### Minutes

The 16th meeting of the 23rd Legislative Session was called to order at 6:09.

Pro Tem, Senator Stisser, conducted the meeting tonight because Jim Triandiflou was in Albany.

The agenda was approved with the following changes: Old Business would take place after the finance report, followed by announcements and public comment, committee reports, and so on.

The minutes were approved with no changes.

Roll was called with the following people absent: John Naughton (with proxy), Charmaine Jenkins.

### EXECUTIVE REPORTS

- Tony LaPinta- Tony stated that Jim Triandiflou was in Albany tonight because he went there to speak about Student Safety on Campus. Jim is expected back shortly.
- "Club of the Week"- Russ Findley spoke to the senate tonight concerning the Student Evening Escort Patrol (SEEP). He stated that this group has just been reorganized, and is here to provide a safer atmosphere for students traveling across campus at evening hours. He welcomed any questions, and stated that the number you can call for SEEP is extension #2105.
  - Amy Armstrong and Tony have started to attend the Presidential Search Committee meetings. At the last meeting, they picked the criteria that is important for the selection of a new President. The whole process is a confidential one, but Tony will share with us as much as he can. This committee meets twice a week. Progress is made, and they are hoping to have a person selected for this position by the end of March or the beginning of April.
  - Jim and Tony reviewed the critiques that the senators did at last week's meeting, concerning SA. They were very pleased to see that the positives outweighed the negatives. Yet, the bad points must be discussed. Some involved the obtaining of a new room to hold senate meetings. A solution to this could be to move out to the upper level of H.U. Some people stated that the input from senators could be better when debate is going on. Another comment stated that you would like to see more students involved with SA. A possible solution to this could be to have a rotating senate. This is when senate meetings are held in the resident halls to show students what senate is all about.

Tony LaPinta (con't)- WOCR: Progress has been made. The draft of the computer readout is being reviewed. Hopefully Dr. Radley will be able to review this proposal by the end of next week. Dr. Radley is familiar with this proposal, and of the progress that has been made.

- SCATE: There were 238 letters and questionnaires sent out to faculty concerning SCATE. We have received 48 responses. Thirty nine people agreed to conduct this survey, nine did not agree. We are not happy with the number of responses we did receive, so another letter was sent out to the faculty. Hopefully the remaining people will comply with this evaluation process.
- Amy Armstrong and Patrick Morin spoke tonight about the Personal Safety Task Force. Amy spoke about the educational implications this group provides. She stated that the main goal of this group is to make students aware of the importance of personal safety. There are personal safety programs being held in the dorms. Movies are being shown, and support groups are available concerning personal safety. Amy stated that they are planning to have an educational week sometime next semester for the purpose of making more students aware of the importance of safety. Patrick Morin also spoke on personal safety. He informed us that the lighting on campus has been increased, and we should be thankful to the workers who donated their time in supplying us with this lighting. He mentioned the Blue Light Phone System that operates on other campuses in the SUNY System. He stated that we are trying to get this system on our campus.

Gerry Mastrianni- No report this week.

#### FINANCE

Dave Jodeit- Thanks to all who completed the paid SA employee surveys. We had no problem with these, and once budget council is established, we will review these surveys.

- The date of Dec. 2nd, for the budget council workshop, might be changed because of another function taking place at the same time. Dave will inform us if the date is changed. Also, twelve applications have been received concerning a person's membership on budget council. There are still applications available, and all of them are due by Fri. Nov. 20th.

#### OLD BUSINESS

Bill #26- This bill concerns itself with Amnesty International. Passed rules.

The finance committee does not support this bill because Amnesty International is a recognized club by SA. The finance committee goes by guidelines that do not permit this type of funding for clubs. Gerry Mastrianni stated that Amnesty International has been approved by the court and is recognized as a club at Oswego. Senator Krebs yielded to Tracy Cook. Miss Cook stated that it would be a great experience for all to hear Juan Carlos speak. She said that we should not pass up the opportunity to hear him at such a cheap rate. She urged us to pass this bill. Senator Krebs stated that this is all the money this speaker is asking for. It will just be used for food and transportation. She urged us to pass this bill. Senator Green expressed his interest in Amnesty International, and would like to hear Mr. Carlos speak. He urged someone to make a friendly amendment to change the amount to \$50.00. He said that this would allow us to stick with our guidelines, but would also bring an interesting speaker to Oswego. There was a friendly amendment made to change the amount to \$50.00, but it was rejected. Senator Krebs expressed her concern over where these guidelines started, and wish we would pass the bill as it is. Dave Jodeit stated that regardless of where these guidelines came from, they are still used. Dave urged that the friendly amendment for \$50.00 be accepted. Senator Shinske made a friendly amendment to change the second

sentence of the fifth WHEREAS to state, "We will provide a \$50.00 honorarium. All in all...". This was accepted. Senator Stisser then moved to question, which was seconded, and clearly passed. Bill #26 passed by a vote of general consent.

Bill #27- This was submitted by Judy Krebs, and sponsored by Mark Finegan. This bill involves the funding of Solid State and State Singers. Passed rules. Finance committee does not recommend funding for this bill because this group received one third of last year's fixed assets account, and it is time to let other organizations get a chance. Mark Finegan yielded to Stan Gosac. Mr. Gosac, from the music department, stated the groups need for this equipment. He explained that when his group performs, this equipment is needed. Usually, the group ends up borrowing the equipment, but he feels that they have worn out their welcome if they borrow any more. He stated that when they rent this equipment, they are just wasting SA's money year after year. He stated that if this equipment is purchased, it should last about ten years, and we would save money in the long run. Dr. Button stated that he was in total support of this bill, and he would like to hear someone argue against it. He feels the group is wonderful, and performs quality work. He urged us to move directly to a vote on this. Dave Jodeit expressed his concern with the dollar figures in this bill. He feels that if this bill passes, it will limit what other people can do. He urged someone to make a friendly amendment to change the amount of \$3200.00 to \$2735.00 because this organization has the \$465.00 in their equipment account which when combined with our \$2735.00, will give them the \$3200.00 they need to purchase all of the equipment. Senator Krebs expressed her disapproval concerning the finance committee's quick judgement on this bill. She stated that this bill is an asset to us, and that we will save money in the long run. Senator Olson then made a friendly amendment to change the total amount of the equipment to \$2735.00. This was accepted. Senator Olson said that this was a good idea because we will be using our money both efficiently and effectively. Senator Steindler expressed his disapproval for the friendly amendment. He felt that this group did not leave sufficient funds in their equipment account. He urged that someone make a friendly amendment to change the total amount back to \$3200.00. Senator Holt was also upset about the first friendly amendment made and feels that it should be changed back to \$3200.00. Senator Norris moved the question, which was seconded and clearly passed. Bill #27 passed by a vote of 30y 1n 1a.

#### ANNOUNCEMENTS AND PUBLIC COMMENT

Jim Triandiflou arrived back from Albany at some point during the meeting, and gave us a brief report of what went on. Jim stated that at Albany, people spoke about various issues. Some people spoke on student safety SUNY wide, self-sufficiency, and increasing the tuition on SUNY campuses. He stated that it was a great experience, and hopes in the future that more students voice their opinions. Jim also gave us a brief review of what is happening with the plus/minus grading system. He stated that he is basically receiving negative feedback, but he will keep us posted. He welcomes all comments. There will be a meeting on Mon., Nov. 23rd, at 7pm in the SA office for all senators who signed up to review the general education requirements.

Judy Krebs spoke about the rider that was placed on Ralph Nader's contract. She urges us to think about what happened. She explained that it is our job to find out what happened. This was an attempt to limit free speech on this campus. This is a violation of the U.S. Constitution. We never even got an apology for this. In order to find out what really happened, an ad hoc committee should be formed.

Gerry Mastrianni invites us all to come here Dr. Button speak about education outside the classroom. This will be on Thurs. Nov. 19th, at 7pm in Seneca Hall.

Tom Lonnquist stated the fact that this is a good working senate, but we must remember that all people are deserving of our respect. The Chinese Magic Review show was a success, and thanks to all those who attended.

Tina Hynes announced that on Nov. 19th, 6pm in rm.221 of H.U., there will be a SASU meeting.

Rob Steindler announced that Jim Triandiflou gave a great speech today in Albany. He also stated that we must be aware of how we spend our money. We are here to give students services. We need more art funded programs.

Barry Shinske asked for some suggestions on how he could get better attendance at hall council meetings.

Dave Jodeit stated that senators must remember that there job involves more than just being here every Wed.; when bills come up, it is your job to go to the source and find the real information the issues involve.

Mark Finegan expressed his thanks to the senate for passing Bill #27.

Tony LaPinta reminded us that if anyone is interested in seeing what the critiques said, that were handed in at the last meeting, feel free to see him after tonights meeting.

Patrick Davy announced that the Latino's Dinner is Sat. Nov. 21st at 6pm in H.U. Ballroom.

Paul Curry asked us to announce to everyone that the Peace and Justice club is collecting items that will be shipped to Nicaragua for the people in need of food, first aid materials, books, etc. Please urge people to bring in such items.

Mike Stisser announced that some of the things that were stated here tonight concerning the various bills, were not stated at the finance committee meeting. He welcomed all people who are interested, to attend the meetings.

Rob Steindler wished Jim Triandiflou a Happy 22nd Birthday!

Scott Tinney asked all senators in OCC to meet with him after the meeting tonight.

#### COMMITTEE REPORTS

Finance- No report.

Rules- No report.

College Community Relations- The Holiday canned food drive is still being worked on.

Signs need to be made, and we are gathering collection baskets that will be placed around campus. This project will enhance college community relations, so please encourage your constituents to donate some canned goods. All are welcomed to help with this project.

Student Services- Thurs. Nov. 19th, there will be a meeting at 7pm concerning disabled students.

Elections- We have started to write the elections bill that we will all be reviewing. The major parts of this bill will be covered before we break for the Holidays.

#### NEW BUSINESS

Bill #28- This involves the purchasing of computer hardware. Please review this bill. Jim Triandiflou stated that he feels that we are prepared to debate on Resolutions #11, and 13, but advises us to let Resolution #12 to sit in the packet for a week. There were no objections to this.

Resolution #11- This resolution addresses the subject of personal safety. Tina Hynes yielded to Patrick Morin. Patrick stated that this resolution says it all. Many people have volunteered their time to make our campus a safer place. These efforts have gone unrecognized. We should show these people how thankful we are by passing this resolution by a vote of acclamation. Resolution #11 was then passed by a vote of general consent.

Resolution #13- This resolution deals with facilitating students with an third yellow bus during the winter months. Senator Adams stated that this resolution is very straightforward. The Student Services Committee has spent a lot of time looking into this problem, and this is the best solution they can come up with. Senator Olson stated that they looked into this problem a lot, and that this is their best conclusion. He stated that this might help to alleviate some of the parking problems on campus. There was a motion made to pass this resolution by a vote of acclamation. Resolution #13 passed by a vote of general consent.

This part of the meeting adjourned at 8:24, but the senate then went into Executive Session. Executive Session concluded at 9:29.

### Minutes

The 17th meeting of the 23rd Legislative Session was called to order at 6:02.

Roll was taken with the following people absent: Mark Finegan (with proxy), Danny Murphy, and Matt Rogers.

The agenda was approved with no changes.

The minutes were approved with no changes.

### EXECUTIVE REPORTS

Tony LaPinta- The following people were appointed to be on Budget Council: Bruce Green, Nels Olson, Michelle Pettit, Greg Holt, Rob Steindler, John Naughton. The alternates are Jim Dragonetti, and Mark Finegan. Tim Underhill was chosen for the student at large position.

- The WOCR proposal has been completed. It will be presented at the College Council Meeting on December 18. Dr. Radley will be reviewing this proposal also. It will be circulating at tonight's meeting, but all are welcome to take a look at it whenever you want because it will be on file in the SA office.
- SCATE is now in its final stages. We received sixty positive responses concerning the administering of these evaluations. Although we did hope for a better response, this is a good beginning. The results of these evaluations will be released before final registration next semester.
- "Club of the Week"- Mike Stisser talked to the senate tonight concerning the Box Office. He stated that it is located on the main level of H.U., right next to the Student Director desk. The hours are posted. He stated that the Box Office sells tickets for concerts, fall and spring fests, dirt day, and hockey games. Mike Stisser is the manager of this office. He stated that the Box Office accepts checks, as well as visa and mastercard. He thanked SA for allowing this office to be able to purchase a phone and an answering machine. He welcomes all to come down and take a look at this office, and if anyone has any questions, the phone number is 341-2589.

Jim Triandiflou- Jim expressed his dismay at the amount of professors that responded to SCATE. He explained how hard Tony LaPinta and Patrick Morin worked on this project.

Jim Triandiflou(con't)- Jim stated that there are 230 professors that teach general education classes. He said that only seventy professors responded. Even if some of these professors did not want to conduct this type of evaluation, they could have at least responded no. Jim stated that he was very upset to see this type of apathy among professors.

- Tina Hynes spoke to the senate tonight about resolution #12 that is in our packets. This resolution involves the opposition to any type of increase in tuition or other fees. Tina invites us to show the governor that we care by writing letters and sending postcards urging the governor to oppose such increases. We must show that we care and we can make a difference.
- The plus/minus grading system failed twenty three to sixteen at the Faculty Assembly Meeting.
- A meeting for the people on the committee to review the general education requirements, was cancelled this week. Jim realized that by attending the Academic Policy Meeting, this process will be done over time. So, Jim is gathering a lot of information on this now, and meetings will begin after break.
- Next weeks senate meeting will be held on the upper level of H.U., near H.U. restaurant.

Gerry Mastrianni- Gerry stated that if anyone is considering bringing a case to the court, please come talk to him about it. It is a serious matter, and he would rather not hear about this by word of mouth, but from the actual person or group that is considering such an action.

#### FINANCE

Dave Jodeit- The senators on Budget Council were announced tonight. If anyone has any questions, please feel free to contact Dave. The Budget Council Workshop was held on Dec. 2nd at 4pm, and very few people showed. Dave is seriously considering the idea of scheduling another type of workshop like this one because he feels that this one might have been scheduled at a bad time.

- Bill #29 deals with the idea of insisting that clubs and organizations submit a line by line request when asking for their budget. This type of specific information is very important for making such vital decisions.

#### COMMITTEE REPORTS

Finance- There will be a meeting next week at 5:30, and finance will speak on the bills as they come up.

Rules- They will speak on the bills as they come up.

College Community Relations- The Holiday canned food drive is well under way. There will be a barrel in the Union for anyone to drop off some canned goods and there will also be a collection can for anyone wanting to donate money. Amy Armstrong urges us all to return to our resident halls and to spread the word about this drive. All your contributions will be greatly appreciated!!! This project will enhance our college community relations, and help the needy community.

Student Services- The disabled students meeting went very well last week. There was a great turnout among both teachers and students. The major goals discussed involved improving faculty awareness, getting money for more tapes and tape recorders, more tutoring, and finding alternate testing methods.

Elections- The first two parts of the elections bill have been completed. However, there are eleven sections still in need of work. So far, the bill has basically been restructured. Voting on this bill will begin next semester. The elections committee has been working very hard on this bill. If anyone is still interested in helping this process along, this committee will be meeting on Thurs. at 5:30, and on Tues. at 8:30.

## NEW BUSINESS

Resolution #14- This resolution deals with vulgarity being used by Oswego Hockey Fans. This resolution is sponsored by Greg Holt. Senator Holt stated that he has attended various Hockey games at other schools, and there are many creative cheers that are used. He stated that it is embarrassing to attend Oswego Hockey games because of the offensive chants that are being yelled. He urges our support of this resolution. Gerry Mastrianni stated that if you approve of this resolution, it does not mean that you do not support the Lakers. Regardless, it is vital that all senators tell their constituents what is going on, and that this type of behavior will be punished. Dean Wassenaar stated that this whole thing is out of control. He stated that the crowds used to just chant cheers, but it is way beyond this point. He said that he knows of many individuals who refuse to go to the Hockey games now, because of the obscene language that is used. Senator Dragonetti yielded to Patrick Morin, who brought to our attention the fact that no matter how we vote, the Athletic Advisory Committee is not kidding. This committee will not allow any students at the hockey games if this type of behavior does not stop. Fan support will be a has been. This type of behavior is really damaging to our school's reputation. Jim Triandiflou stated that this town really enjoys hockey, and many of the young kids play on hockey teams. Yet, many young children do not attend our college hockey games because of the kind of behavior that takes place. Dr. Button stated that our hockey games sound like the way Syracuse University's Basketball games used to sound. He stated that fans must realize that there is a time when this type of language can be very offending to others, so we must know when not to use such language. Dr. Button said that he passed out the article that was written in the Oswegonian to a selected group of students, ranging about fifty in number. Most of these individuals stated that they were against the use of this type of language at the games, but they were not quite sure how to go about ending it. Dr. Button stated his thoughts and background on this topic, and wanted everyone to realize that he did not find this type of language offending. Yet, Dr. Button feels that if others are insulted by this type of behavior, something must be done about it! Senator Naughton stated that he is not in favor of the use of obscene language, but it is a fact of life. He feels that something must be done about this problem, but he feels that there must be a better way to go about this. He questions where one can draw the line on such an issue. He suggested that this be brought back to hall councils to be discussed further. Senator Krebs stated that she is not for or against this resolution. She questions whether this type of resolution will be effective. She stated that this type of behavior is not good, but should the senate endorse this type of solution. Senator Krebs does not feel that this is the type of action that should be taken. She suggested that we try to have a letter about this in the Oswegonian. She feels that this resolution is moving too harshly too fast. Dean Wassenaar stated that this issue deals with presenting this type of solution before the people and asking for compliance. This type of behavior does not serve our hockey team well. He stated that the community used to come together for these games, but the behavior that takes place at these games has pushed our community away. He stated that some kind of strong action must be taken to stop this type of thing. Senator Reploeg called the question, but there was an objection. Senator Hagerty yielded to Gary Schwartz. Mr. Schwartz stated that it is sort of a harsh measure to arrest people for not complying to such demands. He stated that this can be blown out of proportion. He is not condoning the use of obscenities, but he does not believe this is the right way to solve the problem. He thought that it would also be a good idea to write a letter to the Oswegonian to show our concern as a group, on this issue. Senator Stisser suggested that it would be a good idea if the hockey players said something about this at the beginning of the game.

Resolution #14(con't)- Gerry Mastrianni stated that we must realize that no matter how we vote on this resolution, this policy will be effective regardless. Senator Shinske moved the question, which was seconded, and clearly passed. Resolution #14 failed by a vote of 6y 15n 10a.

Point of Personal Privilege- Dr. Button took this moment to bring to our attention that just because we do not support this resolution, does not mean we are for the use of profanity. By reaching this type of conclusion, it shows that this is a real confusing issue. Dr. Button stated that although he is not personally offended, he does wish that this type of chanting would end. He stated that we are the ones who have a major influence on our colleagues, and we must bring this issue to their attention.

Point of Personal Privilege- Senator Green reminded us that no matter if we supported this resolution or not, the decision had already been made. People behaving in an offending manner, will have action taken against them. He stated that the actions of the senate tonight have defeated the point of this resolution.

### OLD BUSINESS

Bill #28- This bill deals with the purchasing of more computer equipment for the SA. This passed rules. The finance committee approved of this bill. They stated that this equipment should have been purchased long ago. Senator Olson stated that this equipment is definitely needed to upgrade the system. He discussed this bill with Dave Jodeit and others. Senator Olson found out that our present system can only be utilized by one person at a time. However, if we purchase the needed equipment, three people will be able to use this system at one time, and word processing will be available. Senator Olson recommended that someone make a friendly amendment to have this money taken out of fund balance, rather than the fixed assets account. Senator Pettit proposed the friendly ammendment to change the fourth line of the be it enacted to state, "from program fund account #99...". This was accepted. Dave Jodeit stated that the friendly ammendment just approved was a great one. He said that now our clubs and organizations would not have to be too limited for funding, and this may have saved us from future bills that would have had to been submitted. Mr. Jodeit stated that if these items are purchased, a lot of correspondence that is on paper, can be transferred onto floppy disks. He stated that this equipment should have been purchased before, but the previous individuals must not have understood the vital need for it. If this equipment is purchased, it will last and be used for a number of years. Senator Shinske stated that there is a need for this equipment. He said that right now we have a disk on loan that must be returned to the company. We have been using this disk for four months. He said that it is obvious that this is the item we need to purchase. Senator Smith stated his disappointment in SA's computer system as a whole. He thought the system was not a very good one, and he stated that he gets his knowledge from being a computer science major. He recommended that we vote against this bill, and a more indepth study be done concerning this equipment. President LaPinta stated that senator Smith has provided us with some good insight as a computer science major. However, he feels our computer system is a good one. He realizes that we have had some problems with it, but he described them as growing pains. He wanted to speak in favor of this bill because this equipment will properly facilitate the SA department. It will add to our assets and operations. Dr. Button presented the crucial point of the matter as questioning whether or not the evaluation process has been exhausted, and is it precise, and is this the best possible solution to the problem. He feels he is not convinced. Senator Krebs made a friendly amendment to cross out the third, fourth, fifth, and sixth WHEREAS'. This amendment also stated to add after the second WHEREAS, that, "Due to the initial problems with the present system, evaluation has been

performed, and it has been determined that added storage space is needed, which requires a 40 Megabyte Hard Disk Drive." Then, the, "Be it enacted..." would follow, with the amount in the third line reading, \$3400. This friendly amendment was accepted. Senator Krebs then stated that she thinks we should table this bill. She feels we should have someone come in and look at the system. Senator Steindler made a motion to table this bill. Debate then centered around whether or not to table Bill #28 or not. Senator Steindler felt that this was not looked into enough, and that more time is needed to make the right decision. Senator Olson stated that this has been looked into thoroughly, and there is no reason to table this bill. President LaPinta stated that we are dealing with a unique problem here. However, we have been experimenting with this needed piece of equipment for four months. This is what we need, so he feels we should purchase it. He does not feel the solution is to table this bill. Tom Lonnquist stated that we could consult Bob Shell, who is a computer expert on campus. Mr. Shell will be able to tell us if a 40 Megabyte hard disk will be able to do the job. Mr. Lonnquist does not feel we will jeopardize the system if we wait another week to make our decision. He urges us to table this bill. Dave Jodeit stated that further evaluation might not be a bad idea. However, he feels that we have a situation here, once again, where few senators have come to check out the situation. He feels that four months has been enough evaluation time. Senator Krebs stated that she completely respects Dave Jodeit for putting the computer system back on line. However, she feels that more time is needed for analysis, and as a result we will be able to get the best equipment possible. Senator Naughton stated that he is against tabling this bill. He feels that if this equipment fits are needs now, we should purchase it. Senator Dragonetti called the question, and it was seconded. It was decided that Bill #28 would be tabled, by a vote of 22y 7n 1a.

Bill #29- This bill involves the proper procedures that clubs and organizations must follow when submitting requests to budget council. This passed rules. Rules recommended that under the first, "Be it enacted...", the second to last line should say, "...approved by the SA senate...". Finance approved of this bill. They stated that this would really help them with the budget council hearings. Nels Olson, Barry Shinske, Michelle Pettit, and Jim Dragonetti sponsored this bill. Senator Olson stated that this is a much more efficient way of going about this process. He urges for the passage of this bill. Senator Shinske stated that this bill would make the budget council process much easier, because he has been on budget council before. Senator Dragonetti stated that this would make the process very straightforward, and much more clear. Senator Steindler made a friendly amendment to change the second to last line of the first, "Be it enacted...", to state SA senate. He also crossed out the second, "Be it enacted...", and replaced it. He wanted the new one to say, "Be it further enacted upon passage of this bill, we hold a second vote and with two thirds consent of the SA senate, the above be it enacted will become a bylaw of the SA Constitution." This was accepted. Senator Dorcelly stated that he felt this was a great idea, and feels that it will really help out the budget process. Senator O'Brien called the question, but there was an objection. Dave Jodeit stated that this bill is a good one because it will give the budget council as much knowledge as possible. However, he feels we should not rush things because the bylaw adds a certain consistency to the bill. Senator Stisser moved the question, which clearly passed. This bill passed by a vote of 28y 2n 1a.

Senator Krebs then made a motion to adjourn, which was seconded. This motion failed by a vote of 9y 16n 4a.

Senator Krebs made a motion to table Bill #29. She stated that we are not just deciding a little yes or no answer here. She stated that what we decide effects the SA Constitution, and people years from now. She agrees with Bill #29, but she feels that more guidelines should be presented within the bill. She feels we are acting too quickly. President LaPinta stated that what we are deciding is very important! Senators must do their homework, and look into what these bills and resolutions are presenting to you every week. Senator Dorcely feels that people do not know the full consequences of what they are voting on. Senator Olson feels that the senators are being lazy, and not doing their jobs. He feels that there is no reason to table bills just because a person is tired! He does not want to hear anymore excuses. Senator Dragonetti stated that this is an important piece of legislation that needs to be discussed. Gerry Mastrianni stated that we must take a healthy part in what goes into the SA Constitution. He said that anything we do here, answers to the Constitution. The actions we take are based on something, and that means something! The Constitution is the most important document on this campus, so do not neglect it! The senate needs to realize that when they neglect to do something, someone suffers! Gerry encourages anyone to come into his office and talk about the Constitution and its bylaws. Senator Norris moved the question, which was seconded. The vote to end debate on tabling the bill, clearly passed. The motion to table the bylaw vote on the bill failed by a vote of 2y 25n 1a. There was then a motion for a roll call vote, which was seconded. The roll call vote is attached to this packet. This vote, to make this bylaw a part of the constitution, passed by 20y 4n 4a.

Resolution #12- This resolution was sponsored by Tina Hynes, Jim Dragonetti, and Nels Olson. Senator Hynes stated that this resolution is very self-explanatory. This resolution will show that we oppose the increase of tuition. Senator Hynes urged for a vote of general consent. Senator Dragonetti stated that this is something we should be actively involved in. This will effect all of us. He urges us to pass this resolution. Senator Olson stated that there has not been a tuition hike in three years, and we do not want to see one now! There was a motion made to have this resolution pass by a vote of general consent. Resolution #12 passed by a vote of general consent.

Roll was taken with the following people absent: Emilio Dorcely (with proxy), Barry Shinske, Marlon Moseley, Charlyene Sherman, Melinda Heaney, Dave Phillips, Matt Rogers.

The agenda was approved with the following change: Number 10a. was added after number 10, including in it Bill #31.

The minutes were approved with no changes.

Senator Sirgado made a motion to limit the time of tonight's meeting until 8pm because it is the last week of classes, and people have a lot to do, and also Frosty the Snowman is on TV tonight. This motion was seconded, and clearly passed.

Special Guest: Captain Tom Ryan talked to the senate tonight about alcohol awareness. He discussed the relationship between alcohol and the law. He stressed the fact that the Oswego police are not just out to punish college students, but to help them, and especially to protect them. Captain Ryan did say that this has been a super year overall. He is excited about the new administration coming into council. He feels that college community relations are really going well! Captain Ryan reminded us that the parking band is in effect. This means that no cars are to park on the city streets between the hours of 1am-6am. This law is from December 1st--March 31st. He then wished us all a happy and safe holiday season.

### EXECUTIVE REPORTS

Tony LaPinta- The WOCR proposal is bound and complete. This will be presented to Dr. Radley on December 18th at 4pm at the College Council Meeting. Tony stated that everything is done from our perspective. He said that we just need Dr. Radley's approval of the proposal. He feels very positive about the whole issue.

- The SCATE IBM sheets have been processed. This has been a very worthwhile project. Thanks to all of those professors that participated in this project. President LaPinta hopes that the next SA administration will keep this project going, and maybe try to get more participation in SCATE. The publishing date of SCATE is expected to be sometime before pre-registration next semester.

- Tony LaPinta (con't)- The Presidential Search Committee is running smoothly. So far, this committee has reviewed resumes, established criteria to judge the applicants with, and the expected date for having three finalists for recommendation to the chancellor, is by the end of March.
- President LaPinta wished us all Happy Holidays, and best of luck on our exams.

Jim Triandiflou- Amy Armstrong is putting together a packet concernig the general education requirements. Anyone on this committee to review these requirements should receive this packet, and read it over the winter break.

- Exchange Days is expected to take place on Feb. 8th and 10th. However, Jim will get back to us concerning these tentative dates.
- Jim once again stressed the importance of knowing Robert's Rules, because he admitted to the senate that he has been making a mistake all semester long, and no one has caught him yet.
- Tony LaPinta, Dave Jodeit, and Jim Triandiflou has discussed their involvement with SA, and they have all felt that it has been one of their greatest college experiences. Yet, they realize that in April, someone else will be taking their positions. They all hope that anyone thinking of running is involved with SA. Jim brought this up just so that you can all think about this over the break. They all welcome anyone who wishes to speak to them about their positions.

**\*\*Senate then had a special treat because Santa Claus came to this weeks meeting, and he had treats for all.\*\***

#### FINANCE

- Santa Claus(Dave Jodeit)- There will be another Budget Council workshop on the Thursday when we return. This will be held in room 212 at 4pm.
- Santa wished us all a very happy and safe holiday season!

#### SUPREME COURT

Gerry Mastrianni- Michelle Twilley has stepped down from her Associate Justice position. Therefore, applications for this position are available in the SA office. Anyone applying for this position will have to go through an interviewing process. Gerry then wished us all Happy Holidays.

#### COMMITTEE REPORTS

Finance- They will speak on the bills as they come up.

Rules- They discussed at their last meeting that two bills may be unconstitutional. These bills are Bill #25, and Bill #29. They will present senate with their case next semester.

College Community Relations- The canned food drive is not going as well as planned, but it is going. The last day to donate is this Friday. Please encourage all students and the overall community to donate these goods for the needy community.

Student Services- Auxiliary Services has granted funding for a third bus. There will be two routes for the winter months. However, we are having trouble working out a time schedule for the bus routes. We are open to any comments.

Elections- This committee is doing fine, but they are having trouble with time. This is so because they want to have something set up for the elections process. When we return from winter break, intensive amounts of time will have to be set aside in order to complete this bill. The people on this committee will meet shortly afer this meeting.

Senator Olson made a motion to bring Bill #28 off the table. This was seconded.

Bill #28- Senator Olson met with Dave Jodeit, Jim Triandiflou, and Bob Shell this week. He stated that Bob Shell said that there would be no problem putting this system into the main frame. Bob Shell just signed a purchase order that morning, for the same exact system. Mr. Shell said that we should purchase all the equipment we set out to purchase from the beginning because it is a good system, and we will need this equipment for it. Senator Olson then urged someone to make a friendly amendment to add back to this bill the two Duo Floppy Disk Drives. This system will work for us, so let's get the equipment we need. Dave Jodeit stated that Bob Shell did inform us of the problem and best possible at hand. Dave met with him for about an hour and a half, and he said that Mr. Shell has been working with this type of computer system for quite a long time now. Dave Jodeit stated that the figure quoted last week was incorrect. He said that the correct price for the 40 Megabyte Hard Disks is \$2975.00. He urged someone to make a friendly amendment to change this. Senator Hynes made a friendly amendment to restore the bill to its original form, and to change the price of the 40 Megabyte Hard Disk to \$2975.00. This was accepted. Senator Smith stated that he too did research this week, concerning this bill. He talked to Paul Taylor about other possible computer systems. Senator Smith realizes that the purchasing of our present system should have been researched more fully. He said that he thinks we should purchase the 40 Megabyte Hard Disks, but feels that we do not need the other equipment. He has given us this information so that we would have a different insight on this issue. Senator Dragonetti then had a point of personal privilege stating that he wished senators would let others finish speaking, and only interrupt them with a point of information if it is necessary. Senator Krebs then made a friendly amendment to put the bill back to the way it was, therefore eliminating the funding of the two Duo Floppy Disk Drives. This was rejected. She said that she realizes that it is imperative that we purchase the 40 Megabyte Hard Disks, but she sees no present need for the Duo Floppy Disk Drives. Senator Hagerty moved to question, which was seconded, and clearly passed. This bill passed by a vote of 15y 12n 1a.

#### NEW BUSINESS

Bill #30 deals with the Blackfriars. Please be prepared to debate on this after break.

#### SPECIAL ORDERS

Bill #31- This bill concerns the funding of winterfestival for \$1000.00. Finance recommends funding at \$711.25. Senator Curry yielded to Doreen Ianello, who is the current director of the L.E.A.D. Center. She stated that this festival expected money from the Alumni Association, but this organization said that they could not fund this event this year. This event is a worthwhile activity that will unite both the college and the community. Senator Curry stated that if we want a good event, we need funding. He urged us to pass this bill. Senator Steindler yielded to Rob Wood, who is a chairperson of Winterfestival. Rob Wood stated that in regards to the funding that the finance committee recommended, the buttons would probably cost more if we were to order less. They purchase the items in bulk quantities. He urged us to fund this bill as requested. Dave Jodeit said that he spoke to Doreen Ianello this week, and he feels that this is a worthy event. He suggested that someone make a friendly amendment to fund everything as requested, except the sleigh rides. This would make the total amount \$800.00. President LaPinta said that he feels that this event should definitely be funded, and is very disappointed in the Alumni Association. Tom Lonnquist said that he must explain that the Alumni Association is having some problems. He said that because of an audit that

took place, everything is still a mess. He said that it is not like this organization gave this money, and then took it back. Senator Olson made a friendly amendment to change the total amount to \$800.00. This was accepted. Senator Krebs called to question, which was seconded and clearly passed. Bill #31 then passed by a vote of general consent.

#### ANNOUNCEMENTS AND PUBLIC COMMENT

Jim Triandiflou wished Paul Curry the best of luck because he will be spending his next semester in China. The next senate meeting will be held on Jan. 27th in rm. 212 at 6pm. Happy Holidays!

Tom Lonnquist said that the senate has been outstanding in both leadership, and in involvement. He wished us all a very happy and safe holiday season.

Judy Krebs reminded us to remember the people less fortunate than us this holiday season. Please help Amy Armstrong with the food drive. Also, Peace and Justice is collecting any notebooks, pens, paper, medical supplies, and the like, for the needy.

Tina Hynes thanked everyone who has been writing letters and postcards to the governor. Keep up the great work.

Nels Olson reminded us all to give blood this week. He also feels that things have been going quite well this semester. However, he wanted to say that the reason for using the point of information in debate, is to clarify what a speaker is saying. He feels that these points are necessary and useful. He wished everyone happy holidays.

Bruce Green complimented the whole senate on what a great job that is being done this year. He enjoys the senate so much, and feels that the executive board is just super. He admires their talent in public speaking.

Senator Sirgado made a motion to adjourn, so that we could all watch Frosty. This was seconded, and this meeting ended at 7:55pm.

**\*\*Happy Holidays to all, and to all a good night!\*\***

Resolution #15- This resolution involves our support of WOCR. This resolution is sponsored by Nels Olson, and Jim Dragonetti.

#### OLD BUSINESS

- Bill #30- Rules was waved. Finance recommended to fund this group with one change. Finance suggested that Blackfriars purchase a 35mm 1.4 normal lens for \$252.00. Senator Reploeg yielded to John Vermilye, from the Blackfriars. He stated that this camera outfit was needed because the camera they have now is twelve years old, and that if they purchased a new camera, they could use this old camera as a backup. Sometimes this group needs two cameras, and Mr. Vermilye could no longer use his own personal camera for the task because his son needed it for a photography class he would be taking. Dave Jodeit stated that Blackfriars has always been a super organization to work with. He suggested that the senate go along with what Finance has recommended, and that Blackfriars ask for the other equipment next year. He urged someone to make a friendly ammendment, and then call the question. Senator Norris made a friendly ammendment to change the one Nikon 35mm F2.8 PC Lens to a one Nikon 35mm 1.4 Normal Lens costing \$252.00, bringing the total to \$1003.20. This was accepted. Senator Olson called the question which was seconded. Bill #30 passed unanimously.

#### SPECIAL ORDERS

- Bill #32- Rules was waved. Senator Krebs made a friendly ammendment to change the last line of the last WHEREAS to state, "...4pm in Hewitt Union." This was accepted. Gerry Mastrianni stated that last year voting went on both days in the resident halls and in the Hewitt Union. Senator Dorcelly feels that it is a good idea to have it one day in the resident halls, and two days in the Hewitt Union. He feels that it would be easier to count the votes that way. President LaPinta stated that there should be a lot of student imput on elections, and that we would be severely limiting the students if they could only vote in the resident halls for one day. He urged someone to change it back to the way it was. Senator Olson made a friendly ammendment to change it back to state, "...4pm in all resident halls and Hewitt Union." This was accepted. The question was moved, which clearly passed. Senator Murphy made a motion for a vote of general consent. Bill #32 passed by a vote of general consent.

### OLD BUSINESS

Bill #33- This bill passed rules. Finance recommends that SASU be cut the \$7,000.00, because this money can be used to benefit clubs and organizations. Senator Stisser feels that SASU has not shown a lot of involvement with this campus. Senator Krebs stated that SASU acts as a union between other schools in the nation. SaSu does things all over the state and nation. She feels that this is a terrible precedent, to all of a sudden pick an organization and review their budget. We are talking about representing students needs as well as wants. Senator Krebs recommends that we do not cut SASU funding. Senator Olson stated that we never see SASU on this campus, unless we try to cut their funding. It is time for concrete action. He highly recommends that we pass this bill. Senator Shinske stated that he really believes in what SASU does, but he feels that this organization does not make itself known on this campus. Daune Kemp was yielded too, and stated that SASU gave a retreat that really helped BSU members. She feels that this organization should not receive a cut in funding.

Bill # 33(con't)- Dave Jodeit stated that SASU has had there office taken away in the Union because of their lack of involvement with this campus. Dave feels that attitudes toward SASU is a SUNY wide feeling. Senator Dragonetti yielded to Francisco Duarte, who represents SASU. He stated that we must learn how to evaluate SASU. He stated that SASU is in need of a new computer system that will be an asset for all SUNY schools. He said that if we reduce SASU's budget, it will be harder for SASU to meet the needs of the students. SASU represents areas that are not usually represented by students. For example, the voting issue, and their is now a student on the Board of Trustees. The government recognizes SASU. SASU gives students a chance to have an input about what is going on in their lives. President LaPinta stated that students on this campus are special! He questions whether or not the services SASU renders are worth \$18,000. He attended an organizational conference sponsored by SASU, and found the whole conference in a state of disarray. He felt that he would give SASU a chance because a new staff was appointed. However, he feels that SASU has had ample time prove themselves on this campus. For example, He has called SASU for help on a number of issues like SCATE and WOCR, and their efforts were futal. He is not satisfied with SASU services. President LaPinta feels that we should reevaluate SASU's budget appropriation. He is in total support of this bill. Senator Finegan feels that he has heard good arguments for and against this bill. However, he is against this bill because he feels it is a terrible precedent to set. Senator Green asked us to look at the situation in a different viewpoint. He stated that we should think about the fact that SASU is planning on having \$7,000 to work with this semester, and what would happen if we took that away? Senator Hynes stated that she is the SASU delegate for this campus, and she feels that SASU does a lot of worthy things. However, she feels that people must get more involved with SASU to understand what it is all about. This type of involvement evolves over time. She stated that things have gotten done without SASU before, and that SASU will not forget about us if we cut them this money. Dr. Button stated that he is interested to see how SASU spends this money, but he still does not have a clear cut view on this issue. He feels that there may be something out there that SASU can do for us that we do not even know about yet. He believes that this issue is a matter of faith and value. Tim Underhill stated that cutting SASU funding midway through the year is irresponsible on our part. He feels that this bill should be tabled or opposed, and it should be reviewed at budget council. Senator Dorcelly feels that this bill is a bad precedent. Senator O'Brien feels that SASU will be less effective if we take away the money. Senator Holt feels that SASU does a good job in representing us. He feels that not funding SASU this money is a bad idea. Senator Steindler feels that he gets his monies worth from SASU. He feels that if we start cutting SASU, maybe other schools will do the same. He stated that maybe we all do not see what SASU does for us, but it would be a definite mistake to cut their funding. Senator Wells yielded to Sarajeon Rossitto, representative of SASU. She stated that SASU has a small budget. She feels that the strength of SASU does not come from money, but the ability SASU has to mobilize numbers. She stated that it is not easy to organize a lobby day. She feels that students need a central organization to do this. She urged us to think about what is behind SASU. SASU is an organization of the students. SASU is a committee of common interests. She said that students are not always first class citizens, and that we have to fight for quality. Senator Murphy called to question, but there was an objection. Senator Murphy stated that SASU does a good job, and that we should give them more time to grow. Senator Sirgado stated that she never heard so much about SASU at one time. Senator Hagerty moved to question, which was seconded, and passed by a vote of 20y 9n 0a. Senator Krebs made a motion for a roll call vote, which clearly passed. Roll call vote is included later on in the minutes. Bill #33 failed by a vote of 11y 17n 3a.

Tony LaPinta then took a point of personal privilege. He stated that he hopes SASU realizes the problems that are present on this campus concerning their organization. He hopes that SASU tries to alleviate some of these difficulties.

Senator Sirgado made a motion to have a break for five minutes. This was seconded.

Bill #34- This bill was submitted by Ian Pesetsky, and sponsored by Jim Dragonetti, and Bruce Green. This passed rules. Finance recommended to fund as requested. Senator Dragonetti yielded to Ian Pesetsky. Ian stated that a group of people have worked hard on getting this organization formed, and he hopes that this bill passes. Senator Dragonetti stated that this organization is strongly united, and he feels confident in the group. Senator Green stated that this is just another opportunity for individuals to gain experience and have some fun at doing it. He is very much in support of this group. Dave Jodeit supported this bill, and urges someone to call to question. The chair made a motion of general consent. Bill #34 passed by a vote of general consent.

Senator Steindler made a motion to amend Bill #25. This motion was seconded.

Senator Steindler stated that under the last WHEREAS of this bill, the number of senators allowed to have voting rights on budget council should be changed to all senators. Therefore, strike the number six from the bill. Senator Steindler stated that there is no reason why any senator should not be able to sit on budget council. Senator Olson felt that if this were the case, nothing could get done in budget council. Senator Shinske stated that it is totally ridiculous to allow every senator a voting seat. Dave Jodeit felt that no one has come to him with any questions whatsoever, concerning this matter. He stated that the senate has the final word on the budgets anyway. He pointed out the fact that all budget council does is recommend budgets, senate is the one who does the voting. Senator Krebs stated that more thoughts and rationalizations on budget council will not hurt us. She feels that it is part of the job of a senator to be at budget council. She stated that this is a precedent here, and we must think about this. Senator Sirgado stated that when this bill came out, it passed. She stated that all budget council does is make recommendations. Senator Pettit stated that if all senators hold a voting seat on budget council, the system would not be efficient. She feels that there must be a better way to do this. Senator Norris moved to question, but this failed by a vote of 14y 15n 1a. Senator Finegan stated that he is not sure if this bill is unconstitutional or not. However, he feels that maybe the people who showed an interest in budget council, but did not make it on the council, should be considered for a position. Senator Reploeg stated that we must stick to the constitutionality of the bill. Dr. Button stated that if we have a constitution that states what Senator Steindler is saying, then we may have an incorrect interpretation. He feels that we should vote rapidly to defeat deleting this from the bill, and have the Supreme Court look into this. Dr. Button then took a point of personal privilege. He stated that we should try not to use swearing in this Senate room. He feels that this is definitely not a place for profanity to be used. Senator Holmes feels that it would be a good idea to change the bill because it is always good to get a variety of people who show interest in budget council, and bring with them new insights. Senator Adams moved to question, which was seconded, and clearly passed. Senator Krebs then made a motion for a roll call vote, which was seconded, and clearly passed. The motion to amend Bill #25 failed by a vote of 13y 11n 6a.

Bill #35- This passed rules. Senator Holt stated that there should be a balance of competition and control in the SA elections. He feels that this bill will help keep the debate to what the candidates have on their platform, and not what their posters look like. He feels that this is a good bill, and he hopes it passes. Senator Shinske stated that he does not agree with this bill. He feels that life is not always fair, and that people should be able to use all of the resources possible for their campaign. Senator Olson stated that we have already been through this, and this bill is very unfair. Senator Steindler feels that this is a good bill, because this does not just limit people to the Oswego area, and it will make the elections fair for all running. Senator Stisser feels that this bill has problems with it. He feels that it should be researched more. Senator Murphy is in agreement with this bill, and feels that whoever says that they are bargain hunting for a better deal, is probably using illegal or immoral motives to win. Senator Dragonetti feels that this is not how an election should be run. He feels that we should not mess with the system. Senator Krebs feels that this bill is a good idea because she has trouble with people who use who they know as a resource. She feels that the elections should focus on ideas, and that the posters should not become an issue. She feels that this bill is fair in that it leaves room for quantity, and quality. Senator Pettit has problems with this bill. She feels that it is a cop out for the elections committee, and that this bill will not accomplish what it is supposed to. Senator Tinney made a friendly amendment to strike the third WHEREAS from this bill. This passed. The question was then moved, seconded, and clearly passed. Bill #35 passed by a vote of 17y 13n 2a.

Resolution #15- Senator Olson stated that he has been working in conjunction with President LaPinta, VP Triandiflou, and Dave Jodeit, to promote the WOCR proposal. He feels that this resolution will enhance the development of WOCR. He has been to College Council Meetings, where WOCR has been supported. The proposal has also received the endorsement of President Radley. President LaPinta urged that this resolution be passed by a vote of general consent. Resolution #15 passed by a vote of general consent.

Bill #36- The finance committee stated that the Education Club came to the finance committee meeting this week. This club stated that they wanted to change the price of Honorariums from \$20.00 to \$25.00. Finance recommends that the senate fund this bill as requested, with this added addition. Senator Reploeg yielded to Susan Lindsley, who is President of the Education Club. She stated that this club has just been reactivated since 1986. There are meetings twice a month, and it runs an advisement center for all education majors. Senator Reploeg stated that there are a great number of education majors on this campus, and this club can benefit all people. Dr. Button stated that he is very happy to see that this group is seeking SA funding. He feels that they are a very worthwhile club, and he urges us to pass this bill. Senator Olson made a friendly amendment to change the Honorariums from \$20.00 to \$25.00. This was accepted. He feels that the Education Department is growing, and that we should fund this bill. Senator Sirgado called to question, which was seconded, and clearly passed. A motion was made that this bill pass by a vote of general consent. Bill #36 passed by a vote of general consent.

Bill #37- Passed rules. However, the Rules Committee stated that they would like to see that the people who get these positions and the tickets, regulate the distribution of the tickets. Senator Olson stated that it is about time that this process be run smoothly. He feels that this is a good bill, that will regulate the process of distributing complimentary tickets. Senator Dorcely stated that this is a good bill, and it should pass. However, he feels that there should be some kind of master list

to determine who these tickets should go to. Senator Stisser stated that it is not possible to get a list before the event happens. He has already tried this. Dave Jodeit stated that it is very hard to try and establish a ticket policy. It puts Senator Stisser in a bad position. He feels that it is time that we get this policy down on paper. He is in total support of this bill. Senator Krebs called to question, but there was an objection. A point of information was raised concerning the distribution of these complimentary tickets in an abusive fashion. Yet, they must be given away with the discretion of the box office manager, and chairperson of the group sponsoring the event. Senator Green then moved the question, which was seconded, and clearly passed. Bill #37 passed by a vote of 30y On la.

### EXECUTIVE REPORTS

Jim Triandiflou- Tyrone Holmes spoke tonight about the Ebony and Ivory Celebration that will be taking place on March 7th through March 11th. This whole program is being sponsored to help improve relations between different cultures on this campus.

All are encouraged to attend the various workshops that will be held, and the dance that will take place in Hewitt Union on March 11th.

- Sarajeon Rossitto, from SASU, spoke to the senate tonight concerning the Chancellor Search that is being conducted. She stated that there has been no Chancellor since last February. She stated that there are going to be press conferences held at SUNY Cortland, and if any students are interested in going, please contact her. It is important that students go to functions like this, in order to show that we do care.
- Amy Armstrong spoke to the senate tonight concerning the Presidential Search Committee. She stated that on Thursday, March 3rd, there will be a full page add in the Oswegonian, stating the dates that Presidential Candidates will be on this campus. She encouraged us all to attend the speeches that these candidates will be making on campus. The first candidate will be here next Thursday, March 10th. Miss Armstrong could not stress enough the importance of this whole process.
- Jim Triandiflou then read to the senate a letter that Dr. Radley had sent to him. This letter thanked the senate for all the time they have put into Oswego. President Radley stated that she truly enjoyed working with all of us. Jim then gave a special thanks to Senator Michelle Pettit for all of her hard work on Budget Council.
- Miss-A-Meal will be taking place on Thursday, March 10th, and the proceeds will go to the United Way. So, please encourage all students to participate.
- SCATE is out and about. We are all very pleased with the results. This is definitely an accomplishment we should all be proud of. We hope that SCATE will be beneficial when students are choosing their courses for next semester.

- Jim Triandiflou(con't)- Jim stated that he is very distressed over the proposed state budget for SUNY schools. He stated that SUNY Oswego received a .8% increase over last year's allocation. This is the lowest allocation of all the SUNY schools. He stated that we must make people aware of how this will affect SUNY Oswego. This is a serious matter we are dealing with here. If this budget passes, it will kill this institution. We will have to hold less classes, and there will not be enough money for faculty and staff workers. SUNY as a whole will be taking steps backwards. What can we do? We must write letters, and participate in lobby days. We must make this subject a top priority on our list.
- On Monday, March 7th, at 6pm in the Union, there will be an indepth forum held concerning the SUNY Budget. All are encouraged to attend.

- Todd DeWispelaere- The interviews are now completed for the Associate Justice position. There were ten applicants originally. Three people came back for second interviews. A choice has been made, and the recommendation has been given to President LaPinta. Now it is up to the President to appoint someone.
- Anyone who has any questions concerning the court, please feel free to come in at any time. Office hours are posted.

### Finance

- Dave Jodeit- Dave passed out a budget proposal breakdown, which contained the total recommendations for the '88-'89 school year. The total recommendation was made including a \$2.00 semester increase in the S.A. fee. Next Wed. and the Wed. after that, appeals will be taking place. If there are too many appeals, we will work on them the next day, which is Thursday. There is no set procedure concerning budget council, so Jim, Tony, and Dave have been discussing this, and plan to organize the process for next year. Dave warned us that the media groups, and SASU will most likely be coming before the senate to appeal their budgets. Dave thanked all senators who participated in budget council, and all the people who worked so hard to make this year's council a good one.

### COMMITTEE REPORTS

- Finance- There will be a meeting on Wed., March 9th, at 5pm, in the SA office.

Everyone is urged to come.
- Elections- There will be a debate held on Mon., March 7th, at 7pm, in the Hewitt Union Main Lobby, between the candidates running for an SA Executive Office. - There has not been any late breaking news concerning the SUNY Budget. There have been over 150 letters mailed out to various Senators and Assemblymen about this issue. It is super that students are expressing their concerns like this. Please keep encouraging people to write letters, and they may bring these to the SA office.
  - Please clean out your blue senate binders that you received at the beginning of your senate term. These will be collected next week.
- Tony LaPinta- He apologized for not being present at the last two SA meetings. President LaPinta was caught up with his internship in Syracuse, and his involvement on the Presidential Search Committee.

  - Tonight we will listen to six budget appeals. Many hours are put into the budgetary process. Fiscal responsibility is now in the hands of the senate. Please be sure to look carefully at the needs of these organizations, and do what you feel is appropriate. Please do not let the time barrier work against you, because you are deciding the fate of SA.
  - There are four finalists for the position of SUNY Oswego President. There are two more open sessions for students to go and observe the candidates. Everyone is encouraged to attend. It is important that the Presidential Search Committee receives the opinions of students concerning these candidates.

Gerry Mastrianni- He apologized for being absent from SA for about a month, but he has had some personal problems. He thanks all of those people who have helped to support him through these times.

- The Oswego Rugby Team has had problems in the past with its dealings with the Hewitt Union. However, this team had a meeting with Don Harrison, and Tyrone Holmes, and they will be receiving their Union priveleges back.

### FINANCE

Dave Jodeit- Please keep in mind that tonight during appeals, every time an appeal is passed, this may cause your SA fee to increase. Also, in budget council, we tried to debate every budget for approximately a half hour. Another point to mention, is that when viewing appeals of minority groups, view these like any other organization, and do not let it become an issue of dicrimination.

- The Ramones will be appearing this Friday, at Laker Hall.
- Applications are available on March 17th for the positions of Director of Finance, Assistant Directors of Finance, and Director of Minority Affairs. These applications are due on April 11th in the SA office.

Freshmen will still be required to take the 19 meal plan. Concerning the "roll over" program, points are just rolled over from the fall to the spring semester, not from spring to fall. cuts in financial aid programs that were dicussed last meeting. He encouraged students to write letters to their Congressmen, and Senator D'Amato. April 1st is the national day of action.

### OLD BUSINESS

Bill #38- There was a motion for reduction of quorm from 17-13.

There was a move to question which moved unanimously. The motion to lower quorm failed unanimously. In regards to the bill, Sally Ann Cronk, a part-time student, spoke in favor of it passing. Senator Triandiflou brought forth Sally Ann Cronk to prove that some part-time students do exercise full use of SA benefits. He urges passage of the bill. Dr. Button sees Mrs. Cronk's point, but states that she understands the fee. He feels most other part-time and graduate students will not understand it. He feels it is a bad bill that will receive bad press, and urges us to vote against it. President Rivera gathered data from other colleges in which graduates and undergraduates pay the same SA fee. Senator Olson and John Deighan felt that the credits should be changed from 12 to 15. They urged us to vote in opposition of this bill. Senator Harris yielded to Jeff Craig, who felt this was a needed bill. He felt the Bursar's office would have no problem with the bill since Bernie Henderson stated such. He felt this is taxation with representation. Senator LaPinta found problems with the bill, but felt some type of fee should exist. Dean Wassenaar was against this bill because he felt that it was a violation of the fees intended purpose. He feels it will involve complex programming and finds problems with the administration of it. There was a move to question, which was seconded. This failed by a vote of 14y 9n 1a. Senator French thinks the bill is fine, and finds the actions of this body to be quite pathetic. Senator Krebs presented a friendly amendment to strike the thirid whereas from the bill, and change the credit hours from 12 to 15. There was a move to question, which unanimously passed. Bill #38 passed by a vote of 15y 9n 2a.

### COMMITTEE REPORTS

However, elections were up 13% since last year. (5) Drop Date- progress was made, but the extension of the date is still being worked on.  
- Advice for the future administration, was to be aware of problems, but do not try to do too much too soon. Also gave special thanks to Dr. Button, and invited us all to attend a social gathering at his home.

Yuval- Concerning the case filed against the SA elections committee, it was dismissed due to lack of injury demonstrated to the voting public.  
- Asks us to pay special attention to the bills coming up, especially the one concerning Dialectica (Bill #41). Please treat bills with special care because they are the core of the student body.

- Thanks to all who attended the Senate Retreat. It turned out to be an educational and fun filled afternoon.

- State Budget came out last weekend, and final education budget was higher than expected.
- Federal Budget resolution in the House of Representatives passed.
- On Wednesday, April 22nd, anyone is welcome to take a trip to Albany. We will be meeting with the President of SASU.

- We must get a legitimate OCC started. Moves they have made in the past have been questionable.
- Senators please be aware that your constituents are paying attention to the job your doing and that I have had complaints about some Senators who do not attend Dorm Council. One person asked me how one would go about impeaching a Senator. Please keep in mind what I have said about Wednesday night Senators.
- At the last academic policy meeting, we discussed the extension of the drop date. Our proposal was: Extension of the drop date for 15 days, and withdrawal 22 days. - Dr. Radley will be speaking at our next meeting on April 22nd.

### FINANCE

John Deighan- At the Senate Retreat the financial aspects of SA were dicussed. We learned about our surplus account, budget council, funding for WOCR, and much more. If anyone has any questions at any time, please feel free to come and see me.

### NEW BUSINESS

Please review Bill #5. We will be debating it next week.

### OLD BUSINESS

Bill #1- Passed rules committee. Finance feels only item #1 should be funded. Sponsor of the bill, Mindy Reploeg, stated that this bill was self explanatory, and urged us to pass it. Senator Mastrianni made a friendly amendment to cross out items #2 and 3, which would bring the total to \$1881.00. This was approved. Kim Morella, WTOP General Manager, spoke about the need of all three items presented in the bill. She asked us all to visit WTOP and see what it is all about. John Deighan recommended that we fund for item #1 only, and if WTOP still needs items #2, and 3, then to come back. Dr. Button questioned the necessity of the equitment for programming and do we have the money for funding. He did encourage the promotion of WTOP. Senator Smith urged us to pass this bill as it now stands. The question was called, and seconded. This bill passed for the funding WTOP item #1, equalling 1881.00, by a vote of 25y 3n 0a.

Bill #2- Passed rules committee. Finance recommended passage of this bill at ten hours per week, instead of fifteen. This bill will be reviewed at budget council. The sponsors of this bill are Mike Stisser and Barry Shinske. Senator Shinske made a friendly amendment for the hours to be changed from fifteen to ten. Senator Giles yielded to Nels Olson, who urged passage of this bill. Senator Mastrianni called for a vote of acclamation, but there was an objection. Senator Steindler yielded to Jeff Craig who urged us to return to the original content of the bill.

There was a move to question, which was seconded. This motion failed by a vote of 18y 10n 0a. Senator Kemp made a formal amendment for this bill to go back to its original content, which was for fifteen hours a week equalling \$840.00. Senator Stisser felt the bill is fair when it allots ten hours a week. John Deighan stated that this money is just an incentive and that no matter what the hours are or the pay is, we need a dedicated person for this position. Senator Steindler yielded to Rob Wood who stated that we definitely need someone who will act as a liason. Senator Franzel urged us to allocate lower number of hours, and we can always raise the hours when we know what this person will be doing. President LaPinta reminded us that we are dealing with a salary and that this position will be evaluated at budget council every year. He advised us to pass this bill for ten hours a week. Senator Underhill moved the question which clearly passed. The Formal Amendment failed by a vote of 11y 19n 0a. There was a move to question which clearly passed. Bill #2 passed by a vote of 23y 4n 1a.

Bill #3- The sponsors of this bill are Mindy Reploeg and Janette Hausler. Bill #3 passed rules. Finance does not recommend funding because it is not for long term. Senator Reploeg yielded to Dan Skidmore, who spoke on the importance of getting a lot of people to attend this event. He stated that one van fitting fifteen people would cost \$494.00. Senator Hausler yielded to Brian O'Bach who stated that it is important for us to say no to what we feel is wrong. He stated that they needed the money to defray costs. Senator Shinske stated that this would be a bad precedent to set because this is not the nature of the SA fee. Senator Dragonetti yielded to Nels Olson who stated that we should not use the surplus account for this. Dr. Button feels positive about what this club is trying to do, but has serious reservations about this bill. He encourages us to vote against its passage. There was a move to question which clearly passed. Bill #3 failed by a vote of 8y 19n 1a.

Bill #4- Sponsored by John Naughton, Rob Steindler, Mike Stisser, and Jim Dragonetti. This bill passed rules. Finance recommended to fund as requested. Senator Dragonetti yielded to Vic Golio who explained our chances concerning an educational band on the FM station. Senator Shinske moved the question which was seconded. Bill #4 passed by general consent.

#### ANNOUNCEMENTS AND PUBLIC COMMENT

Tony LaPinta commended the Senate for their decision on Bill #3.

Dan Skidmore was distraught about the decision concerning Bill #3. He feels that Democracy is a process everyone must get involved in. It affects EVERYONE.

Rich Milford asked us to review Bill #3. He said that OCC had their elections and that they will be making appointments. The legality of OCC is still in question.

Jim Triandiflou also stated that the debate went well tonight. However, he urged us to call to question rather than to move to question immediately. He feels this gives us a better chance to ponder the bills.

It was announced that there is a Mackin Fest on May 2nd, from 2-8pm.

There was a motion to adjourn which clearly failed.

Janette Hausler announced that on Thursday, April 23rd, there would be a Publicity Workshop in H.U. Formal Lounge.

Dr. Virginia Radley- President of SUNY College at Oswego, Dr. Radley expressed her pleasure to come speak before the Senate. She is very proud of our college, and of its fine leaders. President Radley gave her report concerning the 1987-88 school year: The fall enrollment target is 1375 Freshman, and 625 Transfers. This will lower the student/faculty ratio, and improve living space in the resident halls. We are accepting 45% of all those who apply, SUNY Oswego is now rated, "highly competitive" according to the new Barron's Guide, and is recognized as one of the top one hundred colleges in the U.S.A. SUNY Oswego is said to be known for reputation, diversity of programs, traditional college environment, physical atmosphere, making a person feel like an individual, and is known to give good value for ones money. Students are said to stay at SUNY Oswego because of the super Professors, wonderful friends a person makes, intellectual and social atmosphere, curriculum, and people receive great jobs. President Radley welcomed any questions at this time. She wished us all a pleasant spring.

Concerning new business, the, "Be it enacted..." in Bill #6 should read, "Be it enacted by the Student Association Senate of the SUNY College at Oswego that the sum of twenty five dollars be transferred from account #757 to an account to be established upon passage of bill to be allocated..." Also in Bill #6, the three dates stated as April 28th, should be changed to April 30th. Resolution #1 should be added to new business,

#### EXECUTIVE REPORTS

Jim Triandiflou- Went to Albany today for a Board of Trustees meeting.

At this meeting there were ten SUNY schools and the discussion concerned dorm self sufficiency/tenant rights. Students worked in conjunction with SASU to talk about the revenue generated from the money we pay, and does this equal the money needed to run the buildings.?. For 1986-87, it has been the first year in which each campus was responsible for their own costs concerning housing. In the past this was state funded. The problems that arose were: (1) student input (2) student rights within the dorms (3) different rents for different dorms (4) how this applies to SUNY Oswego.

Jim will meet with Chuck Weeks and get back to us on this.

- Miss-a-Meal raised \$2176.92 for the Dorothy Rogers scholarship fund sponsored by UAA.
- Concerning the Federal Budget, an amendment called the Hollings-Danforth amendment has been proposed, which calls for a \$1.7 billion increase in funding for all education. Both Senators representing NYS, have picked up co-sponsorship of this amendment. Thanks to all Senators of SUNY Oswego and all persons who wrote letters and/or made phone calls to urge these NYS Senators to support higher education.

Tony LaPinta- If any Senator is unable to attend a meeting, please try to get a proxy to take your place. Tony is very unhappy with attendance for tonight.
