SYLVIA WATERS

Honorary Doctor of Fine Arts Degree
New York City

Sylvia Waters has communicated the energy and diversity of American culture nationally and internationally through one of our native art forms; modern dance. As a principal dancer with professional dance companies, she was a cultural ambassador on the stages of the world. In her current role as artistic director of the Alvin Ailey Repertory Ensemble, she has brought the magic of dance to schools, colleges and communities throughout the United States.

Sylvia Waters began her dance studies at the New Dance Group in her native New York. While earning a bachelor's degree in dance at The Juilliard School, she studied with Antony Tudor and Martha Graham and ultimately received a scholarship to the Martha Graham School of Contemporary Dance. After touring Europe in *Black Nativity*, she moved to Paris, where she appeared regularly on television and worked with Michel Descombey, then director of the Paris Opera Ballet. She also worked with choreographers Maurice Béjart and Milko Sparembleck.

She returned to the United States in 1968 and joined the Alvin Ailey American Dance Theater, becoming a principal dancer with the company and touring throughout the United States, South America, Europe and the Soviet Union.

When Ailey formed the Alvin Ailey Repertory Ensemble, he named Waters its artistic director. In this capacity since January 1995, Waters has been responsible for the growth of one of the country's most vibrant young dance companies and has established a distinguished reputation as a teacher, conducting master classes throughout the country. The ensemble maintains a busy touring schedule, bringing performances, master classes, and lecture-demonstrations to smaller cities and colleges.

In describing "the love and labor that Ms. Waters has poured into her task," Anna Kisselgoff, dance critic of *The New York Times*, noted that "a sign of [her] success is how many of Ms. Waters's dancers profit from the two or three years they spend with her before joining major companies." Many have graduated to the Alvin Ailey American Dance Theater, and nearly all have found work in the dance field, whether as dancers, teachers or choreographers with other professional dance companies.

The Oswego State University College Honors Program consists of a core of courses in the social sciences, humanities, natural sciences, philosophy, and history designed to stimulate students' intellectual growth and develop their analytical abilities. Unlike traditional courses, which present material from a single field of study, Honors Program courses are multi-disciplinary, drawing ideas and information from many fields and addressing concerns common to all the disciplines. In addition to Honors core requirements and all the requirements in their majors, Honors Program students must also meet requirements in laboratory science and a foreign language and complete a Senior Honors Thesis, in which they explore a topic in some depth. The following students from the Class of 1997, wearing silver tassels, have successfully met all the requirements for the Oswego State University College Honors Program:

Elizabeth Susan Aluck

THE SEAL displayed on the backdrop was designed by John W. Mincher, professor emeritus of the Theatre Department, for the inauguration of Oswego's ninth president. Gracing the center of the seal is the symbolic torch which traditionally represents the light of learning. The Seal was donated to the College by Professor and Mrs. Mincher.

THE ACADEMIC PROCESSION - The centuries-old pageantry of the academic procession dates from ancient traditions rooted in the early universities. Since the clergy were in charge of the first academic ceremonies, they followed the familiar order of religious processions.

THE TRADITION OF ACADEMIC ATTIRE

Caps, gowns and hoods worn at college and university functions date from the Middle Ages. Monks and students of that time wore them to keep warm in the damp, drafty halls of learning. From these practical origins they have developed into the accepted garb which symbolizes scholarly achievement.

Baccalaureate gowns have a long, pleated front with shirring across the shoulders and back. They are primarily distinguished by flowing sleeves pointed at the fingertips. These gowns may be worn open or closed.

The master's gown is worn open and the sleeve is cut so that the forearm comes through a slit just above the elbow.

Gowns for the doctorate are also worn open. They carry broad, velvet panels down the front and the three velvet bars on the full, round sleeves. This velvet trimming may be either black or the color distinctive of the degree. Mortarboards or caps worn with baccalaureate and master's gowns generally have black tassels. The tassel of the doctoral cap is usually made of gold bullion.

The hood gives color and meaning to the academic costume. Its silk lining bears the color of the institution conferring the degree. The hood is bor-

dered with velvet of a prescribed width and color to indicate the field of learning to which the degree pertains.

THE MEDALLION worn by the president of Oswego State University, is a symbol of authority worn at all official ceremonies such as Commencement and Honors Convocation. Oswego is represented in the per-

fect center of the medallion by a tiny green and gold circle. The dot is properly located on an outline of New York State, and the State itself is surmounted over a globe, thus showing the relationship of the institution to both New York and the world.

A wreath of gold leaves surrounds the globe and is circled by a flat band bearing the engraved college name, and includes two dates: 1861, the college founding and 1948, marking the founding of the State University of which Oswego was a charter unit. Above the medallion is a gold lamp of knowledge, emblematic of a seat of learning.

The medallion was designed and executed by Professor Dominic DiPasquale, formerly of the Art Department.

THE MACE - In medieval times the mace was used as a weapon of offense and the metal head was often heavily spiked. Today it is used chiefly in ceremonial functions of churches, governments, colleges and universities. The head of the Oswego mace holds a jade sphere symbolizing the university of wisdom and knowledge, surrounded by four silver flanges unfolding petal-like without imprisoning the sphere and representing the potentiality of disciplined imagination, the goal of higher education. The richness of the jade and the rosewood shaft are emblematic of the pomp and solemnity of academic ceremony.

A gift of the Class of 1969, the mace design and silver work was executed by Professor Joseph F. Shoenfelt, formerly of the Art Department, and the rosewood turning by Professor Emeritus William D. Todd, Technology Department.

Singing reverently

Pledging our school fair

In her name and praise

Oswego, Alma Mater
