Spring Photos

In this issue's [photo gallery](#), the college welcomes a wealth of visitors hailing from "Good Morning America," CNY Central Media Group, an institute for the deaf, the Capital District, the University of Rochester and high schools all over Oswego County. If you would like to submit photos of timely activities for future issues, email pictures with a brief caption to proffice@oswego.edu.

First Possibility Scholars prepare to graduate

Advancing understanding of how microbes can help clean up soil after an oil spill, identifying effective methods to survey and track mammal populations, and developing a user-friendly online education platform are just some of the ways the first recipients of SUNY Oswego's Possibility Scholarship are making a difference in the world. [Read more >](#)

International students named 'outstanding'

The Oswego Alumni Association will honor a student from Vietnam and a student from Cameroon with the 2014 Outstanding Senior Award at the Commencement Eve Dinner on Friday, May 16. [Read more >](#)

Heroin resurgence on SUNY group's agenda

Half the agenda of the SUNY Personal Safety Conference on May 12 in East Syracuse is devoted to heroin and opioid abuse, a growing public health issue statewide. Three Oswego staff members will attend. [Read more >](#)

Energized seniors poised for post-graduation moves

With more than 1,600 SUNY Oswego students eligible to take part in the college's three commencement ceremonies on Saturday, May 17, many have already found their directions before donning their caps and gowns. [Read more >](#)

People in Action

In this issue, read about award-winning students in history, journalism and athletics; faculty publishing in economics and philosophy and a student publishing in economics; students and faculty presenting in anthropology; graduate students going for doctorates; and prestigious summer internships with NASA and the Guggenheim Museum. [Read more >](#)

Talent manager to emcee Torchlight Ceremony

Constance Schwartz, a 1990 graduate of SUNY Oswego with a successful career in marketing and talent management, will serve as mistress of ceremonies for Commencement Eve activities at the college Friday, May 16, including the dinner and traditional Torchlight Ceremony. [Read more >](#)

Spotlight

Meet forensic anthropologist Kathleen Blake, whose love of puzzles and teaching helps guide her work with skeletal remains — in this issue's [Spotlight](#).
