisions on what he says.

Ted Bunce: I have heard Farrahkan speak. Farrahkan is pro-black. Are we afraid of what this man has to say? He wants to find out by bringing him here.

Tim: Yields to Jeff Glove: It is necessary to stick to the subject. Farrahkan violates religion and isn't this against anti-biased week. In his other appearances, comments were made against Jews. If Farrahkan comes, Alpa Epsilon Pi will protest.

Tim: I spoke to my constituents and says many people do not want him here. He is a radical person and racist. We should take risks but this is too much.

Dr. Button: I admit that I grew up in a white community and was taught to be prejudice against many minority groups but I am recovering. I support the anti-bias week. I would like to hear Farrakhan because we should have the opportunity to remain in recovery. We'll get more positive things than negative. Farrakhan won't separate us, we will. Farrakhan will help us grow. He is proud to be a part of this. See L.C. if you want to see the tape.

Paul Frazier: My constituents don't want Farrakhan. It will benefit us if he doesn't come because our money shouldn't support someone who opposes other races.

Randy Shea: Yields to Adam Schaeffer: I have seen Farrakhan and was impressed with the reactions of people. He is against the fact that people don't want him here because of money. He is going to cause problems by how he effects everyone.
Randy: We are all guilty of prejudices. We can learn a lot from all of this. If the issue wasn't presented by Senators in a correct manner, it is because we are uneducated. I think about what kind of impact this could have. This will have an impact on our campus. This could separate blacks and whites and not bring them together.

Michelle Pettit: Emilio said last week that 400 members would be SA members. This is less than half of expected SA members.

Dave Chick: Why can't we get this issue of racism talked about without Farrakhan coming?

Susan Aldrich: We cannot eliminate bias by having him here. This would help for educating during Black History Month. Do we want to look up to him? We should not spend the money.

Karen Ventrilla: Yields to Rich Morales: I don't agree with what my senator said about my constituents decision.
Karen: I read from Dave Shultz's packet. We have to give him a chance and we can take it away if we want to.

John Breaton: His speeches breed hatred. By allowing him to come here we are supporting his beliefs, against ours.

Tom Lonquist: We are here to make our own decisions and to educate ourselves. America was founded by radicals and Farrakhan is a radical but we shouldn't be afraid of what he says. We can take of it what we want. I would like to hear him. The number of SA students shouldn't predict our decision because this has not always been the case. Make your own decisions whether the majority wants it or not. You have nothing to fear but your own ignorance. Bring Farrakhan here.

Laurie Horoschak: Call to question.
Motion to end debate: 16Y, 8N, 2A.
Motion Fails.

Paul Frazier: Yields to Rasul Dawson: I question the packet that Dave Schultz put together. Mostly Jews are offended. Why weren't more black journals used? We need both sides. I don't believe Farrakhan would separate us only we can separate us.

Scott White: We pretty much have our opinions and it is a waste of time to continue.

Dan Taft: I only brought one side to my constituents and will abstain but I hope others will pass this. Farrakhan will not build enough hate here to have you turn against your friends.

Rose Erdle: Yields to Alphonzo Davies: I am from SU and I saw him there. Do we hate the man enough to want him dead? What did he do to us? He would love to hear anyone speak. Let him speak
Rose: BSU choose him to come to talk about Black History Month and I want someone to call to question.

John Breaton: Call to question.

Jim Smith: I call for a roll call vote.
Bill #41: 17Y, 10N, 1A.
Bill #41: passes.

MINUTES

The 20th Meeting of the 25th Legislative Session was called to order at 6:12 p.m.

The roll was taken with the following senators absent: Abner Jean-Pierre (with proxy), Susan Aldrich, Kevin Wallace, Stephanie Boyd, Angela Natoli, Ron Williams.

The minutes were approved with the following changes: p. 5 John Doherty and p. 4 Paul Westfall.

The agenda was approved with no changes.

EXECUTIVE REPORT

Dan Murphy: Thanks to Tom for getting us back here!

Next week I will talk about the Governor's Budget. There will be a 5% cut in workstudy people. We still must fight for parking fee not to be implemented. There are new members on the Board as well as a new chair. The budget depends mostly on the deferment of the income tax cut. The last phase of the tax cut will make the difference.

The Soccer bill has been withdrawn. Athletic funding is fine as it is. An athletic fee will not be implemented at this time.

The Plus/Minus Resolution will be discussed.

There is a bill to fund a play. The Dean spoke about the play. The play is a significant effort to reduce bias and prejudice. It will play on a number of campuses. It deals with many issues such as anti-semitism, oppression, homophobia, sexism, etc. It will be shown next Thursday and admission is free, 8 p.m.

We would like to take the Parent's Weekend Bill off the table.

There is also an annexation bill in the basket. I am not afraid of the power it gives college students. College students can change the atmosphere anywhere.

The Oswegonian Bill will be voted on tonight.

I am working with Dave and Paul to get S.E.E.P. together. I would like to see SA run this. Perhaps we can pay someone to run this. I would like to see the blue light system expanded.

Emilio Dorcelly: There will be a new general requirement for diversity. Race, Global awareness and Asians will be some of the topics. Being that we live in a multicultural environment this is very important.

Elections are approaching.

Mike Giardena spoke about the Plus/Minus Resolution.

Ed Cohen apologized to Mike Tadros for the personal attack he had made.

Ed Cohen picks up sponsorship for the Parent's Weekend Bill.

FINANCE REPORT

Michelle Pettit: We need a minimum of six senators for budget council. Budget council will take place on February 17, 18, 14, 25 in the formal lounge from 12-6 p.m.

There will be a budget prep workshop on Thursday at 4 p.m.

By February 2, 1990 we would like to have two assistant director of finance trained and ready to go.

The Personal Safety Task Force meets on Thursday at 8 a.m. in 711 Culkin.

We would like to have a referendum for the athletic fee. SA plays a vital part here. Any questions please come and see me.

The Farrakhan bill passed for \$7,000 and percentage of the fees. We would like to change the method of payment to Minister Farrakhan. Instead of the \$7,000 and 60% of ticket sales, I think it would be better if we paid him a flat fee of \$10,000 and we keep all the ticket revenue. This won't cost us any more, in fact it will probably save us money and will especially save us hassle. I'm not too excited about the thought of the Minister's people watching us and us having to keep accounting to them. Do any senators have any questions, concerns or comments?

Emilio: There are 4 open seats for off campus senators.

COMMITTEE REPORTS

Elections: Thursday there will be an ad in The Oswegonian.
Petitions are due on February 6, and voting will take place on March 6. We will need help counting votes and hanging posters.
Finance: Will speak on bills as they come up.
Rules: Meet after this.
Environmental: None.
Student Services: Meet after this.

NEW BUSINESS

Bill #46 on Annexation is sponsored by Matt Cullivan and Ted Bunce.
Bill #47 on the play "Under The Skin" for \$600 will be sponsored by Zel Elvi, James Smith, Mike Tadros, and Ed Cohen.

OLD BUSINESS

Bill #47
Sponsor: Ed Cohen
Finance: We would like Senate to act accordingly.
Rules: Passes.

Ed Cohen: We have made the commitment before. Due to the Jewish holidays we fell short. This is a great community builder.

John Breaton: Friendly Ammendment to change the total to \$1,050.02. This is accepted.

Dan Murphy: This event has been greatly expanded. We need more hotels in the area. Tom said there was a drop due to the Jewish holidays as well as the inability for people to get hotels in the Syracuse area. Thanks to Fr. Jim and Mary they did a great job.

Michelle Pettit: Account #915 to Account # should also be added. SA should not have to pick this up. This should be a student run event. I have a hard time with SA picking up the tab for this. UAA has not picked up anything. Contingency is already \$12,000 in the red!!! How much money we have is something we ought to keep in mind.

Dean Wasenaar: We have all said some very significant things. Two or three years ago this was a product of the SA fee. This is a major attraction with students. It should be a cooperative event. The committee has been left short and SA is the only group with a bank roll. Many have benefitted from this. Only time some parents get to see their students participate in certain events is during this time.

Paul Westfall: Friendly Ammendment to add Account #915 to be established.

Ken Koltun: Call to question.

Vote on Bill #27: 23Y, 2N, 1A.
Bill #27 clearly passes.

Bill #40

Sponsors: Jim Smith, Chris Hallen

Finance: Friendly or formal ammendment for the Fund Balance to remain at an appropriate level every year.

Rules: Questions whether this is in violation of Section 7 Bylaw 3.

Jim Smith: Yields to Michelle Pettit: The fund balance isn't something tangible because it is a theory. I am not biased. It is necessary to get our concerns on paper. SA can change the laws at any time. We can cut out numbers and put in percentages. The percentage should be 25. June 30 I got an audit. There are many things that are accounted for. There are many accounts in the red. We need \$100,000 in order to survive the summer liability and emergency equipment (which we should take 10% of). We can leave a percent of it flexible. Funding for organizations must be changed. It can become a bylaw. We need to finish this.

Jim Smith: I agree with Michelle because each year senators need to leave SA financially sound. We will be leaving this for the future of SA.

Chris Hallen: Without the numbers it is only a reaffirmation of our own power. Past groups have allotted money. This does not have to pass.

Dan Murphy: We have spent more money. We should compare what we have spent our money on. The things have been fixed assets or trips. The end of the year will be our true indicator when Michelle decides the SA fee. This year I will be more careful. I would be hesitant to put anything in numbers. SA and the Director of Finance should discuss this.

Ed Cohen: Friendly Ammendment to add remain at an appropriate level to be decided each fiscal year. Everyone must be concerned with numbers.

Ted Bunce: Friendly ammendment to the second be it enacted Director of Finance and ammended with the approval of the SA Senate.

Scott White: This will be a good indication of what our financial situation is.

Michelle Pettit: You can leave out the numbers and you do not have to pass this bill.

Dean Wassenaar: What does the budget process allow for? We use income controls to modify the budget. The budget is supposed to be approved by the President of the College and every time the budget is put forth a new change must be approved by the

Trustees. There are people on campus who can help us. Perhaps we should not decide tonight. This is a complex issue.

Mike Tadros Yields to Paul Austin. This is a non-profit organization. Mike Flaherty of Auxiliary Services takes 11% of his gross income and couples this with fixed assets. This is good for thought. There is a lot of literature here and I agree with the Dean on this.

Motion to table by Karyn Ventrilla.

Bill #45

Sponsors: Ken Koltun, Jim Smith, Ed Cohen, and Zel Elvi

Finance: Passes.

Rules: Passes.

Ken Koltun: This will be great for The Oswegonian graphics. This will also be a great money saver in the long run.

Jim Smith: Max came in and said the old system is running terribly. This system will be of a better quality. This is also better for student experience. We have no choice but to pass this.

Ed Cohen: Yields to Max: Research has been done very carefully for this. It will make our paper look great. Spending \$11 000 a year is something we will no longer have to do.

Ed Cohen: We need to continue our support. Training people will also be easier. Ads may increase.

Chris Hallen: I speak in favor of the bill. It is better if we can equip students here. There was great opposition to passing this in my hall.

Mike Tadros: The bill should pass. It may bring in more money for business as Ed said.

Zel Elvi: I agree with everyone that we need to upgrade the system. It will pay for itself in three years.

Dan Murphy: There will be financial savings four or five years down the road. We may lose some of the quality on photos. It is also time for The Oswegonian to move ahead.

Michelle Pettit: Max has made a great effort here!!! She did a tremendous job!!! There was great information. Be confident that these are the best numbers.

Ted Bunce: Newsletter for SA will also be on this. SA coverage should increase.

Call to question.

Vote on Bill #45: 24Y, ON, 1A.

Bill #45 passes.

ANNOUNCEMENTS AND PUBLIC COMMENTS

Tom Lonquist: Harder They come, Parenthood, Under the Skin are all playing. Winterfest is coming with a Gong Show, paper airplanes. Smooshing Contest, Lyp Sync, Ice Bowling, Sleigh Rides, etc. Chamber Music has 20 tickets left. Thanks to Todd Zimmer and Janet Zangle for their graphics work. There will be cash prizes given. Branford Marceles Quartet has 500 seats.

Jim Smith: Wednesday at 5 p.m. Finance will meet. Everyone must go to budget council.

Ed Cohen: Next Wednesday articles are due for the newsletter. Tuesday at 7 p.m. in Hart Hall there will be meeting for biasedness. What is going on with open skating? Monday, January 29, in 107 Lanigan there will be some views expressed on Farrakhan. February 17 there will be lobbying in Albany.

Chris Hallen: Do SA students have privledges over high school students? Yes!

Zel Elvi: Tommorrow and Friday the Sun Set Inn will be open from 9-2 with Top 40 and dance music.

Scott White: Come to the basketball games.

Meeting adjourned at 8:12 p.m.

P.S. Farrakhan will come on February 23 at 8 or 9 p.m.

MINUTES

The 21st Meeting of the 25th Legislative Session was called to order at 6:10 p.m.

The roll was taken with the following senators absent: Laura Carroll (with proxy), Kenneth Koltun, Paul Westfall, Jennifer Greenwood (with proxy), Susan Aldrich, Cindy Wyffels.

The minutes were approved with the following changes: Michelle Pettit: wouldn't like to have a referendum but may have to.

The agenda was approved with no changes.

EXECUTIVE REPORT

Dan Murphy: There are two openings for the Supreme Court and there have been eight applications. Sean O'Donnell was appointed as one of the Associate Justices. We would like to have one new member for the impending case. At least one member will have some experience. Chief Ray Dearie: The constitutionality of the Farrakhan Bill is in question. The role of the Executive Board is in question. Monday will be the date for the case as it looks now. This is a complaint. Right now there are four justices and if the outcome is two in favor and two against the outcome would be automatically guilty. The Farrakhan Bill may have to be re-submitted. Sean Koppelman submitted the case and the bill's integrity is in question here.

Mike Wong, a sophomore, was appointed SASU delegate. He has started an Asian Student Association and has gone on one SASU conference.

There are two conferences coming up in the packet and I ask you to be very careful in the manner in which you present these bills since they are very important. They are Bills #49 and #50.

February 3 at Binghamton there will be a conference on biased remarks.

Ted Bunce's constituency asked him to table the bill. We would be willing to put this on referendum in March along with two articles in The Oswegonian. We need to get information out to the students. There are many people here to answer your questions. Bill Maroney spoke about the history of the college. Dr. Sheldon established the college in 1861 and it remained in the city for 100 years. The city administration would like to bring the city and the college back together. Sheldon Beach is something the city would like to re-establish. The Common Council in the end passes the funding for this. Dan is willing to come to residence halls.

Mike Giardena wants to do something with the Plus/Minus System. A vote was taken to put the issue on referendum in March (27Y, 3N, 0A). It will be put on referendum in March.

All cigarette machines have been taken out of the residence halls. None of the Hall Council officers called Dan Troube with a problem with this. Hewitt Union put in a resolution to get rid of the tobacco in the Sweet Shop.

In the opinion column of The Oswegonian there were slanderous remarks made by Dave. Dan tried to stay neutral and in the middle ground. I don't believe I said anything that Dave stated that I did.

Emilio Dorcely: The statement, "if the bill didn't pass, I would be personally hurt". This was not true. I let everyone know how I felt about the bill.

The Hall Council President's meeting talked about having common interests floors. Please mention this to your constituents.

The criteria that I used in order to choose the four new senators were as follows: previous experience, previous open seats, people who wanted to run, and an extreme interest.

FINANCE REPORT

Michelle Pettit: Ten people are needed for Budget Council. Assistant Director of Finance positions are open. SAVAC needs a new ambulance and we need to think about this.

COMMITTEE REPORTS

Finance: Will speak on bills as they come up.
Rules: Meet after this.
Student Services: Meet after this.
Environmental: A new chair is needed.
Elections: Everything is running well.

MINUTES

The 22nd Meeting of the 25th Legislative Session was called to order at 6:12 p.m.

The roll was taken with the following senators absent: Chris Hallen (with proxy), Susan Aldrich, Matthew Cullivan, David Chick, Stephanie Boyd (with proxy), Kelly O'Brien.

The minutes were approved with no changes.

The agenda was approved with no changes.

EXECUTIVE REPORT

Dan Murphy: One student is still needed on the conduct committee. Brandon King was appointed to the committee.

Colleen Sullivan was appointed to the faculty assembly to sit in on meetings.

Paul Westfall and Ken Koltun were appointed to the smoking committee.

Two students are needed to sit in on the Middle State's Self Steering Committee. The college is analyzed from a five year period. The group meets once a month. Open to all except seniors with a short interview.

Since annexation will be on referendum there will be more time to get more information out to students. A mailing for students on campus and an article in The Oswegonian would be good. The bill in front of us must go to the Common Council. This will take 1-3 years to accomplish. We first must ask to become a part of the city. We can pull out of this at any time. This is only a way to start. President Weber will back the students in which ever way they decide.

Ray Dearie: Monday a hearing was held with Koppelman vs. SA. Tuesday from 6:20-8:45 the case was heard. Proceedings went well but a decision has not been made. A decision will be made hopefully by the end of the week.

We are looking for someone to talk at graduation. An add in The Oswegonian has been placed. February 22, applications are due. In March a group will be formed.

Emilio Dorcely: Emilio sent a letter to the Red Cross concerning the pamphlet they distribute since one of the lines discriminates against Haitians. He is behind the bill 100% and asks that this one line not taint the bill and the good work that the Red Cross has done.

Resolution #11 will be tabled by Ed Cohen so we can decide where this bill fits in with other minorities.

There are 13 petitions for off-campus senators.

FINANCE REPORT

Michelle Pettit: February 17 & 18, people are needed for the Fund Balance. Saturday's we will go until 8 p.m. and Sunday until 6 p.m.

We ate the leftover veggie tray from Mahrainy's Black Bottom. We need female athlete for the athletic board.

COMMITTEE REPORT

Finance: We are unable to pass any more bills since we are in such a financial strain.

Fules: Meeting after this.

Elections: Friday at 12 p.m. the slate of candidates will be out.

Environmental: Rich Morales is the new chairperson who will check out the evacuation plan for students in case of a nuclear emergency.

NEW BUSINESS

Bill #52 is for the Crew Team, Sponsors: Bill Schreiner, Ken Koltun, Zel Elvi.

Bill #53 is for the Pre-Law Society to go to Albany Law School on February 27, Sponsors: John Osterhout, Jim Smith, Ed Cohen

Resolution #11

Sponsors: John Osterhout, Jim Smith, Ted Bunce, Ed Cohen
Rules: Passes

Ed Cohen: I spoke to John Raspberry the Director of Minority Affairs.

Ken Koltun: Vote to table this resolution.

Vote to table Resolution #11: 23Y, 2N, 3A.
The resolution was tabled.

OLD BUSINESS

Bill #48

Sponsors: Dan Taft, Abner Jean Pierre, Ed Cohen.

Finance: Recommendation that this bill fails on its financial merits.

Rules: We question the breakdown of funds.

Dan Taft yields to Steve Messina: WTOP is on every single day for 13 hours and can be utilized by all majors. The equipment we have is not functioning. With the new equipment, maintenance will be easier. We have a graphics computer that has enabled us to make our add line for the first time in the history of WTOP. It takes 10 hours to produce one ad. The program guides are finally here. WTOP has expanded greatly. I urge you to pass this bill. We were supposed to get cameras but we have cut the price down considerably.

Dan: This is a package deal and this is not a surprise. I am a broadcast major. Syracuse and Ithaca can't come close to the hours we have put in. We also need to have more room at WTOP. A TV station always needs constant updating. WTOP is a good organization and we should support them.

Ed Cohen: I concur with Dan. We need to commit to students. A teleprompter will help in all aspects.

Abner Jean-Pierre: Time can be spent with the equipment and then creativity will come into play.

Bill Schreiner: Jamal has put out a production which coincides with Black History Month. People are shocked that a State University could be on 7 days a week and have the number of hours of programming that we do. We are submitting various programs to various networks. Pieces of Oswego and WTOP are sent out. This is a part of the three year plan. The last 2 years of the plan have been switched.

Michelle Pettit: WTOP does have 100 people but they have received every piece of equipment and then some. They have already told us that they are ahead. I am opposed to this! They have received over \$20,000 in this legislative session alone!

Mike Tadros: I am pro WTOP and work at Channel 5 TV network. We have great equipment at WTOP. We should feel proud. I feel very

strongly against this bill. We should wait for a bill for the cameras. We are doing better than the rest. I urge you to vote no!

Jim Smith: I think that this bill should be tabled. We shouldn't break an SA promise. Our account is already in the red. SAVAC needs \$9,000 for an ambulance. We need to set priorities.

Dr. Button: I have a negative response towards the fact that we need specifics. I hope this bill gets turned down. A bill shouldn't be submitted this way.

Paul Westfall: Call to Question
Vote to pass Bill #48: 9Y, 18N, 2A.
Bill #48 fails.

Bill #49

Sponsors: Karyn Ventrilla, Bill Schreiner, Ted Bunce, Jim Smith
Finance: This bill fails finance.
Rules: Account #'s should be added.

Karyn Ventrilla: This is an important bill since we need to come closer to delegates. Bill should pass since it is so important.

Jim Smith: I speak in favor of the bill. WTOP will continue to function. Students who get financial aid need this so they have accessibility to school.

Bill Schreiner: No college can exist in a vacuum. I support this bill. We need to attain as much information as possible.

Ted Bunce: Yields to Rich Morales: Constituents were concerned because we were taking a trip. Long term interests are important. There has been a decrease in financial aid. We should lobby for Categorical grants as opposed to Block grants. Students are graduating but are taking out more loans so we graduate in debt very often. Two years of military work or community service might be necessary in order to receive financial aid.

Jeffery White: There is a good reason to go down there but we are financially strapped.

Dan Taft: A friendly ammendment should be to add that the students give a presentation.

Abner Jean-Pierre: Friendly ammendment to add: whereas these students attending the conference will give a presentation to hall councils upon request.

Michelle Pettit: I must speak against this since contingency is already \$15,000 in the red. I urge you not to pass this. Dan can contribute \$100 from his account.

Dr. Button: I asked the Senate last semester to prioritize where the money was going to come from. How are we going to sit down in a comprehensive way. Various bills should be supported. A thoughtful and concerted manner is the way bills should be considered. Regardless of history we need to take a stand.

Dean Wassenaar: I will not approve of anymore transfers of money.

John Osterhost: This becomes an "iffy" situation. Fund balance must be decided.

Tom Lonquist: SA has not changed from previous meetings or years. We need to address the fiscal situation. It is time to look at some different options.

Mike Tadros: I ask that the chair be relinquished.

Emilio Dorcely: In order to make a decision we need to choose to do something. We need to represent the students. Everyone has a responsibility to do what is right. You must take into consideration what the Dean says, but in my opinion you must make a decision for you.

Ken Koltun: Call to Question.

Bill #49: 15Y, 5N, 4A.

Bill #49 Passes.

Bill #50

Sponsors:

Finance: This bill fails.

Rules: Passes.

Rose Erdle: I am worried about the money. It is still a good bill. By going to this conference we can get in touch with the governor. Parking fee is another important issue, what do we get out of it. Our voices in Oswego need to be heard. I would like to see this pass.

Ken Daus: The legislative process can be learned.

Jim Smith: SASU is very important to all students. Students lobbied and wrote to legislators last year. SASU organized us. The parking fee is like a hidden tuition increase. We owe it to all to pass this.

Bill Schreiner: This is an investment. I wouldn't mind paying an increase in tuition or in the parking fee if I knew I was going to get something out of it. This isn't draining our already drained accounts.

Ted Bunce: Student governments were formed in order to have a say. No one on this campus wants an increased parking fee. This would be a grave error not to send students.

Laurie Horoschak: This is a hard decision but we should all support this.

Tim Grosse: 25 students is a low number but it will represent our campus well.

Ken Koltun: I went on this trip last year. I went to workshops and met many legislators. I am in favor of this bill.

Dan Taft: 6 different bills allocated \$4,000 and we need to be more prudent in our spending.

Paul Westfall: Call to question.
Vote to pass Bill #50: 25Y, 1N, 0A.
Bill #50 Passes.

ANNOUNCEMENTS AND PUBLIC COMMENT

Ron Williams: Proceeds must be decided by a chief officer. A campus review board must be decided by President Weber.

Dean Wassenaar: This is out of the budget. There are no account numbers to assign this to.

Michelle Pettit: Please pick up your napkins. Tomorrow we set up the priorities for the remainder of the legislative session. Everyone must pull together.

Ken Koltun: Elections and smoking committees meet after this.

Rich Morales: Environmental meeting on Wednesday at 5:30.

Dean Wassenaar: I am very appreciative of the money in the contingency account. Money went to literacy volunteers. I have been on the Board of LVA and this has a powerful impact on citizens who cannot read. Many people are supportive of this. Please bring this back to your constituents.

Tom Lonquist: Winterfest is this weekend. "Creature From The Black Lagoon" and Brandford Marcelus are coming!!

Ed Cohen: Rules meet after this and he formally announced that he is running for Vice President of the Student Association.

John Breaton: Tomorrow is the Seniro 100 day countdown.

Meeting adjourned at 8:37 p.m.

COMMITTEE REPORTS

Finance: Will speak on the bills as they come up.

Student Services: Tuesday at 3:45 meeting in SA.

Elections: In two weeks we will have a debate.

Ray Dearie: Laurie Horoschak and Ron Williams have filed against the Election Committee. We must determine many things and consider the time constraint. Two hundred and fifty signatures are needed and the petitions are either missing signatures or have a lost sheet. The Election Committee did a great job! It is out of the hands of the Elections Committee.

Environmental: There is no evacuation plan. Rich was going to find out which buses are going to pick us up.

Rules: Will speak on the bills as they come up.

Bill #41

Sponsors: Zel Elvi Mike Tadros Abner Jean Pierre, Walliang Rosene.

Rules: Passes

Finance: Rules

Mike Tadros Motion to ammend something previously adopted.

Zel Elvi Better to make it \$10,000 flat.

Dan Murphy: This is only a formality due to the Supreme Court case. My Director of Finance agrees with leaving this at a flat rate of \$10,000. There is no debate over his appearance here should evolve. Stick to the financial merits here

Michelle Pettit: The ministers flat fee is \$10,000 as opposed to \$6,100.

Scott White Call to question.

Vote on Bill #41: 24Y, 3N, 2A.

Bill #46

Sponsors: Ted Bunce, Matt Cullivan
Rules: Passes
Finance: Passes

Dr Van Schak: This deserves to be aired thoroughly. Only 12 students came to the forum. You should consider the pro's and con's to the issue to see if it merits being put on referendum. How important is this to the students? The leadership body should consider this. Please look at all sides.

Matthew Cullivan: The referendum really means nothing since the first signatures are needed from the Board of Elections in Oswego.

Bill Schreiner: This is just starting the process. The people who will vote are the interested students. Some percentage of the students still won't vote.

Dr. Van Schaak: Be careful of how the wording of the annexation is placed on the referendum.

Dan Murphy: I want something to bring to City Hall. We the Senate have the power to pass this. I am still in favor of this. The few of us that are involved I am still in favor.

Dr. Button: Dan wants to pursue annexation and perhaps the wording should be different. Perhaps a change in the bill should be made.

Jenn O'Connor: I talked with Eli Rapport and he said that we need to get a general concensus from the student body.

Ed Cohen: Friendly ammendment to change desire to pursue. Accepted.

Chris Hallen: I like the way the bill is worded because it may take time.

Matt Cullivan: I am in full agreement with Dan. We should start the ball rolling.

Jim Smith: Call to question.

Bill #46: 22Y, 4N, 1A.
Bill #46 clearly passes.

Resolution #11

Sponsor: Ed Cohen
Rules: Passes
Finance: Passes

Ed Cohen: In the end JSU should not be considered. I would like to remove JSU and the Asian Student Union.

Zel Elvi: Change the 5th whereas to Asian Student Association and take out the JSU and in the be it enacted take out the JSU and change fee to feel is my friendly ammendment.

John Osterhout: Call to question.
Resolution #11 passes by a vote of general consent.

Bill #54

Sponsors: John Osterhout. Bill Schreiner. Chris Hallen. Karyn Ventrilla.

Rules: Infringing on the Senates' right Section 7. article 1. bylaw 4.

Finance: Senate should act as finance committee.

Jim Smith: Bill #54 will enable us to continue funding. It also says what we should use the money towards.

Bill Schreiner: We are under pressure to get back on track and spend some money. A surplus committee should be implemented.

Chris Hallen: This is our best option. I agree with Emilio when he says we can change this at any time.

Karyn Ventrilla: This makes fund balance more tangible.

Michelle Pettit: She explained how the fund balance works. Fund balance needs to be kept at \$150,000. She also explained the 3 options in order to alleviate the budget. This is a conscious decision by you that you know where the income is going and how it is being spent. If this is not done, we can also recall 7% from all of our organizations to have an incredibly high SA fee. To be reviewed each year can be added to the bill.

Paul Austin: Something like this is necessary. There is a possibility of extending contingency. We need to put ourselves on a leash. We will also have to examine our clubs and organizations.

Ed Cohen: Friendly ammendment to change #2 to 15%, #3 10%--this is not accepted. We need to rebudget since our ambulance corps needs a new ambulance and TOP should get more money. SA needs a little more money.

Ted Bunce: Last week I was annoyed when someone stood up and said he wasn't going to sign anything. Jim Smith said we really need this. Please call to question.

Dave Chick: Friendly Ammendment to change #2 18% (\$13,369.25), #3 7% (\$5,199.15). We should have never gotten into this predicament in the first place.

Michelle Pettit: We are already in the hole. The original allocation was already five times this. The \$5,299 number isn't good.

Dr. Button: I have encouraged something like this. I was around last. To pass this is not enough. You must decide who you are going to give money to. Philosophy and values come into play here. We aren't sure of the figures. The budget is already low. For your friends it is too easy to give them money. Make a guide and stick by it. I appreciate the opportunity to speak here.

Jeffery White: I agree with Jeff and Ted. Michelle says we should not change the bill. In light of the past spending spree we shouldn't pass this like it is.

Scott White: Formal amendment to change this back. Objection.

Vote to debate: 9Y, 14N, 2A.
Vote on formal amendment 18Y, 5N, 2A.
Formal Amendment passes.

Scott White: Something had to be done here, excellent step towards meeting the goal.

OLD BUSINESS

Bill #51

Sponsors: Ted Bunce, Laurie Horoschak, Tim Grosse

Rules: Passes

Finance: Recommends this be cut to 0 since it is not good to fund for independent programming.

Laurie Horoschak: The importance of donating blood should be emphasized here.

Tim Grosse: The money is only a token of our appreciation. It is such a worthy cause. I give blood.

Ted yields to Carla: Johnson Hall was very concerned with the comments on the back of the pamphlet. We will press the FDA as to why these are on the back of the pamphlets. We will do something about this.

Ted Bunce: I would like to appeal to our sense of compassion. What we are putting in we are getting out.

Michelle Pettit: The Blood Drive is important and we have supported this. You should get your constituents out to give blood.

Scott White: We really can't do this. The Greeks are giving money but we cannot afford to do this since we are financially strapped.

Dave Chick: When it comes to the wording of the bill we can pass a resolution. We really need to address this situation.

Jeffery White: What is \$100? I am against this bill. We do not have the money. Other organizations have donated money.

Chris Hallen: Friendly ammendment to change accounts to #917.

Matt Cullivan: Friendly ammendment to add: FDA re-evaluate the pamphlet as it is discriminatory.

John Breaton: Call to question.

Bill #51: 4Y, 16N, 5A.

Bill #51 fails.

Bill #52

Sponsors: Ken Koltun, Bill Schreiner, Zel Elvi.

Rules: Add #989

Finance: Passes out of fixed assets since we have \$6,000.

Bill Schreiner: Since this is coming out of fixed assets we can purchase something that will be usefull for awhile.

Gunther Fishgold: Crew has been here for 3 semesters. We are at a standstill but we don't have the means to transport Crew is a very expensive sport.

Chris Hallen: Seeing our financial straights this is a fixed asset and we are able to purchase this.

Michelle Pettit: This is more on the level of our spending. Their treasurer did not go to program fund last semester and there is still \$181 in their account.

Zel yields to Gunther: Rent pay and maintenance will be used with that money. We are now looking at what we need.

Zel Elvi: I really do support giving them money. Crew is growing and hopefully in a few years they could have a team.

Jeffery White: There are five meets in this semester and we will need to suport them.

Jim Smith: I'm in favor of this bill. A fixed asset is buying something that will be around for a long while. I am in favor of this since the 35 members who have been training yet they can't even compete. Do we want them to continue rowing against each other?

Dave Chick: Everything is growing. The Northeast is known for its crew teams. If we establish a crew team, we could possibly draw prospective students here.

Ted Bunce yields to Gunther Fishgold: Most of our funding comes from our pockets and fund raisers.

Scott White: Call to question.
Vote to pass Bill #52: 21Y, 2N, 2A.
Bill #52 passes.

Bill #53

Sponsors: Jim Smith, John Osterhout, Ed Cohen
Rules: Needs account numbers.
Finance: Recommends this fail since we think they can fund it themselves.

Ed Cohen yields to Brandon King: Besides Albany Law School we will have a guided tour of the Capitol, and sit in on classes. The reason the Pre-Law Society is here is because there is no Pre-Law major here. Twenty-two members asked to go although there are only 20 spots. This is good for seniors who wish to go to law school.

Ed Cohen: I support this whole heartedly. This is to further the education of many.

Jim Smith yields to Chuck Luttuca: We understand SA's fiscal problems but the money won't be ill spent. This is the environment where we will be spending our next three years. This opportunity may decide what we will do with ourselves. This is our first appropriation beyond our initial charter. We are a very active group. Our events are all well attended.

Jim Smith: We have been funding for 45%. The object of SA is to fill the gaps of education. I'm in favor of this bill.

Dr. Button: Regardless of whether or not I support this, the budget must be met.

Michelle Pettit: I didn't ask for money when I was looking for a job. We must look at the nickles and dimes. People must be fiscally responsible.

Dave Chick: This is a good trip for students to go on. I feel students can swing the \$10.50 if they don't go downtown a couple of nights.

Matt Cullivan: Hundreds of dollars are spent by these people on law school applications alone.

Ted Bunce: Friendly ammendment at the 4th whereas, add members of the Pre-Law Society should give a presentation on what they have learned on the trip.

Chris Hallen: We must put ourselves on a tight leash. I think people can find the \$10. 45% isn't a good number. I recommend that this bill fail.

Scott White: Bill #54 was only as symbolic gesture if we pass this.

Paul Frazier: Call to question.
Vote on Bill #53: 3Y, 15N, 4A.
Bill #53 Fails.

ANNOUNCEMENTS AND PUBLIC COMMENT

Brandon King: Every trailor will be an investment.

Dr. Button: There are difficult values and judgements when it comes to our friendships. My understanding is that there is no money in the contingency fund. If there is no money to be had than this is tough. We were trying to help a group. They know how they can spend their money. Not only on its merits but with which to budget. If I'm wrong, let me know.

Emilio Dorcely: Congratulations for Bill #54 and passing it. We haven't had money in the fund. We consciously said we will only spend \$3,000 more this semester. We have put a limit on spending. Hopefully we won't surpass this.

Ed Cohen: We won't be able to get the letter out.

Ken Koltun: What have we given back to the campus? More than half of the campus knows squat about the three candidates. There aren't any trophies or titles. A trip is an individual thing, so therefore it seems wrong.

Michelle Pettit: Keep your eye out for people who feel awkward about the Valentine.

Zel Elvi: Gospel Choir Friday at 8 p.m. with two guests, one from Cortland.

Tom Lonquist: There are still a couple of tickets left for Brandford Marcelus. Get this out to your constituents.

Chris Hallen: I am glad SA was fiscally responsible and these all came from different accounts. Hopefully we will shoot down more bills.

Paul Austin: Flyers for student nominations are being passed out.

Bill Schreiner: I am pleased that SA is taking a new fiscal course. TOP hasn't taken this well. We are limiting life to 3700.

Kahan Sablo: Friday at 8 p.m. Syracuse and Cortland choirs will be here to sing. The celebration is free and this is our third year.

Ed Cohen: Personal Safety meeting at 8 a.m. 711 Culkin. L.C. is giving a program in Hart Hall at * p.m. on Farrakhan.

Toni Pole announces that she is running for Vice President of SA.

Meeting adjourned at 9:07 p.m.

MINUTES

The 24th Meeting of the 25th Legislative Session was called to order at 6:05 p.m.

The roll was taken with the following senators absent: Laura Carroll (with proxy), Kenneth Koltun, Paul Westfall, Susan Aldrich, Dave Chick, Karyn Ventrilla, Stephanie Boyd (with proxy), Ron Williams, John Doherty.

The following changes in the minutes were made: Resolution #11 strike Asian Student Union, p.7 bill Schriener: strike limiting life to \$3,700.00, p. 3 Jeffery White I agree with Dave and Ted.

The agenda was approved with no changes.

EXECUTIVE REPORT

Dan Murphy: This is my 100th Senate meeting.

Ian Pesetky was appointed to the Supreme Court.

We still need students for three (3) committees. Laurie Horoschak was appointed to the Telephone Committee, Matt Cullivan was appointed to the Smoking Committee and Jeffery White was appointed to the 5-Year Middle States Committee.

We attended the SASU Conference this weekend. Unions have provided faculty and staff with free parking in their contracts. We need to lobby our legislators!!! This is only a hidden tuition increase. If this is approved, the fee will go up to \$120.00 a year. The legislators are the only friends we have. The governor is responsible for this fee. Last year we ate three (3) million dollars. Everyone should be charged to park on campus not only students. This especially affects people who are only taking one 3 credit course! This is not dead. Four hundred dollars (\$400) was saved from the conference. Mike Wong will give a brief overview.

Emilio Dorcely: Thursday, February 22, there will be a forum on Crisis in Medieval Institutions.

There is a bill on Special Orders for the Hockey Team. This can be subsidized by students if you wish.

Emilio talked about how The Oswegonian only takes one side of the issue. He feels that enough research is not being done. He wants to know if anyone has checked the tapes of the meeting.

Mike Wong: He talked about SASU and what it does for students. The biased issue was talked about. Diversification is yet another issue. Perhaps schools can be given incentives to hire a diverse faculty. There was also given a sheet out on health services. There is a proposal for a health fee of \$150 and an additional \$50 if not covered by parents.

Monday is Lobby Day. He also talked about the possible increase in the parking fee. The user fees are being deferred to students. Please don't be apathetic!

Ray Dearie: The hearings merited case status due to the time constraint. He informally announced his decision. Plaintiff Horoschak was found in favor and Williams against.

FINANCE

Michelle Pettit: 12:00 is Budget Council.

In the newspaper the reporter questioned senators as to how much money was left in various accounts and said that I did not tell senators this information. Senators can come to me anytime they wish to find this information.

COMMITTEE REPORTS

Finance: Senate please act as finance.

Rules: Meeting after this. Everything passes.

Environment: Passed around things which were recycled and hopes we can use them here. Plastic bags that the bookstore uses and the paint that goes into the river is being looked at.

Student Services: Meeting Tuesday at 3:45.

Elections Committee: Jenn O'Connor is the new chairperson. Many people are needed on the Elections Committee. Candidates will be on the WTOP on Tuesday at 9 p.m.

Bill #56

Sponsors: Jim Smith

Finance: Senate act

Rules: Passes

Charlie Davis: The competition is so great and without support it makes it very difficult. Eight people called tonight. Fans make our job alot easier. Getting the word out will be equally as important. Forty-four people will be needed.

Jim Smith: Friendly ammendment to charge \$3 or \$4 for each would be a good idea. SA still funds athletics and our hockey team deserves to be supported.

Michelle Pettit: More than 25% of the budget goes towards athletics. We have many events going on here on Friday. Ken left many things in the notes that we have no internal controls or volunteers for this bus ride. Passing this you would be sending people for two nights. Set a minimum for the bus and consider all things.

Ed Cohen: Last week we did not send the Pre-Law Society. If we are going to send them, I would suggest \$5.

Scott White: I am a huge fan but there are too many events going on here as Michelle said Please keep Bill #54 in your mind.

Chris Hallen: Friendly ammendment at the 4th whereas to add A & E Bus Company and change the price to \$300 and each student would contribute \$4 and the %th whereas if 3/4 of the bus is not filled the bus will be cancelled by 11 a.m. on Friday. This is accepted. It is important to support our teams yet we don't know what is coming up in the future. We would not send Pre-Law on an education trip.

Jeffery White: They could take money out of the IFR account. There are only 2 days and this is not enough time to get the information to students.

Laurie Horoschak: Call to Question.

Paul Frazier: I would like to speak against this bill since it is not needed

Dan Taft: Friendly Ammendment to add Account #915 to Account #301, and change the sum to \$270.00. Accepted by sponsor.

Matt Cullivan: Financially this is a sound bill and should be supported.

John Osterhout: Call to Question.
Vote to pass bill #56: 12Y, 12N, 2A.
Motion to reconsider.

Dr. Button: I speak against this bill on the financial aspects it merits. We need to be consistent and look down the road In my judgement there will be more bills that will affect a greater number of people. I urge you to vote against this.

Kelly O'Brian: Friendly Ammendment to the 3rd whereas if they win on Friday 23 then they will go on Saturday, 5th whereas to \$135 for one bus and the deadline would be on Friday at 4:30.

Ed Cohen: Formal ammendment to change student contribution from \$4 to \$5: 3Y, 18N, 2A.

This formal ammendment fails.

Chris Hallen: Friendly ammendment to add in the be it enacted 160 from \$270. Dr. Button says we must look at what is coming up. There will be more important things along the way.

Paul Frazier: I would like to reiterate what Dr. Button said. The Pre-Law wanted to go for an educational trip and we want to send students to see a hockey game? I urge that SA fail this bill.

Jeffery White: For a certain time there is a cancellation fee.

Laurie Horosckak: Only 200 people went to the last home game against Hobart. Financially this is not sound.

Abner Jean Pierre: Some parents will attend so that is enough support.

Scott White: Call to question.
Vote to pass Bill #56: 9Y, 17N, 2A.

ANNOUNCEMENTS AND PUBLIC COMMENT

Ed Cohen: Someone wrote Jew on the blackboard next to my name. Cayuga at 4:30 is busting bias program.

Paul Austin: The tenth guy won the car which was given away.

Brenda Joseph: Friday James Mapes will be here for \$3/non-SA and \$2/SA. Gospel Choir will entertain you before the Farrakhan lecture.

Max: The Supreme Court did find Emilio as saying these things. The reason we wanted the bill on Special Orders was so that they could be installed over break.

Dr. Button: In 1987 we started a course for new students and 4 members out of the class are here today. We will have more classes like this in the future. I encourage everyone to participate.

Laurie Horoschak: Re-announces her candidacy for Vice President.

Jim Smith: The numbers in both counts of the bills should be consistent for our constituents sake.

Cindy Wyffells: Wednesday, Friday and Saturday Carmen the opera will be playing.

Todd Zellen: There will be a protest of Minister Farrakhan on Friday.

L.C.-12 a.m. there will be a celebration for Black History Month with awards and music.

Dr. Button: Last basketball game of the season is Monday night.

MINUTES

The 25th Meeting of the 25th Legislative Session was called to order at 6:02 p.m.

The roll was taken with the following senators absent: Laura Carroll, Tim Grosse(with proxy), Ted Bunce(with proxy), Paul Frazier, Susan Aldrich, Matthew Cullivan, Cindy Wyffels, Ron Williams, Jeffery White.

The minutes were approved with no changes.

The agenda was approved with no changes.

EXECUTIVE REPORT

Dan Murphy:

Paul Westfall and Ken Koltun briefly gave their resignation.

Paul Austin is looking for seniors to be on the committee for a senior speaker.

There were many things going on Friday night and I hope you took advantage of them. The PPB director was hypnotized. The final analysis of the Farrakhan lecture was that it was inspiring for many Afro-Americans for Black History Month. Budget Council also took place this weekend and after 15 or 16 hours of this you will know where the money goes to.

This weekend will be the USSA conference in Washington, D C.

Dan handed out applications for internships and gave a brief explanation of these.

Dan also passed out the NYS Student Leader newspaper written by Eric Coppelino and cost about \$100 a year.

Emilio Dorcely:

There will be a forum on Thursday for the Vice-President and Presidents with question and answer time.

Jenn O Connor will be the new election chairperson. She will need 10-15 people for Tuesday and Wednesday to help with the election.

There is a resolution in the packet for ROTC which is very interesting. This will become a national issue with time.

SAVAC needs \$19,000 for an ambulance. They have gone to other sources but realize that there is only so much we can do.

The Farrakhan lecture is on file in the media library in Lanigan for anyone to view.

FINANCE REPORT

Michelle Pettit:

Monday night there is another meeting for budget council. Packet on ACCESS was given out. Please do some research on this.

1800 people went to Farrakhan and SA sold 1300 tickets.

7-9:30 there is a Career Fair in the ballroom with lots of handouts and information.

Stephanie Boyd had to resign so Katherine King was appointed senator.

COMMITTEES

Student Services: Meeting on Tuesday at 3:45 p.m.

Rules: Meet after this to discuss the bills.

Elections: Everything is going well and according to schedule.

I need someone to open and close in the Union.

Environment: April 16 23 is Earth Week and there is a resolution in the packet to use recycled paper. Posters which are being hung by the bridge is another large issue. We are checking up on asbestos removal. There will be a shoreline clean up after break and would like it if the College/Community Relations Committee got involved with us.

NEW BUSINESS

Bill #55: ACCESS is in the packet and needs to be explained to the hall councils. This is not an easy bill to explain.

Sponsors: Mike Tadros, John Osterhout.

Bill #57: This is a financial bill. Sponsors: Jim Smith, John Osterhout.

Bill #58: SAVAC needs \$13,000 from SA for an ambulance.
Sponsors: Ed Cohen, Dave Chick.

Resolution #12: Sponsors: John Osterhout, Paul Frazier, Karyn Ventrilla, Jim Smith, Ed Cohen.

Resolution #12: Motion to table this by Mike Tadros.

Resolution #12: 22Y, ON, 2A.

Resolution #12: tabled.

ANNOUNCEMENTS AND PUBLIC COMMENTS

Tom Lonnquist: Please feel free to call me if you have any questions on ACCESS and take as long as you want to discuss it. There will be no increase in the SA fee if this is supported. This will stabilize income lines and bring cultural events to the students. We can make monetary and financial decisions based on this. This is contingent upon an Auxiliary Services Grant match. There will be an additional \$1 from students on campus. Hall Council also plays an important role here. We don't know how this will turn out because we can't foresee the future. The goal is to get 33% of the students attending the shows.

Chris Hallen: This was very sad that these two senators resigned.

Rich Morales: We are going to D.C. this weekend to fight Bush's freeze on Pell Grants, against the raise in the two year return for Chinese students. We are in favor of a bill to increase voter registration and turnout and against the Nation and Community Services Act of 1989.

Coy: This resolution is not to put ROTC on campus. Any program which said no Jews or Blacks would not be allowed on this campus since the trustees would have a problem with it. This is not only a local issue. The pressures we place will hopefully change things on other campuses.

Dr. Button David McNally stuck around Senate even when things were tough. He had a big influence on what happened in the end. Use your influence to figure out what happened.

Dan Murphy: I'm forming an Annexation sub committee to put down on paper what we would like to have from the City. I was negligent in my duties of attending the parking meeting. The shuttle was recommended to continue. Public safety is going to have to better label lots for snow removal policies. After Spring Break there will be a status on the parking fee. There is a 4 million dollar proposal in the Governors budget. There are many conflicts within the university.

Michelle Pettit: This is a good first project for the Fund Balance Committee.

Meeting adjourned at 7:05 p.m.

MINUTES

The 26th Meeting of the 25th Legislative Session was called to order at 6:15 p.m.

The role was taken with the following senators absent:

The minutes were approved with the following changes: Coy Ludwig-off campus.

The agenda was approved with no changes.

EXECUTIVE REPORT

Dan Murphy: The USSA Conference in D.C. went well. I will give a formal presentation after break. There will be a federal financial aid workshop next week. Rich Morales talked about what happened over the weekend. People from Connecticut said some bad stuff. John Raspberry also gave a five-minute speech.

On March 16-18 there will be a People of Color Caucus in Albany.

Some communities in Marathon, Fl. are looking for spring breakers to visit them. We received a letter from a man in the travel business and he would like us to get in touch if we are interested.

A sponsor must be chosen for Miss A-Meal. Michelle from Special Olympics talked about the various things that they do. This is a non-profit organization where 93% of the funds are ascertained by fund raisers. We must decide next Wednesday.

Emilio Dorcely: There are many things we need to look out for if we annex; such as voter registration and gerry mandering.

The Red Cross came to us for \$100 and they were turned down but perhaps we should start a campaign against the FDA. We may want to involve other schools in the area. If interested please see

Emilio.

This was the last day of elections and we had a couple of problems. Jenn did a great job. Fifteen to sixteen hundred people voted which was an average turnout. The winners were announced after the meeting. Good luck to all.

FINANCE

COMMITTEE REPORTS

Rules: Speak as they come up.
Finance: Senate please act.
Student Services: None.
Environment: None.
Annexation: Sub-committee is being formed.

NEW BUSINESS

Bill #59 JSU has a bill to go to Brockport on Monday, April 9 for \$72 to attend a SADER. Sponsored by John Osterhout.

OLD BUSINESS

Bill #55

Rules: Would like to have an ammendment to add the Hewitt Union Board.

Finance: Senate should act.

Sponsors: John Osterhout, Mike Tadros.

Motion to table Bill #55: 26Y, ON, OA.

Bill #57

Rules Passes

Finance: Senate should act.

Sponsors: Jim Smith, John Osterhout.

Jim Smith: As SA finances get more harried we need to take a stand on students who pay an SA fee. I think independent program funding should not be done for the remainder of the year.

Ted Bunce: There should not be a lot of discussion about this bill and is good financially. I hope someone calls this to a vote.

Michelle Pettit: This is what we talked about for options. To battle the hole we have built we must do this. We would not be funding anymore organizations.

Karyn Ventrilla: Call to questions.

Vote to pass Bill #57: 23Y, ON, 3A.

Bill #57 passes.

Bill #58

Rules Passes

Finance: Senate should act.

Sponsors: Ed Cohen.

Ed Cohen: I speak in favor of this bill and I hope Miss--A-Meal is tabled.

John Osterhout: Motion to table Bill #58.

Bill #58: 14Y, 4N, 6A.

Bill #58 is tabled.

Resolution #12

Rules: Passes.

Finance: None.

Sponsors: John Osterhout, Jim Smith, Paul Frazier, Ed Cohen, Karyn Ventrilla.

John Osterhout: This is not a bill to throw ROTC off campus. We are agreeing with SUNY law.

Jim Smith: I don't see how we can't pass this. The trustees of SUNY outline various things. How can we justify not passing this.

Ed Cohen: We can't kid ourselves and we must be bias--busters. This is not ROTC but pressure must be placed.

Karyn Ventrilla: We are contributing to biasness if this isn't passed.

Reggie: This is looking much broader than our miopic world. Many things we look at are biased. Signs and advertisements are enough to verify this.

Mike Tadros: Friendly Ammendment to be it enacted is under the mandate of American Department of Defense. Sit back and think about this. On one hand it is American Policy and on the other hand it is against American policy.

Zel Elvi: yields to Kevin: ROTC will allow anyone training US Government will not allow this. Nothing can be done about it. It must go to the government. You should write to your congressmen.

Zel Elvi: Bill should be tabled. ROTC shouldn't be removed from campus.

Bill Schriener: ROTC is a beneficial organization. This goes against the policy of American Government yet we take this. We

find policy wrong and unacceptable. This is not acceptable. The antibiased campaign in December was a waste of time if we don't pass this.

Emilio Dorcely: If ROTC is following practices under the military of the U.S. If we pass a resolution we are concerned because ROTC is following this practice. This is the same as the Red Cross and the FDA.

Chris Hallen: We must look at this issue. Students are being funded for this. Supreme Court case is now asking students to give back monies. There is no reason this shouldn't be passed.

Matt Cullivan: I made an ammendment to the Red Cross and I would like to see an ammendment to change this to the Army.

Ted Bunce: I am in favor of this bill. What tentative action would we like the faculty to take?

John Breaton: I have no problem with this bill. We are giving our opinion and giving our permission to do anything. I think we need to clarify this bill. I think it is a good bill.

Dean Wassenaar: You must act so the faculty assembly knows that you are concerned.

Jeffery White: Was the bias there in the Army, Navy, Air Force or Marines since it has always been sectionalized. This is a big question with the Department of Defense. This does not have anything to do with ROTC. They benefit a few.

Brenda Jospeh: This is discrimination against certain people. SA recognized that it is a blatant discrimination. US history has laws which have been indiscriminatory.

John Osterhout: Call to question- objection.

Bill Schriener: We must take a stand here. It may need some more looking into. Our feelings should be known.

Matt Cullivan: The third whereas should be deleted: Reserve Officers Training Core and replaced with Department of Defense, friendly ammendment and in the be it resolved delete ROTC and add Department of Defense. This is not accepted.

Dr. Button: People have made up thier minds about the discrimination in ROTC.

Ted Bunce: Motion to question.

To end debate: 15Y, 6N, 3A.

Vote to pass Resolution #12: 16Y, 6N 3A.

Motion to recall.

Mike Tadros: Yields to Kevin: I recommend that Matt's friendly ammendment be re-enacted. It is not our fault that the government discriminates. I invite anyone to come and join us.

Ed Cohen: We signed and endorsed the biased busting agreement.

John Breaton: Last be it resolved-formal ammendment: add other than removing ROTC from the campus.

Vote to pass formal ammendment: 12Y, 6N, 4A.

Formal ammendment fails.

Kelly O'Brian: It was stated by the sponsors that they didn't want to remove ROTC.

Ted Bunce: yields to Coy Ludwig: The faculty may have a number of options. If you pass this you're not endorsing anything. This is only one step. There is a lot of homophobia and harassment on this campus.

Ted Bunce: It excludes a few but is beneficial to many doesn't mix.

Karyn Ventrilla: I voted no against the formal ammendment. We disagree with the Defense Department.

Chris Hallen: I hope they aren't taken off campuses. We are working with bureaucracy here. We need to place pressure on ROTC.

Dr. Button: I was drafted into the army 35 years ago and I experienced many types of discriminations. I abhor discrimination. This bill speaks to me personally on whether or not I agree with institutionalized discrimination. I hope bodies like this pass resolutions like this more often. This must be brought to people's attentions. Vote for this bill because it is a message.

John Osterhout: Move to question: 21Y, 2N, 1A.

Vote to pass Resolution #12: 15Y, 7N, 2A.

Resolution #12 passes.

ANNOUNCEMENTS AND PUBLIC COMMENTS

Jenn O'Connor: All candidates please stay after.

Panhellenic would like to place boxes in halls for a good drive.

Director of Operations of SAVAC: the bill was tabled for the ambulance and an extra \$4,000 will be added. Our money from United Way will not be accepted since we did not get money from SA. There are alot of uninformed senators out there, I was only asked one question. This could have been cleared up.

Chris Hallen: Motion to adjourn at 8 p.m.

MINUTES

The 27th Meeting of the 25th Legislative Session was called to order at 6:03 p.m.

The roll was taken with the following senators absent: Laura Carroll, Zel elvi, and Kelly O Brian.

the minutes were approved with no changes.

The agenda was approved with no changes.

EXECUTIVE REPORT

Dan Murphy: A vote was taken on where the money should go from Miss-A-Meal. SAVAC will get the proceeds.

Congratulations to Ed Cohen and Paul Austin on their victory in the elections! I think more students knew about the elections this year. All candidates did well. Unity is needed after the elections. It hurts SA if all candidates are not involved because it has in the past.

There will be an Olympics of WTOP and SA on Saturday. There will be a softball game at 2 p.m., Sunday basketball from 1:30-3:30 p.m. and on Tuesday from 7:30-9:30 volleyball. Someone will be the winner with two out of three games.

There will be certificates for basketball. The two speakers for graduation have been chosen, Michelle Rost for professional studies and Dan Murphy for Arts and Sciences.

The deferral of the income tax cut has been refused and Judy Krebs came to talk about this. The faculty and staff have one month for a parking fee. This brings students closer to a parking fee. SUNY Board of Trustees has 5 or 6 new trustees. The students will walk out and eliminate the quorum if they don't get what they want. This is a good stalling tactic. Judy handed

out parking tickets to be mailed in to legislators to lobby against the parking fee. The Chancellor has not set a limit for the parking fee figure. There will be a three quarter increase overall in the budget which is mandatory. Judy left copies of the Governor's budget in the SA office. There is a 1.5 billion dollar deficit in the state budget. Where should cuts be made? SUNY must take the major cuts along with the increase in the tuition.

Julius Davis, the Vice President of USSA explained what is going on at the Federal level. USSA is the same as SASU but on a National level. The week of October 23 was a week of action with regard to education. People do not think that students care about education. We need to get out and lobby. The Re-authorization Act of 1965 is up for re-authorization which includes PELL, TAP, and all loans. We have set up some goals for the remainder of the year. They are...more grant funding, special services, publicity and information dissemination, to better serve the needs for middle class students, abolish fees for forms, extraneous requirements and simplification of application process. Colleges need to be more accessible with better college work study, displacement of loans or funds, and examining the way students needs are focused. Hotline number in D.C. (202)347-7172. Table for better writing. (202)347-8772.

Internships for the summer with education can see Dan for information.

Emilio Dorcely:

John Raspberry: Last Friday at 8 a.m. people of color came and protested in front of Culkin. The people were caught but there was a lot of polarization between blacks and whites. The people caught had to do 40 hours of community service and write a letter to The Oswegonian of apology. This is a premeditated document that they sat down and made sure it was correct.

Next week there will be appeals for budget council.

Bill #55 on ACCESS the sponsor of it wishes to withdraw it.

NEW BUSINESS

Jamnesty on TGIF on April 6, with a battle of the bands between \$468-\$500. Sponsors are John Osterhout, Karyn Ventrilla, Abner Jean-Pierre.

FINANCE REPORT

Appeals are next week so please be here.

There are many positions opening up for next year in SA such as D.O.F., assistant D.O.F., Senate Clerk, Box Office, and tellers.

On Quest Day the SA office is closed. No classes on March 29.

COMMITTEE REPORTS

Elections: done!

Student Services: No report

Finance: No report-Senate can act.

OLD BUSINESS

Bill #59

Sponsor: John Osterhout
Rules Passes
Finance: Senate should act

Dave Chick: I am against this bill and I am Jewish and I think students should have their own traditional SADAR here.

Ed Cohen: Friendly Ammendment to 2,3,4 to change it to SADER, I speak in favor of this bill. We must look to religious and cultural diversity.

Make Tadros: I sat on Budget Council and this is an important bill yet where are all the members. Only Ed is here today.

Ted Bunce: My hall council spoke in favor of this. It is a crime to send people away. A minister was here to speak and Judiaism is not only a religion but a culture. This is an issue of travel. On this campus this should be provided for. It's wrong that people have to leave the campus to celebrate this religion.

Jim Smith: This isn't religious. Educational trip is what pre law came to us for and they were turned down.

Scott White: I came here without any knowledge of the Jewish faith. No preparation on JSU's part to see what could be done closer to home.

Chris Hallen: Move to question.
End debate: 24Y, 0N, 1A.
Vote to pass Bill #59: 3Y, 21N, .2A.
Bill #59 fails.

ANNOUNCEMENTS AND PUBLIC COMMENTS

Dan Murphy: Tommorrow night in Waterman Theater is the Vienna Choir Boys.

Shari Malowitz: The Oswegonian computers came in. We hope to use it in our April 1st edition. We are waiting for installation and training is being done.

Brenda Joseph: PPB-general applications due Monday, March 26 in Room 216 in Hewitt Union.

Ed Cohen: 2 positions for off campus, and 1 position for SA Clerk.

Dan Murphy: Last Senate meeting next week so please stay the distance.

Karyn Ventrilla: Tuesday, March 23-great abortion debate.

The 28th Meeting of the 25th Legislative Session was called to order at 6:10 p.m.

The roll was taken with the following senators absent: Karyn Ventrilla, Jeffery White, John Doherty, Cindy Wyffels, Zel Elvi, Rose Erdle, Julie Chesbrough (with proxy), and Dave Chick.

The agenda was approved after moving Resolution #13 after Old Business.

EXECUTIVE REPORT

Dan Murphy:

Thursday, April 5 will be the Miss-A-Meal for SAVAC. We hope to pass around a change bucket at the Greek tables.

SA vs. WTOP olympics will take place this weekend. Volleyball and softball.

Dan gave his farewell speech. We looked over the bills that we passed this year. Some of the bills included, Art Exhibition, WTOP, Farrakhan, The Oswegonian, WOZZ, SunSet Inn, Trips, "Go SA", Parent's Weekend, newsletter, clubs, athletics and conferences. Dan had a hands-on approach, Emilio had his own agenda this year. Michelle, the Director of Finance, had her own problems and concerns. She had a lot of patience. When it was time to stop spending, she told us to stop. The department will be left in good shape. Paul Austin is and will be a capable leader who must be very sensitive. John Raspberry had his own set of things to do. Dean Wassenaar gave me good advice and faith in me even when I was a senator. Tom Lonnquist also gave me good advice although it does conflict sometimes with the deans. He is blamed for too much and there is too much suspicion he works only for the good of the students. Thanks to Dr. Button

who always sticks to his beliefs and rules. The Senate had very good debates and has worked very hard. Two senators who I hope will be back are Jim Smith and Laurie Horoschak. The first issue that we tackled was diversity on this campus and the curriculum reform as well as Farrakhan. We also revamped our media groups. WOZZ also received its FCC license. We were able to delay the parking fee and the tuition increase was vetoed. The campus was alive with new and different people. The campus is less unified than last year, but I think that this is a stage the campus must go through. The plus/minus and annexation issues were both looked at. I love public service a great deal and have learned a lot from doing this job.

Emilio Dorcely:

Dan covered just about every aspect. I would like to thank Dan a lot. After doing the Vice-Presidency he stayed on to do the Presidency. What he has done is very admirable. Wherever he goes he will do a great job. Twenty or thirty years from now there will be people thanking him for a job well done. I also got to know Michelle as a person. She has done one of the best jobs. She follows what the Senate has wanted to do and made a way to make it possible. I have known Dr. Button for four years and he has told me that you can do anything that you want to do as long as you try. Tom has been a good person and all of his ideas come from the heart. He works for the students. L.C. is a newcomer here but he has many great ideas. The times I have worked with Dean Wassenaar he has been fair and consistent as well as openminded. I don't think the Senate has even touched enough on minority issues. We do care about a variety of things, just look at the variety of bills that we passed. Annexation is a political issue which was well worth the while. I did everything because I thought it was right - always follow your heart.

Michelle Pettit:

This is my fourth year here and I always get sappy but it is the beginning for someone else. I have tremendous respect for both Dan and Emilio. They always said we must leave the office as friends. Thanks to Jim Smith for chairing the Finance Committee. We must examine the qualitative not quantitative aspects of bills as Randy Shea said. Thanks to my four assistants. The Senate did a lot of things this year and in the end things were done well. We know how to handle things in the future. You have been responsible and spent your money well.

Tonight we have four appeals.

The more money we get that goes towards SAVAC the better. This means the less that SA will have to contribute.

Michelle, Dan and Emilio were all presented with plaques.

OLD BUSINESS

Bill #60

Sponsors: Mike Tadros, John Osterhout
Rules: Account numbers to be added
Finance: Senate should act as finance

Mike Tadros: Yields to Nancy: Human rights is a very important issue and it is very easy to get involved. By going to a concert people will feel that they are involved.

John Osterhout: I speak in favor of this bill. What they do is very important. We have not spent any money yet this semester.

Ed Cohen: Friendly ammendment to change the be it enacted to change the total to \$384.75. In the past we have brought political prisoners here.

Ted Bunce: Call to question--objection.

John Breaton: Friendly ammendment to put in Account #915 to #977.

Dan Taft: Call to question.
Vote to pass Bill #60: 23Y, ON, OA.
Bill #60 passes.

Resolution #13

Sponsors: Bill Schreiner, Ted Bunce, Abner Jean-Pierre, Jim Smith
Rules: Senate should act as rules.

Ted Bunce: This kind of thinking is evil and destructive. I think people take black unity as a treat. This is a form of promoting genocide. This is not a form of free speech, this is a form of harrassment and racism. What has to be done to look at our mistakes. Collectively we are all racists. I am not saying to condemn yourself but to confront yourself. This is cut and dry and it is our responsibility to pass this.

Bill Schreiner: Biased related crimes are a form of assault and are a form of genocide. These are acts of violence. The bias campaign is a lot of hot air and we do not care about students of color if we do not pass this.

Jim Smith: Right now we must send a message to our constituents. Biased things offend me. I don't have a problem with people being expelled. This resolution at Culkin won't change the judicial form however, it is very important to pass this.

Abner Jean-Pierre: The punishment that the students received was unfair and sent out a poor message.

Tim Grosse: Students who posted in the 5th whereas, I feel this is very strong because expulsion could ruin a person's life. Should we not try to help the person? I am against this bill.

Mike Tadros: Friendly ammendment to all persons found guilty of a biased related crime be handled with mandatory suspension or expulsion. This is a very serious crime. Protests and many other things happened. We are pledging against these crimes and supporting the people who are oppressed.

Scott White: I am behind this resolution 100%. When we first started discussing it I thought it was ambiguous. These are only suggestions not laws. It is an extreme privledge to be accepted to a college. Suspension or expulsion is in line.

Chris Hallen: I grew up with colored people all my life. All acts of bias should be included. This is a very serious crime.

Katherine King: Friendly ammendment to the 2nd whereas to biased related crimes against all people, and in the 5th whereas be it resolved. First friendly ammendment fails It would be more fair for all people to be included.

Paul Austin: This is a message that we wish to send being leaders of the future we need to make changes.

Dr. Button: I am a recovering racist. If I was kicked out of school I would not have met such a diverse group of students. I would not be here today Without doing the thinking which is necessary, you are saying that you do not want to help these people.

John Osterhout: The punishment should have been harsher. A biased related incident such as this could put tags on people for the remainder of their lives.

Jennifer Greenwood: Students here are to be protected. Counseling could be an option. The scar of expulsion will carry over. This effects people of the future.

Call to question objection.

Ed Cohen. After going to a prejudice workshop, I have seen many new things. Can we punish people by expulsion for their views.

Paul Austin: Motion for Emilio to step down.

Emilio Dorcely: Expulsion of a student or mandatory suspension is necessary. Tough love is necessary to show them that this is deplorable. You need to know this for the remainder of your life. This is like academic warning. One should be responsible and respectful.

Walliang Rosene: Yields to Ron Williams: We are in a learning institution. This is not conducive to learning. It is a privilege to be here in Oswego. When they infringe on others rights this is not fair. Ignorance continues. I am upset because a stronger action was not taken.

Dan Taft: Move to question

Vote to end debate: 20Y, 0N, 2A

Vote to pass Resolution #13: Laura Carroll y, Abner Jean Pierre y, Laurie Horoschak y, Ed Cohen a, Tim Grosse n, Daniel Taft y, Ted Bunce y, Chris Hallen a, Scott White y, Paul Frazier y, Ken Daus a, Jennifer Greenwood y, Julie Chesbrough y, John Breaton y, Jenn O'Connor y, Mike Tadros y, Jim Smith y, Walliang Rosene y Bill Schreiner y, John Osterhout a, Kelly O'Brian y, Kate Broderick y, Katherine King y.

Resolution #13: Passes 18Y, 1N, 4A.

Bill #58

Sponsors: Ed Cohen

Rules: Passes

Finance: Let Senate act

Ed Cohen yields to Steve Andrews: We needed a new vehicle so we formed a committee. We started with 19 prospects and narrowed it down to 5. Maintenance has to be done by the dealer so this is also another very important aspect. We hoped to get \$9,000 for our ambulance but now \$15,000 from Fulton is a possibility.

Ed Cohen: I am highly in favor of this bill. If we push Miss-A-Meal this could be a great success.

Michelle Pettit: We worked very hard to get at this level which I feel is very attainable. Michelle explained where all the funds were to go to. There are lots of pros and cons.

Dan Murphy: We took a lot of time and did a lot of work so the commitment could be as low as possible. Could possibly get \$1,000 from the town, and \$200 from Oneida. Perhaps we could get a good price. The people of SAVAC deserve the best ambulance possible. I support this.

Dr. Button: I am still not satisfied that there are really good sound figures here. If I had to vote on this, it would be difficult to vote.

Jim Smith: There is a thing called opportunity costs. Perhaps now is the best time to buy an ambulance. We need an ambulance so we should buy it now when the cost is low.

Linda: Friendly ammendment to change it to \$7200 (the total) and to allocated from Account #915 to #881.

Dan Murphy: Dr. Button is not very happy about the way SAVAC went about getting these figures.

Dr. Button: What bothers me is the way SAVAC went about getting the figures. I can't believe we need a \$70,000 vehicle for this campus. I wonder if this is the best ambulance only because of the negotiation process.

Steve: Type 2 is what we have now. Type 3 has a different type of ride and the cost for revamping is cheaper.

Dr. Thompson: The city has four vehicles sitting inside a garage so the vehicles are a lot less run down. This is a customized vehicle. The coach company is able to build on a box in the back. The base price is not negotiable but the fine tuning is. This is short term vs. long term costs here. Replacibility of the box is very important.

Linda: The economics of the ambulance has been discussed. It may not be safe to drive. How much value do we place on human lives.

Jim Smith: Call to question.
Vote to pass Bill #58: 20Y, ON, OA.
