Be it resolved by the Student Association Senate of the State University of New York, College of Arts and Sciences at Oswego that:

The Student Association Senate strongly condemns and protests the recently announced tutition increase for the studants of the State University of New York. This tution hike will cause undue hardship for the vast majority of middle income students and will in the long run increasing tution may be detrimental to the educational process not only at Oswego but also for all students of New York State, forced with overcrowding and lack of educational personnel, should not be forced to bear the burden of a near bankrupt state government. We feel that the present increase in tutition and extraneous fees denies the essential priniciples upon which this University Systemis founded. "Let each become all he is capable of being".
Whereas the Student Body questions whether the tuition raise will alleviate the foolowing points:

1. The absence of necessary academic materials:
   a. Library resource materials and staff
   b. Faculty and staff
   c. Acdemic Progrmas and Coultural Activities
2. The Absence of Necessary Services:
   a. Infirmary (students this year will subsidize a student operated ambulance to provide necessary services.
   b. Student employment (cutback in hours and wages).
   c. Scholar incentinve inefficiency.
