## June Photos

In this issue's [photo gallery](#), Reunion kicks off the summer social schedule, young GENIUSes display their research, chasers from meteorology study storms and employees receive recognition. If you would like to submit photos of timely activities for future issues, email pictures with a brief caption to [proffice@oswego.edu](mailto:proffice@oswego.edu).

### Oswego partners in \$15 million Syracuse institute

SUNY Oswego plans to develop a Center for Innovation in Wireless Technology in the new SUNY Institute of Environmental Health and Environmental Medicine to be funded through a \$15 million NYSUNY 2020 Challenge Grant. [Read more >](#)

### GENIUS Olympiad on campus this week

The SUNY Oswego GENIUS Olympiad finals opened Monday, welcoming more than 400 competitors and their mentors from around the world. [Read more >](#)

### Professor's new play explores web of deceit

Take the wrong coat. Reach into the pocket. Pull out an enigmatic note. Plunge into a Hitchcockian web of deceit. Mix gently with suspense, desperation and song, and the ingredients for SUNY Oswego theatre professor Mark Cole's new play emerge as "The Mandorla, or Lying to Tell the Truth." [Read more >](#)

### Large, diverse class on horizon

The Office of Admissions this fall anticipates enrolling one of the largest freshman classes in recent memory -- about 1,485 students, 200 more than last year. It also likely is the most diverse and geographically expansive freshman class. [Read more >](#)

## People in Action

In this issue, read about faculty on film, in print and overseas speaking and conducting research; students attending conferences, winning appointments and scholarships, and being honored for achievement; and staff receiving recognition for their professional and personal talents as leaders, collaborators and artists.
