THE COMMENCEMENT SETTING was designed for the investiture of Oswego's ninth president, Stephen L. Weber, by Professor Emeritus John Mincher and Professor William Stark of the Theatre Department and constructed by members of their stagecraft class. The marbelizing was done by alumnus Jeffrey Glave and the gold curtain material was obtained by alumnus Jef Billings. The curtain itself was made in the Theatre Department under the guidance of Professor Kitty Macey. The torch medallion was designed by Professor Mincher and is a gift of Professor and Mrs. Mincher.

THE ACADEMIC PROCESSION -

The centuries-old pageantry of the academic procession dates from ancient traditions rooted in the early universities. Since the clergy were in charge of the first academic ceremonies, they followed the familiar order of religious processions.

THE TRADITION OF ACADEMIC ATTIRE

Caps, gowns and hoods worn at college and university functions date from the Middle Ages. Monks and students of that time wore them to keep warm in the damp, drafty halls of learning. From these practical origins they have developed into the accepted garb which symbolizes scholarly achievement.

Baccalaureate gowns have a long, pleated front with shirring across the shoulders and back. They are primarily distinguished by flowing sleeves pointed at the fingertips. These gowns may be worn open or closed.

The master's gown is worn open and the sleeve is cut so that the forearm comes through a slit just above the elbow.

Gowns for the doctorate are also worn open. They carry broad, velvet panels down the front and the three velvet bars on the full, round sleeves. This velvet trimming may be either black or the color distinctive of the degree. Mortarboards or caps worn with baccalaureate and master's gowns generally have black tassels. The tassel of the doctoral cap is usually made of gold bullion.

The hood gives color and meaning to the acade-

mic costume. Its silk lining bears the color of the institution conferring the degree. The hood is bordered with velvet of a prescribed width and color to indicate the field of learning to which the degree pertains.

THE MEDALLION worn by the president of Oswego State University, is a symbol of authority worn at all official ceremonies such as Commencement and Honors Convocation. Oswego is represented in the perfect center of the medallion by a tiny green and gold circle. The dot is properly located on an outline of New York State, and the State itself is surmounted over a globe, thus showing the relationship of the institution to both New York and the world.

A wreath of gold leaves surrounds the globe and is circled by a flat band bearing the engraved college name, and includes two dates: 1861, the college founding and 1948, marking the founding of the State University of which Oswego was a charter unit. Above the medallion is a gold lamp of knowledge, emblematic of a seat of learning.

The medallion was designed and executed by Professor Dominic DiPasquale, formerly of the Art Department.

THE MACE - In medieval times the mace was used as a weapon of offense and the metal head was often heavily spiked. Today it is used chiefly in ceremonial functions of churches, governments, colleges and universities. The head of the Oswego mace holds a jade sphere symbolizing the university of wisdom and knowledge, surrounded by four silver flanges unfolding petal-like without imprisoning the sphere and representing the potentiality of disciplined imagination, the goal of higher education. The richness of the jade and the rosewood shaft are emblematic of the pomp and solemnity of academic ceremony.

A gift of the Class of 1969, the mace design and silver work was executed by Professor Joseph F. Shoenfelt, formerly of the Art Department, and the rosewood turning by Professor Emeritus William D. Todd, Technology Department.

Hail
OSWEGO

Voices fill the air

Singing reverently

Pledging our school fair

Truth and loyalty

This our song we raise

In her name and praise

Oswego, Alma Mater

Hail to thee!
