EXECUTIVE REPORTS

Rick Lee--Welcomes everybody back.
- -At the recent general faculty meeting talked about the Governor's proposal.There will probably be a $250 tuition increase per year which will generate $39.1 million, $150 room and board increase which will generate $3.3 million, and a $25 computer fee generating $3.9 million.
- -February 26, 27, 29 will be the SASU Legislative Conference in Albany. All are urged to go.
- -Received a letter from Dr. Wassenaar regarding vandalism on campus. It was down 33% and all are commended for their cooperation.

Steve Wagner--Cuts from SUNY were not a surprise but their severity was. SASU was expecting small cuts in staffing and large tuition increases.
- -To fight the legislation it will require cooperation between the faculty and SUNY.
- -When a faculty member retires only one out of every three will be replaced.
- -A voluntary retirement program will be instituted.
- -Hospital operations get preference with the budget and it hurts other parts of SUNY. 25% of the budget goes to 3% of the students.

-March 31 - College must submit who will be layed off.
-Student stands to lose in this budget. Faculty are not alone. We need to form a coalition.
-Atletics fee - Claim athletics are underfunded by SA. A resolution was passed that a separate fee be charged on bill. Not subject to student control or financial aid.
-Comminary of Damage fee - each student will be charged $50. Any damage in the dorm will be taken out of this money. Money left over at the end of the academic year will be returned to the students.
-SUNY is at record levels of enrollment because it is accessable. Closing institutions would put caps on others causing students who would normally be accepted, not to be.
-SUNY is an investment in the states future.
-SUNY is not a priority.
-Faculty may ask for higher tuition so they may stay.

Steve Cox--Executive Board meets next weekend and will decide what direction and action to take.
-Possible solutions to budget:
Self-sufficiency-State will stop paying for dorm. They now pay 75-80%. In turn students get complete control of the dorm.
-Hospital operations-do not serve functions to about 96% of us. Pay for them somewhere else and it would save about $5 million.
-2½% increase in taxes will raise $1.8 billion.
-Close a campus.

Sue Castrigno--Introduced Bill 36.
-Appointed - Kara Young and Beth Buckus to Off campus, Ken Steele to Onondaga, Janine Franier to Johnson, and Paul Atkinson to Riggs.
-Welcomed everybody back.

-Student Services chair is open.

EXECUTIVE REPORTS

Rick Lee--Administration went over cuts which are planned. Oswego will submit 100 cuts to SUNY Central instead of the proposed 111. SUNY Central will then come back to us and force us to make the cuts or they will make the cuts themselves.
-There will be no dropping of whole departments. Cuts will be from Business, Communications, Industrial Arts, Music, Physics and Secondary Education and also Vocational Technical Training.
-The Mens and Woman's Physical Education Department will be combined to become the Department of Recreation and Athletics. Staff will drop from 20 to 10. There will be no more activities for credit. The intent is that there will be no damage to varsity sports. This is questionable.
-Health-Science courses will not be offered for general education. Only to Education Majors.
-Six staff positions in the library will be cut.
-Learning Resource Center will be significantly cut back which will limit access.
-Mary Walker Health Center and OSP will be affected.
-Cutbacks in custodial and maintenance in dorms and buildings.
-Professional staff in dorms will be cut back.

Room 205 Hewitt Union • Oswego, New York 13126

Phone (315) 341-3601

-These cuts are contingent on the governor changing his budget.
-A petition drive will be started calling for lesser increases and lower reduction of lines.
-2/15 -- 2/16 Letter writing campaign. Each student should write a letter at least once. Get your parents to also write letters. Committees are being formed in each dorm.
-February 25, 26, 27 there will be a Legislative Conference in Albany. All are welcome to attend. Cost will be about $20 for the weekend which includes all meals.
-Faculty and administration around the state have pledged their support.
-Money used for health care from SUNY budget should not be used for this reason. It should strictly be used for education.
-Management flexibility of money. If we do not use all of the money in the budget we should get to keep it. There is no incentive to save.
-We should process our own vouchers. When they are sent to Albany it costs about $32. If we did them ourselves it would cost about $4.

Sue Castrigno--Jim Dingley and Eric Ritter appointed to Student Services Co-chair.
-Paul Atkinson appointed to Rules Committee.
-Beth Backus appointed to Finance Committee.
-Interdormitory Council met February 8. On March 12 they will sponsor a St. Patrick's Day Affair. Talked about the upcoming elections. In each dorm there will be a meet the candidates night.
-Bill Bialy appointed Administrative Aid.

COMMITTEES

Rules-- Bill 29 failed. Rational being that clubs should come before the Senate in the Fall.
-Bill 35 passed but the committee felt that there should not be an open ended amount. Recommend a $25 ceiling.

Finance--Bill Spinelli was absent.
-Bill 29 failed for the same reasons it failed in Rules.

Student Services--No formal report.

Elections--Spring elections are being advertised to get people to vote.
-Jeff Webster, Keith Rafferty, and Dave McNally were absent.

SUNY Affairs--Meetings are Wednesdays at 4:00 in Hewitt Union.
-Encourages everybody to write letters and sign petitions.

Community Relations--Writing letter to Oswego community. We want their input and ideas.
-PAS wastesite. Working on resolution stating our concern.
-Jeff Carr will make weekly PR releases about the Senate.
-Meetings are Thursdays at 7:00. All welcome.

OCC--No formal report.

PPB--Jim Dingley elected PPB Senator.
-No formal report.

Bill 28--The first question that the Senate had to deal with was that of "Does the Senate have the power to make this amendment alone?" There was mixed feelings from the Senators on this question. Many felt that the students should not vote on it because they would not be educated. Others felt that it was the responsibility of the Senators to go and educate them. There was a vote of 20y, 9n, 0a in favor of having only the Senate vote on the amendment. Scott Posner felt that the amendment would eliminate ambiguities. Mark Cantales said that a good working organization should be based on trust and therefore a person holding two offices should abstain from voting during the budget. Charlie Mitchell said that a person who worked hard in an organization would also work hard in the Senate.

Mark Tayler felt that if this bill did not pass it would block people from getting involved. The bill passed by a vote of 21y, 7n, 0a.

Bill 29--Eric Ritter said that the Boxing Club has a lot of enthusiasm and if they don't get the equipment the interest would be lost. Bill Weggmann, Vice President of the Boxing Club, said the equipment is needed for protection and if they can't spar the interest for the club will be lost. Mike Murray added that working with one headset is dangerous. They are only asking for a small amount of money. Craig Benson felt that the Contingency Account should only be used for shortfalls of clubs for obligations we made to them. Sue Muar said they should have a fundraiser. Bill passed by a vote of 18y, 9n, 1a.

Bill 35--Jim Evans said that OCA cannot program adequately with a $10 stipulation on performer fees. Alan Belkin added that other SUNY schools have higher performer fees. The performers work hard and deserve to be paid higher. Sue Muar proposed a formal amendment of having a $25 stipulation. Kara Young felt that the stipulation was too low and that OCA is responsible enough to judge the management of their money. Wendy Grifka added that a $25 would eliminate out of town performers. The amendment failed. The bill passed by a vote of 23y, 2a.

Bill 36--Money was given by the Undergraduate Alumni Association for postage for the letter writing campaign. A stipulation was added that the UAA be allowed to read the letters before the were sent out and also that they were mentioned in the letter. The bill passed unanimously, 24y.

Bill 37--Sue Muar felt that the people on Budget Council should have the best interest of the Senate. She proposed a friendly amendment to add Ken Steele to the list. Sue Muar then withdrew her motion.

Bill passed by a vote of 24y, 1n, 1a.

Resolution 27--Passed by a vote of acclamation.

Meeting adjourned at 9:20.

Pete Tassini--Case of Evans vs Senate - withdrawn.
-SA vs Oswegonzo - dismissed.
-Sociology and gymnastics clubs were newly approved.
-Bill 28 brought two cases about. Muar vs Senate - case accepted and Foley and Ken Davis vs Student Association. Both cases were accepted.

Office of the Vice-President

- -Discussed lobby day. Information is soon to follow.
- -Meetings are Wednesdays at 4:00 in the Union.

Sue discussed the possibility of bringing back Off Campus Council Committee.

Mark Cantales--It would be veryhelpful to OC students. Guidelines need to be set. Motioned to reinstate the committee. Motion passed.

Elections--Need help in validating petitions.

PPB--Have been getting record crowds at Tuesday movies.
-PPB applications are due February 24.
-Projectors are in bad shape.

Bill 29--This bill was vetoes by Rick Lee last week. Rick felt that it was not fair that a club come up in the middle of the semester. It would be unfair to other clubs if they needed money. Bill Weggmann and Rick are looking for a promotional deal with everlast to see if they could get the equipment. Mark Cantales was the 1a on the bill. He would like to give the club the money but also feels that if they do other clubs will be looking for money. Craig Benson said that it was not fair to the clubs that were cut in the budget process. A vote of 4y, 19n, 5a failed to override the veto.

Resolution 29--Passed by a vote of acclamation.

Resolution 30--Sue Muar explained that Chuck Weeks and Dr. Wassenaar felt the Oswegonzo was soliciting. It is a free newspaper. People should have it delivered unless they call the office and say they don't want it. Mike Vottis said it is nice to have a paper delivered door to door. Denial would be harmful to our system. Mark Cantales said the newspaper puts spice into our life. It's a great alternative publication. Putting it under your door would not harm anybody. Mike Jones explained that Weeks and Wassenaar were not opposed to printing the newspaper but felt they should abide to distribution points instead of the current way. Resolution passed by a vote of 24y, 4n, 2a.

Meeting adjourned at 7:10.

SPECIAL SPEAKERS

Dr. Radley--Thanked the Senate for the opportunity to speak.
- -SUNY is to provide low cost, quality education for those who cannot afford it.
- -In 1948, Oswego was a teachers college and was soon to become a multipurpose college. Millions was poured into SUNY and now there are 64 institutions.
- -In 1948 Oswego accepted all high school graduates with a 72 average. Some departments had average reading level of 5th grade.
- -In 1974 accepted 67% of high school graduates which applied. It was the 3rd largest of the Arts and Science schools. Known as a party school.
- -In 1982 accepted 54% of all high school graduates which applied. SAT scores were 1010 which is far in excess of most public colleges. They had an 85 average. Oswego had a nationally known faculty and all major universities were represented.
- -Dr. Radley was Provost in 1974. Wondered if a public university could be excellent in all 64 schools. Most other schools accepted all who applied. We kept standards - quality attracts quality. We now have the largest full time enrollment. Established the first honors college. We were the first to reinstitute general education requirements. Faculty and students care.

Room 205 Hewitt Union • Oswego, New York 13126

Phone (315) 341-3601

-SUNY now faces a crossroad. We are faced with the question, "What kind of university do the people of New York State want? It must be discussed, debated, and resolved before we can move on with our course of action. Dr. Radley, faculty and students can keep the university together.
-The state started out having a good university. The future is unknown.

Dr. Spencer--Since January 31 SUNY had been struggling with requirements of budget reductions. We submitted a plan February 9. On February 25 word came back to revise the plan. It was done that day. Rather than $1.7 million from campus we were eased to $1.1 million. A new number of 51 faculty lines were to be dismissed.
-16 positions will be cut from maintenance
-3 under Mr. Wassenaur
-4 in library
-2 in learning resources
-5 in mon faculty
-21 faculty, 9 of which are currently vacant. The remaining 12 will be vacant next September(due to retirement, etc.)
-Impact will be loss of services in maintenance. There will be a higher faculty-student ratio.
-March 1, Chancellor presented SUNY case. There is a critical period until March 31. Negative things may still happen and we must plan for them.
-Next September Sheldon Hall will be closed so that we will have more effective space utilization. There are 185 scheduled classes to be taught there. A new schedule must be arranged and there will be more 8:00 and night classes. There is no way around it.

Sheldon Munford asked how we are supposed to ask the students for support in closing Sheldon Hall when it is being used?
Dr. Hemink explained that this campus is designed for 12,000 students. We have about 125% of space for the amount of students that we have and it must be compressed. Sheldon Hall is the most expensive to heat and light and costs approximately $6 million a year.
Dr. Radley explained that Sheldon Hall through the 1950's was Oswego. It is a symbol of love and education. Before Dr. Radley

took office as President, Dr. Perdue fought to keep it open. He got it on the National Landmark which meant that it could not be knocked down. During the Phone-a-thon which raised $23,000 the alumni constantly asked how Sheldon Hall was doing. They will be disappointed. Right now we have no other choice. It will be closed for a short time, but not less than a decade.

Don Amman asked Dr. Radley how physical education will be effected. Dr. Radley explained that she could not tell. There is no plan not to have intercollegate program.

Ken Steele asked if the changing of Sheldon Hall to the administration building and Culkin Hall into dorms was still in consideration.
Dr. Radley said that Sheldon would be used for storage and offices would be put where there is currently storage.

Mark Cantales asked if there were any other buildings to closed instead of Sheldon and what effects it will have on programs which are located there.
Dr. Hemnick said that all buildings were considered and it depended on the size of the reduction. No department will be eliminated because there is no room for it. We will make room.

John Rockwell asked why the Public Ceremonies Committee was asked not to ask outside speakers for graduation.
Dr. Radley responded by saying that the ceremonies are set a year in advance. They are tried to be kept to 1 hour 20 minutes long. You cannot ask a speaker to hold speech for a few minutes when you pay them $3,000-$4,000.

Craig Benson asked if the monies saved by closing Sheldon Hall will be put back on campus.
Dr. Radley said to push the Barcley bill. Let campus manage it's own resources.

Jim Evans asked if the Hewitt Union would be effected.
Dr. Hemnick said that it is the most heavily utilized building and there would be no change.

Dan DeSantis asked if Sheldon could be rented to organizations.
Dr. Spencer responded by saying it was the states property and it was not up to us with what to do with it.

Sheldon Munford asked how the closing of buildings will effect enrollment.
Dr. Radley said that we have the dorm space. We will just have to wait and see what happens.

Jeff Webster asked if Dr. Radley saw SUNY Central adopting an incentive plan if it saves money.
Dr. Radley said that if the Barcley bill goes through it will.

Sue Muar asked if security will be cut.
Dr. Radley said no. We have the lowest vandelism rate in colleges.

Rick Lee--Thanked Dr. Radley, Dr. Spencer, Dr. Hemnick and Dr. Henderson for speaking and answering questions.
-The SASU legislative conference went well.
-Rally was held on Monday. 3000 students from around the state attended. It was a very successful day.
-Spoke to Senator Levalle and discussed SUNY. He felt that SUNY does not face the destruction that most people think it does.
-Wishes all to continue writing letters to home legislators.
-The fight will continue until SUNY gets what we need.

Sue Castrigno--1000 letters were produced during the letter writing campaign.
-Trip to Albany was a great success.
-Budgets began March 5 at 10:30am. Schedule is as follows:
March 6, Sunday at 12:30
March 9, Wednesday at 8:00
March 12, Saturday at 10:30
March 13, Sunday at 12:30
March 16, Wednesday at 8:00
March 19, Saturday at 12:30

HOMOPHILE FRIENDS
Office supplies-$125.00 was given to get the club started.
Communications-$50.00 allocated.
Transportation-The group explained that $94.00 was only enough for two people to go to Albany. It is not enough to represent the organization in the school. Dan DiSantis felt that two was enough. Kara Young said that we should send four people and motioned $124.00. Jim Dingley agreed with Kara. Mike Nemecek felt that two was enough and that if other people wanted to go they should pay their own way. Sue Muar also felt that two was enough and that if there was motivation the money will come up to fund others. $124.00 failed and $94 passed by a vote of 19y, 3n, 0a for transportation.
Publicity-Mike DeLarm felt that they should only be funded $112.00 for 5 ¼ page ads. They do not have to advertise every time. Sue Muar felt that they should use the money from office supplies to make dittos and advertise that way. The group explained that with an ad, the organization is guaranteed publication. They have already tried to advertise with dittos and they have been torn down. Chris Garcia stated that the organization is only asking for what they need and that the Senate should be fair to them. Kara Young said that they should also be given line space and motioned for $140.00. Jim Dingley said that these people must be represented. Other people will not know about them because they are new, the Oswegonian looses ads, dittos are town down. Give them line space.

Eric Ritter said that the line space was essential to the organization. It is so little for so much. Linda Hoo moved the question and $140.00 failed by a vote of 10y, 12n, 1a. Tim Glissen said that they should be given $112.00 to advertise anyway they want to. Eric Ritter motioned for $112.00 and it passed. The group explained that they need more money for movies because they are used at meetings and to promote workshops. Dave Vitch said that meetings should not be centered around films. Chris Garcia stated that the organization was being discriminated against, ads were being lost and not printed. Julio Gracia said that he would fight for the group if they felt they were being discriminated against but the Senate should not be accused of doing the same. He also said they were not special. They are treated like every other group. Sue Muar called the question and $300.00 passed by a vote of 12y, 7n, 3a. Bottom line of $681.00.

Telephone/Supplies-Passed at $85.50
Bottom line of $3,638.35

Gracia felt that they should receive more money. Knowledge is based on lecturers and they are a main benefit to the club. Motioned for $250.00. Tim Glissen added that $250 will enable them to attract more glamorous speakers and make it attractive to the whole campus. Eric Ritter called the question and $250 failed. $125 passed.

Item C-Motion for $120 passed.
Item D-Motion for $6 passed.
Item E-Budget Council did not think that funding the organization $1,500 for their own newspaper was justified. Brian Todd said that Dr. Glick said it was funded 4 years ago and Mr. Wassenaur thought that it was a good idea. BSU must move on and let other schools know what they are doing. Dan DiSantis motioned for $100 which would be enough for several newsletters. Eric Ritter added that a newsletter is important because it promotes diverse ideas. Tim Glissen said that it would be valuable. It will put Oswego in better lights with other schools. Passed at $100 by a vote of 11y, 5n, 0a.

Films-Dan DiSantis motioned for $200 and it passed.
Lecturers-Budget Council felt that $200 was adequate to provide speakers. Sue Muar motioned for $150. The group explained that they were more together this year and that they plan on spending all of the money allocated. Jim Dingley urged to pass at $200 because last year should not reflect what they are going to do in the future. $200 passes. Bottom line of $679.80

PETE TASSINI-on Monday, March 7, Muar and Benson vs Student Association and Davis and Foley vs Student Association. Bill 28 amendment to the constitution was struck down. Only 29 Senators were in the senate at the time. The process was incomplete. For the bill to pass it has to have a 2/3 vote from the senate and then go to referendum anytime or get a petition from the students and then go to referendum by 2 weeks.

Bill 40-Craig Benson said that Peter Guilietti of the Judo Club approached him about being funded. Craig told him about the boxing club. Bill failed by a vote of 0y, 30n, 0a.

Bill 41-Craig Benson explained that there was a serious point behind the bill. The Senate is the least recognized and thanked. Senate deserved 100% increase in pats and recognition. Sue Muar added that she thought Senators should not be paid but that should be recognized. Jeff Webster said that this bill did not belong in the Senate and that anyone who needs a pat on the back should leave the room. Keith Rafferty said that there are not 33 hard working senators and therefore the bill should fail. Nancy Goldfarb said that senators should not get recognition in the form of a bill but maybe a newspaper article. Bill failed by a vote of 9y, 16n, 4a.

Bill 43-Scott Posner said that this bill gives students the right to hold both positions. It should pass in the senate and then the students should make the final decision. Ken Davis said that he thought four days was not enought time for the students to find out about the referendum. Linda Hoo said that the bill should not pass because it forces people who are not senators to get involved. Lou Taravella said that he does not think it will pass referendum because the students do not know enough about it. Senators did not inform them. Mike Nemecek said that this bill was already talked about before. It open the Senate up to more people who want to get involved. Other

SUNY schools find these people the most hard working. Dave McNally said that five election people cannot get the referendum together in 5 days. Scott Posner said that every person on campus is represented by us and if we cannot inform them, then we should not be senators. A vote of 21y, 6n, 4a and it failed. A revote was granted since many people were confused. Many thought that the referendum had to be done during the March 14th and 15th elections. Bill 43 was back on the floor. Kara was against the bill because she felt that not as many people would be involved. Mike DeLarm said that he was under the impression that the referendum had to be taken in the March elections and felt that the students could not be educated in time. A stipulation was added that the referendum had to be held March 19th and it will be conducted by the SUNY Affairs Committee. The bill then passed by a vote of 28y, 3n, 0a.

Resolution 34-Mike Nemecek said that this resolution was to congratulate the Hockey team on the work they did this year. Pat Spadafore said that they deserve credit. Passed by a vote of acclamation.

Resolution 35-Pat Spadafore said that the resolution spoke for itself. Julio Gracia did not think it was fair to the rest of the team that only one individual is recognized. Passed by a vote of acclamation.

Resolution 36-Pat Spadafore explained that Eileen Sommers was going for NCAA records. Passed by a vote of acclamation.

Resolution 37-Mark Cantales explained that this resolution was to show the community that we do know the effects the budget will have on them and to get support from them. Bill Spinelli added that it took a year to get this information together. Passed by a vote of acclamation.

Resolution 38-Ken Steele proposed a formal amendment to postpone Faculty Assembly bringing the resolution up. Paul Atkinson said that people devote a lot of time to ROTC.

He explained that there are about 70 people taking the classes and that they only want credit for the classroom setting. The formal amendment passed. Sue Castrigno explained that the classes that they are taking are marching, jogging, map reading. Does not support ROTC because she does not think that the military should pick up where the state left off in budget cuts. ROTC has made it almost impossible for us to go through school without borrowing money, and being an officer when we get out. Many people are in ROTC because they cannot afford college. They also get paid for being in the classroom. Paul Atkinson said that ROTC inforces peace and that the only think they are looking for is credit for classroom time. People have a choice of joining. Bill Spinelli said that Sue had outstanding points. There was a friendly amendment that whereas, NYS higher education faces even harder times with receiving cuts in staff and faculty and also whereas, Student Association Senate does not feel the military should pick up where the state is backing out on its responsibilities to students in higher education in NYS. Mark Cantales said that the question is whether we should expand the ROTC program. Michael Nemecek proposed a friendly amendment to scratch whereas 3, 4, 5, 8 and 11, and add whereas, we believe that this college should not condone substituting lost departments with ROTC programs receiving credit. Dan DiSantis said that they should get credit because they are working hard toward leadership and developing themselves. Kara said that military should not be on campus and supports the resolution. The another whereas was added stating, the ROTC instructors do not meet the same requirements as the college instructors. The resolution passed by a vote of 17y, 1n, 5a, 1p. Eric Ritter said that ROTC was in conflict with the goals of college. It teaches you to follow orders and not to think. Prepares people to serve in the army and is not a part of liberal education.

Resolution 39-Phil Brousseau stated that for Auxiliary Services to support anything it also has to be supported by an organization in case anything happened. It is for legality purposes. Passed by a vote of acclamation.

The meeting was adjourned at 8:30.

Dave McNally motioned for $252 which is 15¢/60 miles/28. Motion passed.
Tellers-Budget Council recommended $4,489.24 which is a decrease from its present allocation. They felt that the employees should not be on the merit system since there is no problem getting employees for $2.65. Randy Kaplan said that it works as an incentive program. $1,900 passed
Bottom line of $8,222 passed

LOCO

Office supplies-$415 passed
Telephone $739.68 passed
Publicity-$343.95 was recommended by Budget Council because they thought that the organization should make more use of campus media. Bottom line of $2,624.63

Meeting adjourned at 1:00.

The 30th Meeting was called to order at 1:45 on Saturday, March 12.

Sue Muar motioned to have people that come in late marked absent. She explained that some senators come in for 1 or 2 budgets that they want passed and then leave. The motion passed.

Roll call was taken and Linda Hoo, Mark Cantales, Bill Spinelli, Carolyn Tighe, John Rockwell, Jeff Webster, Nancy Goldfarb, Sheldon Munford, Mike Vottis, Keith Rafferty and Paul Atkinson were absent. Mark Tayler, Charlie Mitchell, Ken Steele and Beth Backus were absent with a proxy.

CORNER STORE

Eli Majdalaton said that he watched the corner store grow. He explained that the manager needs lee way or else management will be stiffled. They should be given the option of open to buy. They have derived profit for SA. They should have a reserve fund for replacement of equipment because it must be purchased immediately or else the store cannot operate. Sue Santamaria explained that the Corner Store total sales were $74,361.46, inventory expenses were $59,167.55 and administration expenses were $6,247.81. That gives SA a profit of $8,946.10. They are very efficient with three managers. There has been an increase in sales of 28%. Since there is about $8,000 in groceries in the store right now there is over $16,000 profit for the year. SA only forwards money to the Corner Store. It is used to get established and then returned back to SA.

Personnel-$3,645 is the amount to have cashiers at $2.70 per hour. $3,645 passed.

Manager-$1080 is proposed by Budget Council according to the salary cuts. The group explained that when getting paid $1200 (present salary) it is about $1.52/hr, and when getting paid $1080 it is only $1.36/hr. The managers have to sweep and mop the floor every day. Getting academic credit is not guaranteed. The store takes up a lot of time and learning experience should not be bare compensation. Sue Muar said that the job is a learning experience. Senators do not get paid for what they do and money should be secondary to learning. At this point we need to conserve money and the cutback will not hurt much. Supports Budget Council recommendation. Dan DiSantis also supported Budget Council and said that people should take the job for the experience. Cuts are across the board, and the profit that the store generates should not be an issue. Jim Dingley said that there is no equity

in cross board cuts. It is not the function of SA to decide how one gets experience. Brian Hartman said that according to a survey a few years ago, the Corner Store manager was number 1 in responsibilities. Ken Kirsch said that when the cuts were instituted no one job was taken into consideration. The new person will not be taking a pay decrease. Dave Vitch said that all positions will not get paid what they are worth. The position should be taken for experience. Debate was then limited to two minutes. Eric Ritter said that the manager will not be less effective because there is a cut in salary. The experience is worth it. Sue Castrigno said that SA is in existence to expand college experience beyond academic arena. Sue Santamaria said that the cuts should go by job description and that some compensation system should have been used. Michael Nemecek said that the cuts were justified. Dan DiSantis was totally for the cuts but then said that the pay structure is wrong. Manager's job entails more responsibilities. $1080 passed by a vote of 16y, 2n, 2a.

Assistants-Budget Council recommended $540 for the Corner Store to hire as many assistants as they wanted based on ½ salary of supervisor. Janet Burke said that the store cannot be run with just one assistant. The store costs SA nothing. Two assistants are needed to be effective and have a successful operation. $540 is not fair compensation. Dan DiSantis motioned for $1080 with the stipulation that there be two assistants. Sue Castrigno said that she could not uphold Budget Councils recommendation this time. The two assistants of the Corner Store do almost the same things as the manager. Did not support the $540. Michael Nemecek said that he must support the $1080 because it is shown that they need two assistants. Tim Glissen said that they are both worth 50% of the manager. Sue Muar said that no exceptions should be made to the salary cuts and that it was a procedural issue. Michael Nemecek motioned to have an 8% cuts for the assistants but it was not accepted. Don Ammann called the question and $1080 with the stipulation that 2 assistants be hired passed by a vote of 13y, 4n, 2a.

Advertising-Budget Council recommended $246.80 for 7 ¼page ads in the Oswegonian and an ad in the hockey program. $246.80 passed.

Ken Kirsch suggested that the Corner Store prices be lowered since

they should not be making a profit.

At this time quorum was lowered to 13 by a vote of 10y, 9n.

Publicity44.80wasBudget Council recommendation. Ken Kirsch said that since the group asked to be funded at $0 that is what we should do. Dave Vitch said that they should be funded $44.80 so that other students may join. Sue Muar said that advertising will bring more people who are not just theatre into the organization. $44.80 passed.
Wages-$2.75 was recommended. The group said that they would like to have $3.35 in order to maintain a highly skilled work force. Jim Dingley said that no organization has come up for their budget wanting more money for lighting, and a pay raise was not taken into consideration. $2.75 passed by a vote of 11y, 2n, 3a.
Bottom line of $1,739.80.

MEN'S VOLLEYBALL

Bottom line of $8,460.00.

UMO
The group explained that UMO is only the tour budget of organizations. It is a very important aspect of the group. They get to go to other schools and perform for them. Gives them a change to know what it is like to play in different environments, and to work on their skills and talents. It is very easy to overlook the benefits of UMO. Touring is just as important as rehearsing and performing at home. They do not go to recruit. If funding music groups to only play on campus, the quality of music will go down. 259 students are eager to participate. Ken Kirsch gave Budget Council rational. He said that it is the function of SA to serve

the students who paid their SA fee. Purpose of funding is not to recruit. They should play locally which would also benefit the organization. Sue Muar said that the primary purpose to allocate money is to bring benefit to students on campus. Would like to see money used to play on campus and should be funded at $0. The group explained that they do not go to recruit. When they play on campus they play the same things over and over again. They go to improve themselves. Cannot continually play in the same place without losing interest. Janine Frainier said that it is the job of admissions to recruit. Recommends that they are funded at $0. Eric Ritter said that there was an article in Newsday saying that Oswego was known for the arts. If we do not fund them the quality of music will go down and we will no longer be known for the arts. The organization needs to broaden their horizons. The fazing out of UMO should be done moderately. Jim Dingley read the definition of recruitment which was to replenish or to restore. The organization will be independent if not funded and should rename it IMO. There will be no incentive to put time into productions. Karen McCarthy said that we are not getting rid of the organizations. The arts are always changing and improving and it does not have to leave campus to do it. The main purpose of funding is to serve the students and community. The musicians are good because they have good instructors. Dave McNally said that if we take away touring we take away a part of being a professional. Scott Posner said that it does not take a tour to motivate people. There is a lot of money allocated for new music for each organization. The key to a great band is not going away. You don't go away to get great, you go away because you are great. Jennifer Wichser said that when an organization goes away it is not to recruit. UMO is only asking to bring back enrichment of organization. Urged senators to put money back into the budget. The group said that the motivation to play on campus dies after a while because it is the same audience. Going away has a whole different atmosphere. Quality comes from going out into the world and being able to work with different people. Mr. Burritt said that if they were not funded there would possibly be a strong resistance to paying the mandatory SA fee. Would think of pulling out of SA. Ken Kirsch said that that sounded like a threat. A good investment begins right at home. We must show the students on campus where the money is going to. Sending the whole organization is not a good representation of our SA fee. Other organizations just send a few people to represent them. Jim Dingley said that we were here to represent out constituants and that we should not cater to Budget Council

recommendations. The senate voted 6y, 13n that it was not under the realm of SA to fund UMO. Julio Gracia said that we should not limit them to a local level. The group said that they were very dissappointed, and that they felt very intimidated. Would like to see all at the concert because that would show them that the students want them here.

OCA
Office supplies-$150 passed
Conference-Budget Council recommended $210 for two delegates, with a stipulation that the SA lawyer be requested first for the para-legal training seminars. Mike DeLarm motioned $270 because they need a member from each department to attend. Michael Nemecek said that he was against funding conferences. $270 passed by a vote of 8y, 7n.
Directors salary-$600 passed
Publicity-Budget Council recommended $192.10 because they felt that Oswegonian ads are not justified for every event. $192.10 passed
Telephone-$355.68 passed

Rick Lee addressed the Senate about March 9, 1983 when he went to Albany with Jim Tierney and lobbied against the budget cuts. They visited 8 senators offices and were given 8 different stories about SUNY. The governor has now cuts 2 million more. No one knows exactly what is going on. On March 16, Rick will again return to Albany to lobby. The State University is looking for 48 million dollars to be put back into the budget. $22 million would stop layoffs, 4 million for the computer fee, 5 million to support college workstudy program, and 17 million would roll tuition back to $150. Rick was told that if SUNY gets 15 million they are lucky. Things are worse now than ever before. We must continue to write the 6 top legislators including Anderson, LaValle, Marchi, Cuomo, Fink and Siegel. Sue Muar asked if we were going to institute another letter writing campaign. Rick said that he did not think there was time but if we had the materials and people to do it, it was a good idea. John Bondi asked if letter writings have had an impact. Craig Benson said that he heard students mention that their parents received the letters which we sent out and were going to write.

motioned for $80. Sue Muar asked why it costs more to take pictures of larger things. The group said that the chemicals cost much more. Tim Glissen said that they need $80 to take pictures of larger objects and the group should not be limited in their picture taking. Scott Posner thought that they did not need to put that many pictures in the issue. He would like to see more poetry. Linda Hoo said that they should concentrate on the literary aspects of publication because you cannot find it around campus. John Rockwell said that we should not influence the way that they arrange the issue. Mark Cantales said that they are looking to increase quality and not quantity of pictures. Sue Muar said that budgeting is done only to supplement the organizations. $40 is plenty of money. $80 passed by a vote of 14y, 6n.
Copyright-$0 was recommended by Budget Council because they felt that it was not SA's job to protect an individuals work. John Rockwell said that they did not need three cameras because if the staff took good pictures they would have their own equipment. There was a motion to table photography line so that the group may come back with a breakdown for repairs and additional photographic supplies.

Staff enumeration-$400 was recommended. The group explained that this year they have a larger staff. Do not give weekly salaries. They pay people at the end of each year for keeping with the job. News service-Budget Council recommended $325 because they thought they should focus on campus wide stories. Melanie Janowsky explained that SPS was an affiliation between all SUNY schools. Rick Lee said that they should obtain information around the state by other means. John Rockwell said that SPS is set up so that the Oswegonian can get good objective coverage of everything across the state. Stories can legally be put into the paper. Dave McNalley motioned for $725. Rick Lee said that he was very confident that the Oswegonian did not need outside organizations because they are a very investigative newspaper. Mark Cantales asked if the Oswegonian could find stories on its own. The group responded by saying that there was a time factor involved and that they did not have correspondents. John Rockwell said that you have to receive immediate information. Oswegonian may not find out about it until a week later. Felt that $400 is justified. $325 passed by a vote of 14y, 4n.

Mark Cantales said that a full page ad is worth $170 and one mistake could wipe the whole account out. $150 passed
Income-Passed at $20,000

Craig Benson called the question again and the bottom line passed. Kara Young said that the Pendulum did not owe us an apology. This is why the senate is looked upon as it is. We are here to help the students.

-Saturday in the tavern was Where is Papa
-PPB is for everyone and entertains SA

Rick Lee spoke about how it is going to be a difficult year for SA. He said that students will come to SA and ask them to take responsibilities which will be questionable. The budget cuts will not stop and it will be crucial that SA is tight next year. Students

Office of the Vice-President

will have to be united and strong in order to get things done. When there is a public disagreement, then people will not bother with SA. This might have happened this year so we should look back and learn from it. There is a lot of energy in the Senate and it should be focused in a more positive direction.

Bill 44-Mike Sattler explained that all of the clubs downtown are sponsoring DKK but there is a void and SA should fill it. The money will be helping DKK because their house burned down. Will show students of college that SA is working for the students. Mark Cantales said that we should promote this kind of interaction. Rick Lee said that co-sponsorship is important. Bill Spinelli said that we have had hard times with the community and we need to build up our relationship. Passed by a vote of 28y, On, Oa.

Resolution 40-Mike DeLarm explained that the Retired Senior Volunteer Program were the elderly people maning the polling booths during the elections. This was the least we could do for them. Passed by a vote of acclamation.

Resolution 41-Janine Frainier explained that Kathy Bloom was the first to become an All-American in the history of Oswego State athletics. Passed by a vote of acclamation.

Meeting recessed at 6:55.

The meeting was called back to order at 8:00.

WTOP

WTOP has been rebuilt in the past 6-7 weeks. The old structure was in violation of fire, building, and electrical codes. Programming-Budget Council recommended $1800 which includes for permanent and rental programs. John Rockwell said that that is only enough for about two movies per month and hoped that someone would motion for $3000. Bill Spinelli motioned for $3000. Mark Cantales explained that we need more quality and continuous programming and added a stipulation that there is a monitor in the formal lounge of the Union so that OC students may also benefit. Dan DiSantis said that programming is the meat of the budget and believe that people will watch it. The group explained that their goal is to help the students but also like to increase the amount of viewers that they have. Sue Muar added that it is a viable resource on campus which is not used enough. Karen McCarthy said that she realized programming is important but it should happen

Office of the Vice-President

on a gradual basis. Should look into the possibility of trading with other colleges. Bill Spinelli motioned for $2400 and a two minute time limit was set on the debate. Eric Ritter said that you have to have programming to establish an audience and hoped that somebody would motion for $3000. Bill Spinelli then motioned for $3,000 and it passed by a vote of 12y, 9n, 2a.
Production-Passed at $50.
Publicity-$155.56 was recommended by Budget Council because advertising in the Messenger is not necessary since they are not an OC service. Mark Cantales motioned for $277.16 and said that TOP must effectively publicize downtown. Dan DiSantis said that they also need to advertise on campus. There was a friendly amendment for $355.56 for posters. It was not accepted. Sue Muar called the question and $155.56 passed.
Telephone-$400 passed
Broadcast operations and engineering-$1852.71 recommended. The group explained that the rack that they have now is not sufficient to hold VTR's. Cannot construct one for $100, and they would have to check on the cost of materials. There was a motion by Bill Spinelli to reduce quorum to 14 and it passed by a vote of 11y, 3n, 2a. Mark Cantales said that there was a possibility of it being built but not for $100 so they should go back and find out. Mike DeLarm said that they were asking for something that they really don't need. John Rockwell said that television runs on equipment. This is a yearly part of engineering expense. Need a professionally built rack. Engineering needs to be bought on a continuing basis and would like to see $495 back into the budget. There was a two minute speaker limit. Mike DeLarm motioned for $1752.71 to take out $100 for the rack. We then went line by line. A was funded at $0. B was funded at $816. C was funded at $50. D - John Rockwell motioned for $495 and it failed. Passed at $0. E - John Rockwell said that the station needs 4 lights in order to properly light. The group explained that they need quality lighting before they can even think about going OC. Kara Young felt that they should get 4 lights. Kevin McCluskey motioned for $800. Dan DiSantis said that the quality of production is not as important as the quality of the news. Rick Lee said that he would like to see TOP compete with Channel 5 in Syracuse but we must decide how much we want to accomplish in one year. Mike Nemecek said that the improvement should be done gradually and that they only need two. Sue Muar moved the question and $800 failed. $400 passed by a vote of 13y, 4n, 1a. Light bulbs passed at $120. F-M were funded as requested. Line passed at $1752.71.

News department-$1428 passed.
Consulting engineer-$1400 was recommended. The group explained that no licensed engineer will come in for this amount of money. He has done an adequate job and puts in more than 10 hours a week. John Rockwell said that other professionals want at least $30 an hour. $2100 is justified. Mark Cantales motioned for $2100 and said that this persom is an intrical part of the organization. Dan DiSantis motioned for $1900. Bill Spinelli said that TOP had a lot of priorities and asked if we could reconsider some other lines that were already passed. Sue Castrigno said not at this time. Jennifer Wichser said that since the professional taught them how to fix things, couldn't they do it themselves. The group said that they don't have access to equipment. Ken Kirsch said that he wanted the station to expand in all directions and that it was up to the Senate to decide which way to go. It should be based on a merit increase. Mark Cantales motioned for $1512. Pete Sawyer said that if they were funded at $1400 then we can have fun finding an engineer. $1512 failed by a vote of 7y, 10n. $1400 passed by a vote of 11y, 5n.
Postage-$95 recommended. Mark Cantales motioned for $200 since we also increased programming and they go hand in hand. $200 passed.
Maintenance-$1000 passed.
Office supplies-$225 passed
Income line-The group was very upset at this point since they felt they were not getting the money that they deserved. They stated that if they don't get a new engineer, TOP may not be running and that if equipment keeps breaking they are going to keep coming back to the Senate. John Rockwell said that they only asked for what they needed to run the station with. Cutting out equipment which is integral is wrong. Craig Benson said that if equipment was needed to run the station, then the Senate would pass a bill to get it fixed. Michael Nemecek said that it was not proper at this time to reopen the lines. Bill Spinelli said that in the beginning he was misconstrued and would like to see it reopen. Jeff Carr said the they constantly told the Senate they had many priorities and was against them reconsidering the lines. Income passed at $200.

Income-$4000 recommended by Budget Council. Ken Kirsch explained that it only changes the net amount of money given to an organization. The group said that if the income line was raised then they would have to think about raising the price of their tickets. Eric Ritter motioned for $3500 so that the prices may stay low. Bill Spinelli agreed with the $4000 and added a stipulation that if the $4000 was not met then it would be unequitable to take it out of their budget. $3500 failed. $4000 passed by a vote of 12y, 5n, 1a.

Prof. services-Major speakers passed at $9000. Mike Sattler said that they would like another $1000 for minor speakers because they are about $1500 each. Jim Dingley motioned for $3000. Ken Kirsch reminded the Senate that this year they were funded $10,000 and had 7 speakers. The group explained that there is a big demand for big speakers and that is why they cost a lot. Mike DeLarm said that they should try to get some money from clubs. Sue Muar felt that they deserve the $1000 more. Dave Foley called the question and $3000 failed by a vote of 6y, 9n, 1a. Beth Backus called the question and $2000 passed by a vote of 15y, 4n, 1a. Club speaker passed at $500. Prof. Speakers passed at $11,500.

Office of the Vice-President

members. Sue Muar asked where they usually went to eat and the group said Woolseys. She would like to see $10 for each board member. Dan DiSantis was also in support of the increase. Mike Sattler explained that they need airfair for 4 people, cars for six, and dinners for 6. They have to go to Syracuse to pick up every speaker otherwise they have no way of getting here. Janine motioned for $1286. Beth Backus explained that they were budgeted for 7 speakers last year and only 4 of them flew in and said that she could not understand why they needed 4 airfares if they were only budgeted for 4 speakers. The group said that they all would fly in next year. $1286 passed.
Promotion-Sue Muar explained that advertising is very important. The group said that it was ridiculous to budget for 4 speakers but no advertising for it. Cannot take out one ad in the Oswegonian and expect that to be enough. Jim Dingley motioned for $691.20 and said that the same amount of students should be attracted for each speaker. Sue Muar gave a friendly amendment to drop one of the five Oswegonian ads and it was accepted. Motion now at $668.80 and it passed by a vote of 12y, 6n.

and that attendance at PPB movies are our constitutants. Sue Muar felt that we were not allowing clubs enough time to put on events. Supported 20 films. Pete Sawyer made a friendly amendment for 22 films at $13,860. The group said that it has been a tradition through the years that PPB has a Friday night movie. Every club that has had Friday night films has walked away disappointed because they don't make money. The films should be left to PPB. $13,860 passed by a vote of 10y, 9n, 2a.
Saturday films-Budget Council recommended $2,300. Ken Kirsch felt that they should be funded at $0 because the films are shown in the tavern and it is part of Auxiliary Services. Janine motioned for $0 and said that if AS wants to bring more people into the tavern then they should pay for it. Dan DiSantis said that the tavern would not pay and that AS has not been approached with the funding yet. Sue Castrigno said that this line cannot be based on the fact that AS will or will not pay for it if they have not been approached yet. Jim Dingley said that Ken Kirsch should not influence everybody. We should vote for what our constitutants want. Tim motioned to have it tabled until Wednesday but it failed. Karen McCarthy said that it was ridiculous to fund at $0 and that Budget Council's recommendation was good. Mike Nemecek was against $0 because the Saturday movies are packed and it is a big service. Sue Castrigno said that everybody was concerned if AS will pay for a service which is fully utilized. She suggested that it was funded at Budget Council recommendation and put a stipulation on it that it goes to AS and if they fund it the $2,300 will go to contingency fund. Bill 28

WHEREAS, the current constitutional laws do not allow persons holding an office (i.e. President, Vice President, Treasurer, Secretary, etc.) of a Student Association club or organization to serve as a senator while in continuance of that office, and

WHEREAS, some of our most active senators in the past and present have held and hold both positions, and

WHEREAS, to limit these people to only one office would be a great injustice not only to them but also to the Senate, therefore

Be it enacted by the Student Association Senate of the State University of New York College of Arts and Sciences at Oswego that Article I Section V of the Student Association Constitution be amended as follows:

The words "...and no person holding any other office under the Student Association shall be a member of the Senate during his continuance in office." be stricken from the constitution leaving Article I Section V to read as follows: "No Senator shall, during the time for which he or she was chosen hold any other civil office under the authority of the Student Association."
