## *The Seal*

The seal displayed on the backdrop was designed by John W. Mincher, professor emeritus of the Theatre Department, for the inauguration of Oswego's ninth president. Gracing the center of the seal is the symbolic torch which traditionally represents the light of learning. The seal was donated to the College by Professor and Mrs. Mincher.

## *The Academic Procession*

The centuries-old pageantry of the academic procession dates from ancient traditions rooted in the early universities. Since the clergy were in charge of the first academic ceremonies, they followed the familiar order of religious processions.

## *The Medallion*

The medallion worn by the president of the State University of New York at Oswego, is a symbol of authority worn at all official ceremonies such as Commencement and Honors Convocation. Oswego is represented in the perfect center of the medallion by a tiny green and gold circle. The dot is properly located on an outline of New York State, and the State itself is surmounted over a globe, thus showing the relationship of the institution to both New York and the world.

A wreath of gold leaves surrounds the globe, and is circled by a flat band bearing the engraved college name, and includes two dates: 1861, the college founding, and 1948, marking the founding of State University, of which Oswego was a charter unit.

Above the medallion is a gold lamp of knowledge, emblematic of a seat of learning.

The medallion was designed and executed by Professor Dominic DiPasquale of the Art Department.

## *The Mace*

In medieval times the mace was used as a weapon of offense and the metal head was often heavily spiked. Today it is used chiefly in ceremonial functions of churches, governments, colleges and universities. The head of the Oswego mace holds a jade sphere symbolizing the university of wisdom and knowledge, surrounded by four silver flanges unfolding petal-like without imprisoning the sphere and representing the potentiality of disciplined imagination, the goal of higher education. The richness of the jade and the rosewood shaft are emblematic of the pomp and solemnity of academic ceremony. A gift of the Class of 1969, the mace design and silver work was executed by the late Professor Joseph F. Shoenfelt, Art Department, and the rosewood turning by Professor Emeritus William D. Todd, Technology Department.

## *The Tradition of Academic Attire*

The caps, gowns and hoods worn at college and university functions date from the Middle Ages. Monks and students of that time wore them to keep warm in the damp, drafty halls of learning. From these practical origins they have developed into the accepted garb which symbolizes scholarly achievement.

Baccalaureate gowns have a long, pleated front with shirring across the shoulders and back. They are primarily distinguished by flowing sleeves pointed at the fingertip. These gowns may be worn open or closed.

The master's degree gown is worn open and the sleeve is cut so that the forearm comes through a slit just above the elbow.

Gowns for the doctor's degree are also worn open. They carry broad, velvet panels down the front and the three velvet bars on the full, round sleeves. This velvet trimming may be either black or the color distinctive of the degree. Mortarboards or caps worn with baccalaureate and master's gowns generally have black tassels. The tassel of the doctoral cap is usually made of gold bullion.

The hood gives color and meaning to the academic costume. Its silk lining bears the color of the institution conferring the degree. The hood is bordered with velvet of a prescribed width and color to indicate the field of learning to which the degree pertains.
